# Farmer's Footprint

## **Job Board List & Resources**

Feel free to share with others, and please invite them to the <u>Farmer's Footprint</u> <u>community!</u>

\*Please note that this is not an exhaustive list

\*\*Listserv can get a bit spammy so please use an email specifically for job searching or one that you don't care if it gets a flooded inbox. All listservs are highlighted in yellow.

## **Internationally Focused:**

(Canada) <u>Eco-Canada</u>, <u>Work in Non profits</u>, <u>Good Work Ca, Dalhousie University</u>
(UK) <u>Roots to Work</u>, <u>Environment Jobs</u>
(Global) <u>Green Jobs</u>, <u>International Society of Sustainability Professionals</u>, <u>B Work</u>, <u>Climate Change Jobs</u>
(Asia) Climate Asia

#### **US Focused:**

- Regen Job Posting Platform farming focused
- AgCareers not regenerative focused, but utilized by the general agriculture industry
- Of The West From boots-on-the-ground opportunities, to careers up the
  corporate ladder, and everything in between; Of The West is making it easier
  than ever before to find jobs in the agriculture + western industries.
- <u>Green Jobs Board</u> One of my favorites (Ines speaking) The Green Jobs Board is a platform that provides a single source for environmental job seekers to discover and educate themselves on employment opportunities with companies that prioritize sustainability and diversity, equity, and inclusion in their work.
- North American Food Systems Network Updated daily: a professional development association for people working together to strengthen local and regional food systems
- <u>Cool Works Ranch Jobs</u> Ranch focused jobs (typically not remote)
- <u>Farm and Ranch Jobs</u> Discover the Latest Jobs in Farming, Ranching, and Agribusiness
- <u>RanchWork</u> Updated daily: Serving the ranching, farming, hunting, equestrian,
   & outdoors community for over 25 years.

- Farmer's Footprint: Create your own role
  - Farmer's Footprint Opportunities Hub
- Good Food Jobs Updated daily: Good Food Jobs is a gastro-job search tool, designed to link people looking for meaningful food work with the businesses that need their energy, enthusiasm, and intellect. We post opportunities with farmers and food artisans, policy makers and purveyors, retailers and restaurateurs, economists, ecologists, and more.
- MANRRS Mainly focused on the research or university settings
- <u>USA Jobs</u> This is the federal government's job board. Type in Department of Agriculture, soil conservation, natural resources, wildlife, or food to get searches related to climate and the environment.
- WWOOF Not paid, but if you want to work on farms around the world
- <u>Conservationjobboard</u> The world's largest and most-visited career website in conservation, ecology, forestry, wildlife, and fisheries.
- <u>Terra.do Job Board</u> Search for roles across hundreds of exciting climate organizations. Discover companies and organizations that need your skills to achieve their mission.
- <u>Science Societies Career Center</u> The Career Center promotes and encourages opportunities in the agronomic, crop, soil, and environmental sciences and serves as a clearinghouse for resumes and job listings.
- <u>Comfoodjobs listerv</u> is an announcement service for employment, internships, and similar opportunities across the (sustainable) food system spectrum

#### Students:

- NCAT ATTRA internship list
- Land Trust Alliance Job Board
- <u>Linkedin as a resource</u>: Sign up for career/job posting updates from your favorite companies + follow their social media accounts
