

# Geography

## Levels Available

Advanced Higher (S6)

## Entry Requirements

- Higher Geography - Grade 'A' or 'B'.

## Description

The main aims of this Course are to enable learners to:

- understand the ways in which people and the environment interact in response to physical and human processes.
- study spatial relationships to develop a balanced and critical understanding of the changing world.
- further acquire a geographical perspective on environmental and social issues and their significance.
- further develop skills of independent research, fieldwork, analysis, synthesis, evaluation and presentation.
- further develop skills and techniques to collect, extract, analyse and interpret information to explain geographical phenomena using appropriate terminology.
- further develop expertise in the use of maps, diagrams, statistical techniques and written accounts.
