

**Zach Meyer, he/him/his**

I have worked in healthcare staffing for nearly ten years with AMN Healthcare almost exclusively focusing on PTs, OTs, SLPs, PTAs and COTAs. I have recently moved into a role where I specialize in working with newly graduated therapists to step into contract travel roles in all 50 states and all settings. I currently live in the Midwest, traveling myself whenever possible and spending my remaining time with my partner Dulcy and our daughters aged nine and one and half!
