Career Project Slide Outline

Create a presentation using Google Slides, Prezi, or any similar presentation medium you choose, to record the information you have gathered in the research process. Please check out this [example](#) to see what your presentation could look like. Record ALL sources used for EACH SLIDE using footnotes instead of a Work Cited Slide. Use [this template](#) for reference.

Use the following outline to organize your findings (anything in bold is copied directly to your slides):
