

## **Georgia Surprise Billing & Good Faith Estimate Notice**

Pursuant to the **Georgia Surprise Billing Consumer Protection Act** and the Federal **No Surprises Act**, you are protected from "balance billing" (surprise medical bills) for emergency services and certain non-emergency services provided by out-of-network providers at in-network facilities. For these services, you should only be responsible for your in-network cost-sharing amounts.

Additionally, if you are uninsured or planning to pay for services yourself (self-pay), you have the right to receive a **Good Faith Estimate** of the total expected cost of any non-emergency items or services before they are rendered. This estimate is based on information known at the time the estimate was created.
