

**For Cash Payers: Our Sliding Scale Approach  
Quimper Lactation**

At Quimper Lactation, we believe that **everyone has the right to affordable, compassionate lactation support** and that financial resources should not be the only determining factor in whether someone can access our services. To that end, we offer a managed Sliding Scale that allows for our services to be obtained at multiple price points based on clients' financial circumstances.

**PERSONAL FINANCIAL EXPERIENCE**

\*BASIC NEEDS include food, housing, and transportation. \*\*EXPENDABLE INCOME might mean you are able to buy coffee or tea at a shop, go to the movies or a concert, buy new clothes, books, and similar items each month, etc.

designed by Alexis J. Cunningham | [www.wortsandcunning.com](http://www.wortsandcunning.com)

The image above contains three bottles, each containing descriptions of financial experience. The bottle on the left (Tier 1) represents the upper end of the spectrum. Families that identify with the statements in Tier 1 qualify to pay for the full cost of

services. The bottle in the middle (Tier 2) represents folks who can sometimes pay the full cost of services, but at other times this is a hardship for them. They qualify to receive services at a reduced cost. The bottle on the right (Tier 3) represents the lowest end of the sliding scale. Folks that identify with the statements in Tier 3 qualify to purchase services at the bottom of our price spectrum.

**Consult prices according to Sliding Scale**

**In-person home visits**

	<b>Tier 1 (full price)</b>	<b>Tier 2</b>	<b>Tier 3</b>
Initial consult (90 mins)	<b>\$210</b>	<b>\$160</b>	<b>\$110</b>
