

ST. MARY'S SCHOOL

Dear Parents,

Winter is close at hand and that means potential snow days for our students. The MN Legislature has all schools implementing e-Learning days. St. Mary's School will implement these days on the fourth through the eighth snow days of the year. Enclosed is an e-Learning CHOICE card that you are to keep in a safe place at home for the potential snow days. The students will also receive a CHOICE card that they are to **keep** in their parent/communication folder.

The students are to follow the directions at the top of the card and complete one assignment from each column. Some activities involve using online apps or websites and some do not. Students are to bring completed assignments back to school the following school day with the CHOICE card. Please make sure a parent has signed and dated the box completed and the child has colored in the box. Each box can only be used once. Along with the CHOICE card, we are required to keep a record of assignments completed. To satisfy this requirement, please have your child fill out the Snow Day CHOICE card recording sheet and return to school the following day with the CHOICE card.

Teachers may be reached by school email from 9:00 AM to 3:00 PM if there are any questions on the assignments.

Thank you for your help with this,
Mrs. O'Halloran
