

VeriSafe Rewards

Introducing VeriSafe Rewards. A feature that allows holders to be rewarded with VSF for depositing and holding VSF in a “safe” for a period of 4 weeks. Our first installment of this reward system will begin on June 1st, on which date all who choose to participate will need to have their deposits locked in to be eligible to receive the reward. From now until June 1st, deposits to the safe can be made directly from the VSF wallet using the recently added “Get VSF Rewards” button.

Once June 1st hits, no additional entries will be eligible and your tokens will enter a minimum 4 week “lockup” period. (If you send after June 1st, you will be eligible for the following month’s entry.) At the end of the 4 weeks, all who have participated will receive their tokens back, plus an additional percentage proportionate to the amount they contributed to the pot. The VeriSafe team is collectively adding 50,000,000 VSF to this pot, yet will be ineligible to claim.

In order to participate, you must have deposited no less than 10,000,000 VSF via the wallet by June 1st. You must also not reclaim your VSF for a period of 4 weeks following June 1st. The total amount you contribute to the pot is at your discretion, the more you contribute, the larger the reward you will receive.

We will carry out this reward system for months to follow, each month we will begin a new cycle, until further notice. Amount contributed by VeriSafe is subject to fluctuate from month to month based on market conditions and value of VSF.

To see how much has been contributed to the pot at any given time, use this link:

<https://etherscan.io/token/0xac9ce326e95f51b5005e9fe1dd8085a01f18450c?a=0x32f4329c522374b4bfcfdfb4a6f956c2c57e246b>

Do not send tokens manually to the address to take part, please only use the VeriSafe wallet provided.

Thank you to all who participate. -VeriSafe Team
