Instructions:

1. Using Paper Pumpkin ink, Stamp and punch out three of the larger pumpkins. Repeat with Cajun Craze, stamping and punching out one large and two small pumpkins.
2. Using Old Olive ink, stamp and punch out six stems and leaves.
3. Attach stems and leaves to pumpkins using Mini Glue Dots.
4. Stamp sentiment onto Basic Black Cardstock with Versamark Ink, heat emboss with white embossing powder, and die cut with banner from Stylish Shapes Dies.
5. Attach DSP to Card front and die cut a circle from the center using the largest circle from the Stylish Shapes Dies. Cut an additional circle of the same size from Basic White Cardstock.
6. Fold the Basic White Cardstock (starting with narrowest section) mountain, mountain, valley, and attach to inside of card as follows: Start with the narrowest section and add adhesive to sides and bottom edge only and attach to inside of card base, lining up

against score line. There shouldn't be any adhesive on the area that shows through the die cut circle.

7. Turn the card so the front is facing down and fold the Basic White insert flat on score lines. Add adhesive to the larger section that is facing up, and then close the card carefully, making sure it will lie flat.
8. Attach the strip of Distressed Gold Specialty Paper along flat part of card base.
9. Cut a strip of ribbon a little wider than card base and color with a Paper Pumpkin Stampin' Blend. Add a glue dot to each end and adhere to back of the Basic White insert. Cut another small length of ribbon, color with Stampin' Blend and tie a knot around the first piece.
10. With the card closed, add adhesive to the bottom half of the Basic White Cardstock that shows through the die cut opening, and attach the remaining circle. Attach three pumpkins and the sentiment with Dimensionals, making sure they are not in the way of the card opening and closing.
11. Open the card and attach three more pumpkins with glue dots.
12. Embellish with Blooming Pearls.
