

Unit 5 Family Feud Review Game

Object of the Game

Answer review questions for your team to get the highest score and win the game.

How to Play

Divide into two teams. One person from each team must go against one another to answer a review question. Both players have the opportunity to answer.

The moderator will read a question from the sheet provided. Players will be given 15 seconds to write down their answers on a dry erase board. If they get the question right their team earns the points for that question.

Questions should be asked in the order on the sheet. Point values and difficulty of questions increase as the game progresses.

Recitation Bonus!

These are questions in which the answer is one of the Summer Study memory passage references. The player must first answer the question correctly. He/she will then have the option to recite the passage to receive up to 500 bonus points. If both players get the answer correct, they may both choose to recite. If you are concerned that the second player to recite has an advantage after hearing the first player recite, you may have the players stand in another room or a hallway so they cannot hear each other.

Perfect Recitation: add 500 points

Errors: deduction of 100 points per error

Negative Points: A player can receive a negative score of up to -500 that will be subtracted from their team's total score.

Recitation Scoring Table

0 errors = +500 points
1 error = +400 points
2 errors = +300 points
3 errors = +200 points
4 errors = +100 points
5 errors = +/-0 points
6 errors = -100 points
7 errors = -200 points
8 errors = -300 points
9 errors = -400 points
10+ errors = - 500 points

The NBB Proclaim Day Scoring Guidelines document (found on the dashboard) should be used to determine what counts as an error.
