...And I'm sure you and <dog's-name> will love this.

Hey <given-name>,

I drafted you an outline using the "Temptations reloaded" mechanism.

A technique for luring more couples in by connecting with prospects,

A boost to your Instagram page to increase your audience's engagement,

And how "Godfather of Seduction" Jeff Ross drew in his audience.

Send me a reply to turn your audience into clients before your competitors charm your audience.

Hope you and <dog's name> have a happy new year!

Kind regards,

Harith
