CommonLit

COMMONLIT

Have you ever heard of CommonLit? It's an online based literacy resource, and it is already approved by our IT department. Learn more about it in this article from Tech & Learning. CommonLit also sent me this December Texts Calendar to share with you!!

CommonLit's supplemental library and assessment series supports **grades 3-12**, and their comprehensive curriculum (CommonLit 360) is designed for **grades 6-12**. Both can be accessed in their entirety for free.

If you're interested in learning more, reach out! I'm happy to help, and I've got a CommonLit connection. :)
