Andrea also mentioned the student's writing is improving massively, especially since reading has been such a priority. Neptune theatre coming soon for a presentation. This was a ***very*** good report! SAC Funding: $7,028.06 left. Basketball hoops have been purchased by Tiffany! Just waiting on the confirmation receipt. A worker order will ensue. Everyone is on the same page. Andrea mentioned If there's no control in the classroom, theres no education. Classroom management course not mandated. Building consistency. Not backing down.

	Andrea also mentioned the pilot program was going really well. Toast, bagels, etc. Need to come up with some more protein ideas. Kids complained about boiled eggs.
