

If you are not currently at a university and the below situation applies, you will need to speak to Counseling first.

- student is challenging Math 150 (to enroll in Math 151)
- student is challenging Math 151 (to enroll in Math 252, 254, or 245)

You will need to speak with Counseling first before I can administer a challenge exam for the level that you are requesting. After you speak to Counseling, then Counseling will forward the request to me for further processing.
