“Once a Marine, always a Marine” is a familiar saying to all Marines and their families. It causes that feeling of camaraderie and esprit de corps we get when we see a Marine Corps sticker on a vehicle or a Marine Corps flag flying in front of a home. Semper Fidelis is not just a motto, it is a lifestyle. Despite our diverse origins, it is the one tangible thing ingrained in us when we earned the right to wear the Eagle Globe and Anchor. The Marine Corps League is made up of active, reserve, retired and veteran Marines, and FMF Corpsmen and Chaplains who continue the faithful traditions of looking out for Marines, their families, and our fellow citizens, providing community service, mentorship, career counseling, Veteran’s Service Officer support and opportunities for fellowship. Founded in 1923 by Major General John A. Lejeune, the Marine Corps League continues to stand proud in our local area as the premier organization for Marines.

Here at Volunteers of America Chesapeake & Carolinas, we are committed to ensuring that those who served our country can live their lives with the dignity and independence they deserve. Our Supportive Services for Veterans Families (SSVF) in North Carolina is a community-based program designed to fill the gap in supportive services for veterans and their families. The program offers a wide variety of services, including individualized case management, housing location assistance and stabilization, and income assistance. Using the Housing First Model, the goal of the SSVF program is to promote housing stability among very low-income veteran families who would otherwise be without the support they need. We provide re-housing support to homeless veterans and their families, as well as homeless prevention support for those at risk of losing their housing. Additionally, our case managers assist SSVF participants with accessing Veteran Administration (VA) medical and other vital benefits.
