SURROGACY

---

Leah is a 35 year old, married, caucasian female who has no preference in the family that she carries for. Leah lives in Central, SC with her husband, Justin, and their three children and Justin's daughter from a previous relationship.

Leah is 5'8" and weighs 124 pounds and has a BMI of 18.9. She speaks English and is a US Citizen. Leah describes herself as a people person. She stated that she has a heart for helping others. Leah likes to be outside and go hiking, bike riding, garden and travel all over the US to visit family. She loves to be with her family and is currently homeschooling her youngest two children.

Leah does not have insurance. A policy will need to be purchased to cover the surrogacy pregnancy.

Leah is a stay at home mom. Justin owns his own roofing estimate company where he makes \$90,000 a year.

Leah received her GED in 2009. She did not attend college and has no plans to pursue a degree.

Leah has never been a surrogate or an egg donor. Leah has had three pregnancies and has never had an abortion or a miscarriage. Leah has never placed a child for adoption and does not have any deceased children. Her first child, a daughter, was born December 7, 2010. She weighed 7 pounds 14 ounces and was born at 39 weeks. Her second child, another daughter, was born on August 28, 2012. She weighed 7 pounds 14 ounces and was born at 39 weeks. Her last child, a son, was born on February 9, 2014. He weighed 8 pounds 4 ounces and was born at 39 weeks. All three children were born via vaginal delivery and are healthy with no psychological or behavioral problems. Leah stated that there were no complications with any pregnancy or delivery. Leah is not breastfeeding, Leah has never gone through fertility treatments to become pregnant.

Leah has a regular menstrual cycle that last for 6 days. Leah states that her mother did not take diethylstilbestrol (DES) while pregnant with her to the best of her knowledge.

Leah's last pap smear was 10 years ago and the results were normal. She has an upcoming appointment for an updated pap and medical clearance on 10/14/2025. She has never had an abnormal pap smear and has never been told she has HPV to her knowledge. She has never been treated for HIV/AIDS. Leah has never suffered from depression. Leah has never been prescribed any psychiatric medications. She has never seen any mental health professionals.

# AWAIT

SURROGACY

---

Leah did have an ovarian cyst rupture that required hospitalization at 18 years old and before her pregnancies.

Leah nor Justin smoke or vape. Leah does drink alcohol occasionally but never during pregnancy. Leah denies any illegal drug use. Leah has never been diagnosed with any of the following: HPV, HSV, hepatitis C, HIV, hepatitis B, herpes, genital warts/sores, gonorrhea or syphilis.

Leah nor Justin have a legal claim/case pending at this time. She has never been arrested or had conflicts with the law, been convicted of a felony, been accused and/or convicted of child abuse or spousal abuse, lost custody of a child, been in a substance abuse program. Leah nor Justin have ever filed for bankruptcy.

Leah has discussed becoming a surrogate with her friends and family members and has a great support system. Leah has no concerns about sharing her surrogacy journey with her children. Leah states that there isn't anyone that she is aware of that is against her desire to become a surrogate.

Leah is willing to carry for any family located in the US or internationally. Leah is a vegetarian. Leah stated that she has always wanted to become a surrogate. She feels that she is healthy and strong and that this is an amazing way to help grow another family. She always wanted to be a mom and cannot imagine having her children, so now she wants to help another family feel the love of a child.

Leah is not willing to have selective reduction or an abortion for any reason other than if her life is in danger. She is only willing to transfer one embryo at a time. She is willing to carry twins and triplets. She is comfortable with the Intended Parents taking pictures during this journey. She is comfortable with the intended parents being at doctor's appointments either in person or via zoom/facetime, whichever is most convenient for the Intended Parents. For the delivery, she is ok with them being in the room while laboring but would want for them to step out when it's time to push and then they can step back in after the baby is delivered. Leah stated that she would like as much communication as the Intended Parents want or need during the journey. She would also like to stay in contact after delivery if the Intended Parents feel the same way.

Leah is not willing to receive the flu vaccine or Covid vaccine.
