Surviving an every changing CTE class and making connections that matter!	Financial Fitness: Your Pathway to Retirement	AI in Education	FCCLA Games

Surviving an ever changing CTE class and making connections that matter!

In a rapidly changing educational landscape, Career and Technical Education (CTE) instructors find themselves facing unique challenges within their classrooms and labs. Join us for a captivating presentation, ""Navigating the Upside Down: Surviving the CTE Classroom/Lab in Today's World,"" where we delve into strategies and insights to thrive in this dynamic environment.

Explore innovative teaching methods tailored to the modern era, incorporating technology, industry trends, and the evolving needs of students. Uncover how to adapt your curriculum to prepare students for success in a world that seems to be constantly turning upside down. From integrating real-world scenarios to fostering resilience in both educators and learners, this presentation aims to equip CTE professionals with the tools needed to excel in today's ever-changing educational landscape.

Whether you're an experienced CTE instructor or just starting your journey in career-focused education, this presentation promises valuable takeaways to enhance your effectiveness, engage your students, and navigate the challenges of the contemporary CTE classroom. Join us as we embark on a journey to not only survive but thrive in the Upside Down world of CTE education.

AI in Education

AI OWL is a State of Ohio TechCred Provider in collaboration/partnership with the Builder's Club of Somerset, Intel, and Khan Academy. Our AI for Education presentation focuses on how teachers and students can responsibly utilize AI as a tool to respectively enhance their abilities to teach and to learn.

Financial Fitness: Your Pathway to Retirement

A representative will provide an overview of STRS Ohio benefits, budgeting and debt-slashing tips, and supplemental retirement savings options. The session will also include a pension system update.

What's a Journey Without Some Fun Games?

Are you ready for FCCLA fun? Join us on an exciting journey where you'll discover new games to add excitement to your chapter meetings and help your officers learn more about FCCLA. Get ready to "win" at FCCLA and boost your chapter's engagement and enthusiasm with these fun and educational activities!

Concurrent Sessions #2

<u>Birch 4</u>	<u>Dogwood 1</u>	<u>Dogwood 4</u>	<u>Hickory 1</u>
PBIS Strategies to improve behaviors	Retirement Countdown	Teaching Nutrition	Toys that Teach

PBIS Strategies to Improve Behaviors

We will discuss Positive Behavior Intervention Strategies (PBIS) in ECE. What does this look like in the classroom? The new Inclusion Credentials (PECIC). We will share techniques for daily schedules, visual schedules for individual children, social-emotional check-ins, breathing strategies, Classroom reward systems, Job Boards, and Transitions.

Retirement Countdown

A representative will walk through the online Service Retirement Application, review key dates and processing timelines for retirement, Plan of Payment and STRS Ohio health care options. This session will also include a pension system update.

Teaching Nutrition

This session will provide fun and memorable methods to teaching nutrition and purchasing nutritious foods through WIC and SNAP. This session will provide brief information about WIC and WIC services.

Toys that Teach

Dive into the world of educational play! Discover how toys can be powerful tools for teaching essential skills. Engage in hands-on activities, unleash your creativity, and master the art of skill demonstration.

OATFACS Summer Conference

Concurrent Sessions #3

<u>Birch 4</u>	<u>Dogwood 1</u>	<u>Dogwood 4</u>	<u>Hickory 1</u>
NGPF MOVE Activities: Learn By Doing	Sewing 101	Enhancing Your ECE Curriculum with EdRising Competitions	Integrating Ethics into the Classroom: Empowering Middle School Students Using Ethical Leadership Resources

NGPF MOVE Activities: Learn By Doing

Do you want to make your lessons more engaging? Do you ever feel like students are SITTING too much?! In this session, we will explore NGPF's "MOVE" activities to get students learning personal finance topics while physically moving around the classroom. You will learn lessons you can implement today!

Sewing 101

You'll learn how to teach some basic hand-sewing skills in this hands-on session. Participants will sew a whip stitch and attach a button and loop to make a fleece fabric wallet. Project instructions and teaching tips provided.

Enhancing Your ECE Curriculum with EdRising Competitions

Participants will learn how to use Educators Rising Competitions to excite ECE students about teaching and education careers. Experienced Teacher Leader will share tips and ideas to integrate the Education and Training Standards with EdRising competitions. This session will be helpful for new teacher leaders to learn about the types of competitions available and for experienced teacher leaders who want to help students find success at competing.

Integrating Ethics into the Classroom: Empowering Middle School Students Using Ethical Leadership Resources

Research shows that ethical behavior influences students' character development and decision-making skills. Fostering a culture of ethical principles helps students make good decisions. Come learn about principle-based ethics education and how to gain FREE access to various classroom resources, including an Ethical Leadership Course Guide, lesson modules, and more!

OATFACS Summer Conference

July 28-30, 2024

Nationwide Conference Center

Lewis Center, Ohio

4:15 PM- 5:00 PM

Concurrent Sessions #4

<u>Birch 4</u>	<u>Dogwood 1</u>	<u>Dogwood 4</u>	<u>Hickory 1</u>
Ohio Beef	Kitchen Safety with Mysterious White Powders	Organize Your Work to Reduce Overwhelm	Exploring FCCLA's New Families First National Program

"Beefing Up Your Curriculum: Integrating Ohio Beef Council Resources into Family and Consumer Sciences Education"

Join us for an engaging where we will introduce the newest resources from the Ohio Beef Council. This presentation will provide you with information to enhance your lessons, covering key topics such as the beef life cycle, beef nutrition, cooking techniques, and sustainability practices. Discover how to bring the farm-to-table journey to life in your classroom and equip your students with a deeper understanding of beef production and its role in a balanced diet.

Kitchen Safety with Mysterious White Powders

Welcome to an engaging and educational session designed to teach kitchen safety through a fun and interactive activity involving various white powder substances! In this session, participants will learn about the importance of kitchen safety, proper handling of ingredients, and the potential hazards associated with common white powders found in the kitchen.

Organize Your Work to Reduce Overwhelm

Teachers deal with more administrative tasks each year, which can feel overwhelming and lead to burnout. Improving executive function through a variety of strategies can help decrease feelings of overwhelm and burnout. Come learn the Teacher Workbox system, which helps to manage administrative tasks, improve organization, and reduce task switching.

Exploring FCCLA's New Families First National Program

Join us for an engaging and informative session as we delve into FCCLA's new Families First national program. Designed to strengthen the family unit, this program focuses on building better family relationships, improving family communication, and fostering a supportive family environment. During this session, participants will explore the key components of the program, learn about the latest resources and activities, and discover how to implement these initiatives in their local chapters. Gain valuable insights and practical tools to support families in your community and enhance your FCCLA leadership journey. Don't miss this opportunity to make a positive impact on the lives of those around you!
