

Student Technology Device Cart Care Tips

- Dust the outside of the cart regularly.
- Leave room around the sides of the cart to allow it to “breathe”.
- Do not stack heavy things on top of the cart.
- Only store devices and chargers inside the cart.
- Keep the device charging cords from tangling by keeping them as short as possible.
- Plug the cart in overnight. Unplug the cart during long breaks.
- You have been assigned a cart of devices. Label your cart so that you do not get your carts mixed up.
- Keep your key or combination safe!
