Synopsis: You arrive at the helipad that the Outcast directed you towards. On it stands a large, fancy helicopter...the kind you'd expect a CEO or wealthy philanthropist to travel in. And speak of the devil! There's a sharply-dressed woman standing next to the helicopter, giving orders to the pilot as they make their final preparations before takeoff. The woman matches the description that the Outcast gave you. As you approach, her words echo in your head: "give her a taste of her own medicine".

Speaker Tone/Personality: As befitting her role at the company she owns, the CEO is a confident, calculating woman who holds a commanding presence wherever she goes. Despite the problems that GWA's failed fertility drug has caused for humanity, the CEO has devoted herself to finding a solution...in a way that maximizes shareholder value, of course! Everyone and everything is a tool to her; and if a tool doesn't "work", then she'll find a way to repurpose it.

[setting is a helipad in the city]

Alright pilot, talk to me...

Are your preparations complete?

[short pause] Good. Be ready for take-off in...wait a minute.

It seems we have a visitor...a MALE visitor...how intriguing.

And those clothes...looks like you came from one of our labs.

Well, one of MY labs...I am the owner of the company, after all.

Small world, wouldn't you say? So tell me...

...Who are you? And how did you get here?

[short pause] Not the talkative type, I take it...

Is it because you're afraid? Do you not trust me?

I imagine you've had your fair share of "encounters" with other women...

...Some good, some not so good. Am I right?

[short pause, followed by a giggle] That look on your face says it all.

It's not often that I'm wrong about something...or someone.

In any case, you have nothing to fear from me. I'm different from the others, I assure you.

In fact...I'd like to take you on a little trip.

You see, we've built a new research center, on the outskirts of the city.

The work performed there will be quite valuable, indeed...

...So long as the board stops breathing down my neck about...n-never mind.

I won't trouble your ears with that bit of nonsense.

My point is, I'm due for a visit to this facility, and you're coming with me.

My private helicopter's all fueled-up and ready to go.

Driving is far too...pedestrian for someone of my stature...

I prefer to travel in style. And now you'll have the privilege of doing the same!

Just take my hand, pet, and we'll be off.

Come now...be a good boy, and do as I say.

I promise you'll enjoy your time there, as we---OW! What the!?

You little brat! What the hell did you stab me with!?

[short pause] This...this liquid...could it be...

Wh-where did you get this!? Do you have any idea what you've done!?

This can't be happening...the antidote! Where's my antidote!?

I have to inject myself with it before...before...oh no...

My body, it's...like, um...totally changing...n-no!

I have to fight it! I'm stronger than this! I'm a billionaire, for Christ's sake!

And the ONLY one who can save this world, from the mess it's become!

I will NOT let this damn virus...take...me...

Damn it! I'm having trouble thinking straight! It feels like I'm getting...dumber...

And now someone else is approaching? Wait...I recognize her...

Isn't she the troublemaker that I sent to the...Machine? Machinist? Machismo? Machete?

Ugh...words are hard...thinking is hard...I can't remember...wait...where am I?

What was I talking about? Oh...hey there, dude...[giggle]...I didn't notice you before!

You're really hot...like, really, REALLY hot...you been here this whole time?

[short pause] You have!? Well, why haven't we fucked yet!?

Here, lemme pull out your dick! I wanna see your dick! Right now!

[short pause] Heyyy! Let go of my hands! Why are you pushing me away!?

Don't you wanna fuck!? Don't you wanna give me your cum!?

ALL of your cum!? Every last drop of your warm, delicious seed!?

[short pause] "No"!? "NO"!? Well, why not!?

I want your cum! I...I need it...

My body's ACHING for a hot, thick load in every single one of my holes...

Is it because you're tired? That's okay! I'll suck you off!

You can just stand there! I'll get on my knees, and do all the work!

Just so long as you empty your balls in my mouth!

Please let me suck your cock! Please please please! I'm DYING here, man!

All I can think about, is what your cock looks like...

...And how it'll feel inside my mouth...

...And how tasty your cum will be, when it slides down my throat...

I'll do anything...ANYTHING! I mean...I don't know how to do much, besides suck and fuck...

...But still! Anything you want! I'll do it! Pleaaaase!

Just let me take your cock out, so I can blow you!

I'm DESPERATE...I don't know what I'll do, if I don't get your cum...

It feels like I might die, without it! Please...PLEASE let me suck your cock!

I'm begging you! Let me suck on your dick!

[short pause] You...you will!? Oh my God, yes! YES!

There's no time to waste! I'll unfasten your pants right now, and...huh?

What's this...zippy-looking metal thing?

It's in the way of me taking out your cock!

[short pause] It's called a "zipper"? Well, how does it work?

Do I just...pull on it? [gasp] It worked! I'm a genius!

[short pause] Holy shit...THIS is what your cock looks like!?

This is the best cock I've ever seen! Like, BETTER than the best!

I give it a...what comes after the number 10? [short pause] 11?

Right! Your cock's a...11 out of 10! [yes, I put "a" instead of "an" on purpose...she's supposed to be dumb at this point]

Now hold still, while I suck on this thing...

[improv blowjob]

Yeah, lemme slobber all over this cock...

[improv cont'd]

...Swirl my tongue around your shaft...

[improv cont'd]

I'll suck on your balls, too...

[improv cont'd]

...Play with them, in my mouth...

[improv cont'd]

Oh my God...they feel so warm and heavy...

[improv cont'd]

Every inch of you tastes so fucking good!

[improv cont'd]

More...I want MORE!

[improv cont'd]

I'm drunk on your hard, throbbing cock!

[improv cont'd]

I can't stop slurping it...I don't wanna stop!

[improv cont'd]

All I wanna do, is suck your dick and swallow your cum!

[improv cont'd]

Gimme your cum! Empty your balls into my mouth!

[improv cont'd]

Shoot a load of sperm down my throat!

[improv to listener orgasm]

[swallowing and gulping]

Oh yeah...that's the good stuff!

FINALLY I get to swallow your cum...

...And lick it off of my lips...

[licking] Tastes sooooo good...

Thanks, dude! You're a total lifesaver!

Can we, like, be friends or something?

Or I could just follow you around, and...ya know...

...Make you cum again, and stuff. Pleaaaaase?

[short pause] "Heli...copter"? What's that?

[short pause] Ohhhh, THAT'S what that big thing is!

I wondered why that was there...what's it do?

[short pause] It flies!? No way! You're lying, you big...sexy...liar-person!

Only birds can fly! Everyone knows that!

[scoff] You're crazy...so, uh...about your cum...

When can I have more of it!?

In 10 minutes!? In 30 minutes!? Is there anything that comes after "minutes"?

[gasp] You're not gonna make me wait an entire jumbo-minute, are you!?

That'd be soooo unfair! I can't wait that long!

Wait...where are you going!? Come back! COME BACK!
