

Families,

Kids Heart Challenge is On Fire!

Our students are fired up about passing the torch to teach others about heart and brain health. We are half-way through our Kids Heart Challenge Adventure and if you haven't already, the time is now to join the adventure!

Frankie and the KHC Dragons are taking OUR students all around the world to learn the importance of heart and brain health along with the rewards of helping others and making an impact for the mission of the American Heart Association.

Take flight by completing Finn's Mission – just register online and complete the challenges. Your whole family can learn **Hands-Only CPR** and the **Signs of Stroke**. Click [HERE](#) to learn more about our heart survivor Finn.
