

5 korean dramas starring kpop idols

South Korea is known for having a lot of talent, with innumerable K-pop idols taking on actor roles .If you are curious to know which other dramas your favorite kpop idols acted in .This complete collection contains suggestions to all K-pop fans.

1. A Business proposal

Shin ha-ri agreed to go on a blind date pretending to be Jin Young Seo. Later on, Shin Ha-ri finds out her blind date is actually the handsome young CEO of her company. Kang tae-moo's Grandfather pressured him about marriage, so he decided to marry Ha-ri Not knowing that she is actually his employee, how long will Ha-ri be able to pretend to be Jin Young Seo?The idol in this drama stirring is Kim Se Jeong, who is starring as ha-ri. She is also in a K-Pop group called I.O.I. Kim se jeong Also appears in other Kdramas called School 2017, The Uncanny Counter, and I Wanna Hear Your Song.

tea:The show may be unbelievable, but I totally emptied my head and just watch and laughed out loud.The drunk scene of ha-ri and young and the "Samantha and Rachel" made me laugh my guts out ,haha.The drama also has an adorable second lead couple.Sejeong is a truly one of actress and her chemistry with Ahn Hyo-Seop is overflowing.kim se-jeong's acting skills *chef's kiss*.

2. Hotel del luna

IU plays the role of the owner of the eponymous hotel that only serves ghosts. Her character, Jang Man-Wol, has been cursed to manage the hotel because of a crime that she committed a long time ago; the hotel catering to the dead has been bound to her soul. Jang meets oh ji ho and makes a deal in exchange for his life; his son will work for her in 20 years.IU is a South Korean singer, songwriter and actress.

Tea: I've put this drama on hold . The four episodes I saw were enjoyable, but I couldn't get through them. The other i meant start watching it again when i have time. This is also my first drama featuring IU.It's hard to see that anyone else could play the role of Jang Man Wol better than IU.She played her role perfectly.

3. My ID is a Gangnam Beauty

This show is about a college student named Kang mi-rae who changes her entire appearance with plastic surgery. Throughout her childhood she gets bullied constantly for her appearance. Cha-eun-woo has managed to gain a huge amount of fans for both acting and being a kpop idol. Cha-eun-woo is in a kpop boy group called Astro. Cha eun woo appears in other kdramas called True Beauty, Sweet Revenge, and Rookie Historian Goo Hae Ryung.

Tea:Cha Eun Woo is one of my favorite idols. My favorite song from Astro is "Just Breathe." Cha eun Woo contributed to the OST Rainbow Falling. True beauty and sweet revenge are two of Eun Wo's dramas that I have seen.

4. Shadow Beauty

Shadow beauty has two main leads that are kpop idols.first is chi bo min plays the class president,kim ho in.kim ho prefer to blend into the crown.second is lee na grung plays the role of sun mi jin / "genie".Min Jin is a new transfer, Everyone thinks that she's genie because she looks like her. She acts friendly towards others when she is always plotting and planning.

Tea: The ending was different than what I expected. I havent heard of either of the idols so I can't say a lot but there acting was good.

5: Exo Next Door

Exo next door is a short kdrama .Exo next door is about four guys who moved in the house next door to yoon-hee house and to her surprise they turn out to be her favorite boy band group exo. Exo took a break from touring and moved in next door.

Not only does she live next door to EXO, she also gets to interact with them daily .

tea: Since it is an idol drama I wasn't expecting top-notch acting or fantastic storyline. I was interested simply because it was exo lol.

How a become i kpop fan

When gangnam style by Psy was released, it was a big hit in our country. It is so famous. I started liking it after that nothing really happened then 2020 came along with all the covid and having to Quarantine I had lots of free time I started to be a fan of anime. I binged anime almost all the time. In August 2020 alot changed it was the beginning of the school year now at the time I was on the app TikTok a lot basically to the fact that I was addicted(i still am..but not as bad). I still liked anime but I usually just watch TikTok and talk to other anime fans on there then dynamite from BTS was released. I saw it on TikTok. I really liked the song and I became a big fan of BTS I started to listen to their other songs, and after that, I found out that there are other groups like BTS. then I became a BLACKPINK fan, then TWICE, then EXO, then RED VELVET, then BIGBANG, then STRAY KIDS, and the rest goes on and on and on and on and on. So basically I was a multistan.

My favorite kpop groups

Boy groups:

Bts

Stray kids

Exo

astro

Girl groups:

Twice

Itzy

Red velvet
