

The information provided by this Application is for entertainment only and is not intended as advice.

We do not guarantee the accuracy of – and will not assume any liability for adverse reactions to actions or activities based on – the information provided by this Application.

Privacy Policy:

The app require a minimal set of permissions.

- ✱ We ask for the camera permission because the app uses the camera's device to scan product's barcode.

- ✱ We ask for internet permission because the app seeks the information from OPEN FOOD FACTS database.

You can change the permissions that apps can access in the main Settings app on your device at any time. Keep in mind turning off permissions may cause apps on your device to lose functionality.

- ✱ We also use the `com.google.android.gms:play-services-ads` to serve ads in the app. This SDK may collect certain user data such as Advertising ID, Android ID, and IP address for ad personalization and measurement purposes. Please refer to the documentation for these SDKs for more information.

SECURITY :

The application does not collect any information, whether personal or not.

The data of the application (list of allergens, preferences, list of scanned products ...) are treated only in the application in private and are not shared in any case.

However the google ads SDK uses cookies and some personal data for personalization of ads.

DATA RETENTION:

The app uses Google Admob's service for ads, therefore, this service **collects, shares, and/or uses data collected**.

CHANGES IN THIS PRIVACY POLICY

If we decide to change our privacy practices, we will post those changes to this Privacy Policy, the home page, and other places we deem appropriate so that you are aware of what information we collect, how we use it, and under what circumstances, if any, we disclose it. We reserve the right to modify this Privacy Policy at any time, so please review it frequently.
