DESCRIPTION D'ÉVÉNEMENT / EVENT DESCRIPTION

En 2021, Mandoline Hybride lance une série de rendez-vous mensuels pour mieux comprendre la culture mi'kmaq en général. Le dernier dimanche de chaque mois sur Zoom, de 16h à 18h, nous partagerons un moment chaleureux et informel en compagnie de l'artiste et enseignante Darlene Gijuminag, qui nous invite à découvrir le dialecte mi'gmaq/mi'gmaw/micmac de Gasgapegiag, un des nombreux dialectes de la communauté mi'kmaq plus large. Ces sessions sont gratuites et ouvertes à toutes les personnes qui désirent en savoir plus sur la culture mi'kmaq, échanger sur les réalités autochtones et allochtones, ou tout simplement apprendre quelques mots en langue mi'kmaq. Les échanges auront lieu majoritairement en anglais, avec une attention particulière à garder une fluidité avec le français et la langue mi'gmaw. //

In 2021, Mandoline Hybride is launching a series of monthly meetings to better understand Mi'kmaq culture and language. On the last Sunday of each month on Zoom, from 4 p.m. to 6 p.m., we will share a warm and casual moment with artist and teacher Darlene Gijuminag, who invites us to discover the Mi'gmaq/Mi'gmaw/Micmac dialect from Gesgapegiag. These sessions are free and open to anyone wishing to learn more about Mi'kmaq culture, discuss Indigenous and non-Indigenous realities, or simply learn a few words in the Mi'gmaq language. Discussions will take place mainly in English, with particular attention to maintaining fluency with French and Mi'gmaq language.

À PROPOS DE / ABOUT DARLENE JEROME «GIJUMINAG»

Musicienne et chanteuse professionnelle basée à Gesgapegiag, Darlene a aussi mis sur pied de nombreux projets collectifs dans la région. C'est avec humour, passion et générosité qu'elle nous propose différentes manières d'aller à la rencontre les un.e.s des autres, à travers son riche bagage culturel et son expérience d'enseignante. De passage à Salon58 en novembre 2020, Darlene a fait la rencontre de Priscilla Guy. De leurs discussions, le projet a émergé tout naturellement. Pour les personnes qui ont demandé où voir les performances musicales de Darlene, voici deux liens. //

Professional musician and singer based in Gesgapegiag, Darlene has also set up many collective projects in the region. It is with humor, passion and generosity that she offers us different ways to meet one another, through her rich cultural background and her teaching experience. Visiting Salon58 in November 2020, Darlene met Priscilla Guy. From their discussions, the project emerged quite naturally. For people who have wondered where to see Darlene's musical performances, here are two links:

À PROPOS DE / ABOUT MANDOLINE HYBRIDE

Depuis plusieurs années, à travers une démarche de décolonisation de ses pratiques, Mandoline Hybride s'appuie sur un engagement éthique fort pour mettre en branle différentes initiatives. Celles-ci sont issues d'un désir d'aller à la rencontre des communautés autochtones, de reconnaître les violences dont ont souffert les premiers peuples, de soutenir les luttes décoloniales et d'être un vecteur de changement dans le milieu culturel. //

For several years, through a process of decolonizing its practices, Mandoline Hybride has relied on a strong ethical commitment to set in motion various initiatives. These stem from a desire to meet indigenous communities, to recognize the violence suffered by the first peoples, to support decolonial struggles and to be a vector of change in the cultural milieu.

*at the fire we add tobacco for gratitude / près du feu on ajoute du tabac par gratitude

Sipu = river - rivière

Guntew = rock - roche

*Roches = aussi grands-pères et grands-mères de la terre mère / referring to grand-mothers and grand-fathers of mother earth.

ANIMAUX / ANIMALS

Gitpu = eagle - aigle

The eagle is a messenger, it also gives confirmation.

To receive an eagle feather we must earn it, and that is usually through your way of life that you earn it.

Eagle feathers are used for fanning in ceremonies.

Sometimes people will have one feather, and sometimes will have a whole eagle wing - used during ceremonies.

Most of the time, someone will give it to you, and sometimes you will find one.

Eagle feathers are used to heal, emotionally and spiritually, reconnect within ourselves, and confirmations.

You only wear feathers on your head during ceremony, and you use red fabric, which is the color of mig'maw people.

And it does not matter who you are, it is indigenous spirituality but ceremonies are open to non-indigenous people also.

A crow is a listener and it also talks - the medicine or the spirit of the crow is a good teacher.

Muin = bear - ours

Muin is strength. Because they are strong. They'll do anything to take care of their own.

Bear oil is medicine used for eczema (for example for children), dry skin.

Can be used on hair to help the growth.

Bear fat is used to make oil - other people also eat the meat

Tiam = moose - orignal

The moose is hunted once a year - just like for any animal, there is a season.

October and November, and sometimes December.

Youths are trained to hunt in the community.

Smuging and tabaco offering during the hunt.

Half of the moose goes to the community, and the other half goes to the person who hunted it.

Youths learn how to skin the moose and how to butcher the meat.

The hide is stretched and cleaned.

Once the hide is dry, we can make drums, snowshoes or rattles.

Lmuj = dog - chien
Gajuewj = cat - chat
Lentug = deer - chevreuil
Migijj = turtle - tortue
Pagtesm = wolf - loup
Wowgwis = fox - renard
