Process

Me and you will discuss your commission and what you want from it and I will let you know the price. I will doodle up a very quick and messy concept sketch and you will let me know if this is similar to what you want. I can do as many of these super simple concept sketches as desired until you settle on one you like.

After this you can pay half of the price(or in full if you prefer.)

After this I will get to work on the actual sketch. Once done, I will send the completed sketch to you for confirmation. You can ask for revisions, but you are limited to 3 and they must remain within reason. Once you confirm you are happy with the sketch you will pay the rest of the commission price.

I will send you progress updates for each stage in the commission for approval and any revisions relating to that stage (lineart tweaks for lineart, color tweaks for coloring).

Once fully complete I will send you the final piece in both a watermarked and unwatermarked version.

Terms

I reserve the right to refuse any commission for any reason.

If you are using my art for commercial use, such as an album cover, merch, or branding, please let me know beforehand as commercial use comes with a flat \$25 fee.

You are free to turn my art into physical objects or personal merch as long as you are not making a profit off of it.

You are never permitted to put my art through AI-generation, use it to feed AI, or anything else of the sort.

I am okay with editing the commission in minor or reasonable ways. However, please do not edit my art to be offensive, crude, or otherwise inappropriate.

Refunds

I do not do refunds under any circumstances UNLESS I am for some reason unable to complete your commission due to circumstances on my part.
