

Name \_\_\_\_\_

New School Day – Elapsed Time Task

Activity	Start Time	Stop Time
	9:00 a.m.	
		2:42 p.m.

**Criteria:**

Lunch starts at 12:12 and is 32 minutes long.

You must have gym, recess, science, math, language arts, social studies, and art.

You must spend at least ten minutes on each activity and at most one hour and ten minutes.

Group Members \_\_\_\_\_ Group Questions

Circle your name. Make sure you make your thinking visible below.

1. Which group member's schedule had the class members spend the least amount of time on science? How much time did they spend?
  
  
  
  
  
  
  
  
  
  
2. Which group member's schedule had the class members spend the most amount of time on art? How much time did they spend?
  
  
  
  
  
  
  
  
  
  
3. Did any member's schedule have the class spend more time in gym than in reading? If so, whose? How much more time?
  
  
  
  
  
  
  
  
  
  
4. Did any group member's schedule have the class spend less time in math than Mrs. Proffitt's schedule? If so, whose? How much less time?
  
  
  
  
  
  
  
  
  
  
5. Which schedule in your group has the most variety in subject lengths?
  
  
  
  
  
  
  
  
  
  
6. Look at Mrs. Proffitt's ending time for reading and your ending time for reading. Which group member's schedule ended reading at a time farthest away from Mrs. Proffitt's ending time for reading? How much time elapsed between those two ending times?
