

玉苒廈之書沉思語錄

A Thought to Ponder from The Urantia Book

Identification

“That individuals so differ in their life performances indicates, not only the varying endowments of heredity and the different influences of the environment, but also the degree of unification with the indwelling spirit of the Father which has been achieved by the self, the measure of the identification of the one with the other.”

[133:7-11](#)

認同度

「個人在生活表現上如此不同，不僅顯示出多樣化的遺傳稟賦與環境影響的差異，也反映了自我與父的內駐之靈統合的程度，即兩者彼此的認同度。」
