CHRIST IS RISEN, HE IS RISEN INDEED!

We have all raced as kids up hillsides, on beaches, across fields.
My brother outran me once to a jetty on a beach in Long Island,
and suddenly stopped at the rocks. I caught up and saw him
staring in wonder at a beautiful tan starfish that had washed up
from the water. "Now that is a sign of God", he said looking up at
the sky.

Peter and John had their own race to the tomb on Easter morning,
and their own sign of enormous significance from God. At the first
sight of the empty tomb, they did not realize the fulfillment of Jesus
promise that he would rise on the third day. Then John, the first to
believe, went inside the tomb and was overwhelmed with the truth
of the Resurrection. He saw and believed. It is a phrase that must
be repeated endlessly in our own lives.

Let us recall that they may have lingered a moment there and
examined the burial cloths. They would have noticed the faint
imprint of the scourged body of our Lord with its nail marks and his
face marred by brutal suffering. This cloth was kept as a sacred
relic and is the venerated Shroud of Turin. The resurrected Christ
will never keep us far from the signs of the Passion he suffered for
us.—Fr. Donald Haggerty.

A Holy and Happy Easter to all!
