

Grading Scale

Grading Scale

Grade cards will be given to students approximately one week following the end of each nine-week period's intersession. At the end of each semester the honor roll is reported. Students are eligible for the honor roll if they have a 3.5 average for the grading period. Students who have a 4.0 average will receive special recognition.

A student's Grade Point Average (GPA) is determined by placing a numerical value to the semester grade in each subject. The numerical value of each letter grade is: A=4, B=3, C=2, D=1, F=0. "Weighted grade" scale (A=5, B=4, C=3) for AP classes only.

A student who fails to complete and submit a portfolio writing assignment in any class will fail that class.
