I accept both SFW and NSFW commissions ([see here](#) for content restrictions)

## Commission Form:

1. What is your Username and what website can I find you on most actively?
2. What E-mail may I use to send you progress/talk to you about your commission? What is your Paypal email?
3. Is there a particular time/date you would like this piece to be done by? ((Please note that deadlines WILL cost extra))
4. Will your commission be NSFW? ((Read my [Content Rules](#) if you are asking for something NSFW.))
5. How many characters will be involved in your piece?
6. What characters will be included in your piece?  
Please include as many visual references as you can of what you would like drawn. I can work from written descriptions, but prices will increase, as I am then also designing your character. Please avoid sending me backstory description, as it is not nearly as useful to the design as a few short sentences about personality, occupation, hobbies and interests.
7. How much of the character do you want drawn? (Ex; Headshot, full body Etc.))
8. What Style of Commission do you want? ((Ex Sketch, Cel Shade Etc.))
9. What will the characters be doing?  
Please do your best to describe what you want the character(s) in your piece to be doing. Please be as DESCRIPTIVE as possible! Adding links to reference pictures help speed the process along and are very helpful. If you are unsure or want to leave it up to me to decide, please say so below.
10. Please describe in one word the 'mood' or 'attitude' of either the overall piece or character.  
((Example; Romantic, Sassy, Dangerous))
11. What Kind of background will be included. ((Only fill this out if you want a background.

backgrounds DO cost extra.))

Please do your best to describe the background/setting. Including links to reference pictures is very helpful. The price of a background varies by complexity and render. If you do not want a background, please say so.

12. Is there any additional information I must know about your piece?

- a. -If there is anything that did not get included in the previous questions, please use this opportunity to include anything else you would like.
