## Child Care Assistance Program (CCAP)

The Child Care Assistance Program (CCAP) provides financial assistance to eligible low-income families who need child care benefits for children from birth to age 12. If you are eligible, a portion of the total child care cost will be paid. You will be required to pay a portion of the childcare costs directly to the provider based on family size and income.

Boulder County administers CCAP alongside its other self-sufficiency-supporting services. This means that we are able to more quickly connect you with other services you may need, including food and housing assistance, Medicaid, and Work Supports.

## Who is Eligible?

- Parents who are working
- Parents who are searching for a job (within State established time limits)
- Teen parents (up to age 21) in a high school diploma or GED program
- Parents needing child care for up to 24 months for post-secondary education or training (up to a 1st Bachelor's Degree or less)
- GED, ESL, or Adult Basic Education, for up to 12 months
- Families receiving Colorado Works/TANF that are completing countable work activities on their Individual Responsibility Agreement
- If applicable, parents must continue to cooperate with Child Support Services.

Families can apply for CCAP through their appropriate county (see below). For BVSD location license numbers and other CCAP details, click [here](#).
