

**BHARATI VIDYAPEETH COLLEGE OF ENGINEERING, NEW DELHI**

**Department of Computer Science and Engineering**

**Course Exit Survey**

**2023- 2024**

**Subject Name : Object Oriented Programming Lab**

**Subject Code:CIC 257**

**Semester :3<sup>rd</sup>**

**Please rate how well you understood the course (Tick the most appropriate option)**

**(1 – Poor, 2- Good , 3- Excellent)**

CIC257. 1 To be able to adapt the concept of C and C++ and Demonstrate creation of classes and objects in C++.

1.

2.

3.

CIC257.2 Are you able to apply the concept of constructor, destructor, friend function and its overloading using classes.

1.

2.

3.

CIC257.3 Are you able to develop programs of operator overloading and virtual function using classes.

1.

2.

3.

CIC257.4 To be able to implement different types of inheritance and polymorphism (compile time and run time) using classes.

1.

2.

3.

CIC257.5 Are you able to examine the advantages and use of templates over functions in various applications.

1.

2.

3.

CIC257.6 Are you able to implementation of data manipulation through file and exception handling in C++ in various real time applications

1.

2.

3.

**Suggestions to improve the teaching methodology:**

**Overall how do you rate your understanding of the subject(tick whichever applicable) 1.**

**Below 50%.**

**2. 50%-70%.**

**3.70%-90%**

**4. Above 90%**

**Name of student**
