1. Martha works as a window dresser in her hometown of Victoria, BC. She charges $17.81/h and it takes her 4.5 hours to finish the window at a local department store. How much will her gross pay be for the job?
2. Ben works as a carpenter for $22.73/h. How much will he earn in a 40-hour work week?
3. Harpreet works in the trucking business. He charges $36.73/h to haul materials for a local contractor. What was his income for the week if he worked the following hours:
   - 7 hours on Monday
   - 4 hours on Tuesday
   - 7 hours on Wednesday
   - 12 hours on Thursday
   - 3 hours on Friday
4. Last year, Liliana earned $47,783.43 working in a Grande Prairie hair salon.
   a. What was her average monthly income?
   b. What was her average weekly income?
5. If Janny works a 40-hour work week as a receiving clerk in the Powell River Hospital and earns $662.34 per week, what is her hourly wage?

6. Monty works after school at a gas station in Swift Current, SK. He earns $9.83/h. How much would he earn if the time card below represents his work week?

Time Card: Monty			
Day			**Total Hours**
	IN	OUT	
Monday	2:30	5:45	
Tuesday	4:45	8:00	
Wednesday			
Thursday	3:30	8:30	
Friday	4:00	7:45	

7. Hae-rin works as a part-time warehouse technician. She gets paid $13.13/h and keeps her own time card. How much did she earn during the week?

Time Card: Hae-rin					
Day	**Morning**		**Afternoon**		**Total Hours**
	IN	OUT	IN	OUT	
Monday	8:00	10:00	2:00	3:30	
Tuesday	9:00	11:00	1:00	4:00	
Wednesday			12:30	3:30	
Thursday	8:30	12:00			
Friday	8:00	12:30			
Saturday	9:00	12:00	1:00	4:30	

8. Pete works in road construction as a grader operator. His regular work week is 40 hours. During the busy season, he often has to work overtime. For overtime hours worked Monday to Friday, he earns time and a half. If he has to work on Saturday, he earns double time and a half. How much will Pete make if he works 46.5 hours during the week and 4.5 hours on Saturday? His regular salary is $14.22/h.
9. Nathalie works as a playground supervisor for 8 weeks during the summer at a rate of $14.83/h for a 40-hour week. If she averages 4 hours of overtime each week, paid at time and a half, how much will she earn during the summer?
