

★ Privacy policy for Suzuki Iris on Discord

★ Last update: 17/11/2024

Thank you for using the [Suzuki Iris](#) Discord Bot, developed by [ATELIER](#). This privacy policy explains how the Bot operates, what data it may access, and the measures taken to protect users' privacy while using the Bot on Discord.

1. Information Collection and Use

- **No Personal Data Collected:** The Suzuki Iris Bot does not collect, store, or process any personal data, including but not limited to usernames, messages, or any personally identifiable information.
- **Commands and Interactions:** The Bot operates solely based on interactions initiated by users within Discord servers. Any data processed during these interactions is used solely to provide the requested functionalities and is not retained or logged.

2. Data Processing

- **Temporary Data Handling:** The Suzuki Iris Bot may temporarily process data provided during its usage (e.g., commands or inputs given by users) in order to deliver the relevant response. Once the response is provided, the data is discarded.
- **Data Security:** While no personal data is stored or retained, we take the security of all interactions seriously. The Bot adheres to best practices to ensure a safe environment for users.

3. Third-Party Services

- **No Sharing with Third Parties:** The Suzuki Iris Bot does not share any data with third-party services or organizations. All data processing occurs solely within Discord's infrastructure.

4. Use of Discord Permissions

- **Scope of Permissions:** The Suzuki Iris Bot may request certain permissions within Discord servers to perform its functions effectively. These permissions are limited to what is necessary for proper operation and can be adjusted by server administrators.
- **No Excessive Access:** The Bot does not seek or require access to sensitive server data or private user data.

5. Changes to This Privacy Policy

- We may update this privacy policy from time to time to reflect changes in the Bot's operation or to comply with legal requirements. We will notify users of any significant changes by posting the updated policy.
