

Firyad Hawezi

Dr Firyad Hawezi is a consultant haematologist at Sheffield Teaching Hospital in London. He is affiliated with the Royal College of Pathologists.

Dr Hawezi has been involved in discussions about Thalassemia in the Kurdistan Region. These discussions have focused on reducing the number of people who carry thalassemia in the region.

In addition to arranging workshops and giving seminars, Dr Hawezi and his spouse are very active charity workers providing Kurdistan hospitals with the latest medical equipment and medicines.
