

Dear Parent,

I'm excited to share an opportunity for your student to participate in Performance Evaluations this year.

UMTA Performance Evaluations are a wonderful opportunity for students to receive quality feedback on their performances. It can also be a great way to prepare for upcoming events and evaluations.

Students are encouraged to participate with polished, memorized repertoire (although memory is not required) at the regional event located in _____ on _____. All instruments are welcome including duets, ensembles, and voice.

Deadlines are coming soon, so be sure to look at your region's information.

Judges in each region select the top performers (up to 20 percent) per age division. These participants are then invited to perform at the Honors Recitals held on _____ at Daynes Music in Midvale.

I believe this is a great opportunity for you/your child to perform and receive quality feedback from a great judge. The cost for participation is \$12 for K-12 entries and \$15 for adult/collegiate entries as well as instrumental and vocal entries. Please let me know if your family would like to participate.

Sincerely,
