Graham Barnes

Web Developer

xxxxxxxxxx | Denver, CO | Graham@EXAMPLE.COM | www.linkedin.com | github.com/YourUsername

Objective

To obtain a challenging web developer position in a dynamic and innovative organization where I can utilize my technical and creative skills to develop and maintain responsive, user-friendly, and visually appealing websites.

Skills & abilities

Proficient in a range of programming languages, with experience in developing and maintaining responsive, user-friendly, and visually appealing websites using modern web development frameworks and tools.

Experience

Proseware, Inc.

Front-end web developer | September 20XX – August 20XX

- Develop and maintain responsive, user-friendly, and visually appealing websites using programming languages.
- Collaborate with cross-functional teams to optimize website performance, user experience, and SEO.

Adantum Corporation

Full-stack web developer | December 20XX – September 20XX

- Built and maintained scalable and secure web applications.
- Designed and implemented custom CMS solutions to meet clients' unique requirements, resulting in increased efficiency and user engagement.

Education

Glennwood University

Boulder, CO | BS in Computer Science

Earned a 3.8 GPA and completed relevant coursework in web development, database management, and software engineering.

Projects

E-Commerce Website
Built a responsive e-commerce platform with secure payment integration, user authentication, product management, and real-time order tracking, ensuring optimal performance and cross-browser compatibility.

Communication

Excellent communication skills enable me to collaborate with clients, stakeholders, and cross-functional teams to deliver high-quality results.

Leadership

Mentor junior developers, coordinate project tasks, and implement best practices to ensure timely delivery of high-quality web applications.
