

WALT: read and understand new facts about the Tuatara

Complete each part of your activity properly

Answer the following questions:

1. Find 3 ideas that describe what the Tuatara looks like
2. Justify why tuatara are not lizards
3. Describe the habitat of a Tuatara

Activity: You're going to create a Fact File about a Tuatara

Habitat - Where it lives?

Description - What it looks like?

Characteristics - How it behaves?

Diet - What it eats?

Interesting Facts - List any other facts that have not been mentioned already
