EDUCATION

Freelance Web Developer | IONOS Partner

July 2023 - Present, Tulsa Metropolitan Area, Remote

I am an experienced and creative web design freelancer, specializing in creating stunning and functional websites for businesses and individuals. As an IONOS partner, I am dedicated to delivering the highest level of quality services, with a focus on delivering modern, eye-catching, and responsive websites that meet the unique requirements of my clients. As an IONOS partner, my clients can be assured that they receive world-class web hosting and domain registration, ensuring a seamless and efficient web development experience. My partnerships with some of the industry's leading software and technology providers allow me to provide custom web design solutions that cater to specific business requirements.

Totus Tuus Summer Missionary Roman Catholic Diocese of Tulsa & Eastern Oklahoma

Summer of 2023 and 2024, Tulsa, Oklahoma, United States, Hybrid

As a Totus Tuus missionary for the Roman Catholic Diocese of Tulsa and Eastern Oklahoma, I am part of an incredible program that aims to inspire young people. Missionary teams of four, two men and two women, traveled to different parishes each week to host a five-day catechetical program for children in grades 1-12, similar to "Vacation Bible School".

Marketing And Communications Director Pennington County Republicans

May 2019-January 2023, On-Site and Remote

Maintained relationships with local, state, and national representatives, provided updates on party activities, and gave yearly reports on achievements to the central committee. Created eye-catching graphics and sponsored posts for party social media pages. Sent Press Releases to the media when needed and answered questions. Planned marketing strategies for the party to succeed online.

Maintenance/ IT Assistant Florence Morning News

May 2021 - March 2023, Florence, South Carolina, United States, On-site

As the Maintenance/ IT Assistant at the Florence Morning News, I was responsible for ensuring that the building was clean and presentable for both staff and visitors. This involved daily tasks such as vacuuming, cleaning restrooms, and emptying trash bins. Additionally, I was responsible for maintaining equipment such as printers and copiers, ensuring that they were in good working condition and had sufficient supplies. My jobs included installing software and updates, troubleshooting issues, and backing up data.

Other Experiences

Kitchen Utility Worker
Snell Restaurant Group

Summer Staff
Rapid City Journal Media Group
