### News from the Nest Monthly Community Update: November

With interim reports out and well into the month of November, Eastern Junior-Senior High School students have been tremendously busy and successful this month academically, and with regard to attendance and showing Eagle Pride. As always, please feel free to reach out any time with questions and know we are committed to your 7-12 student's success and finding their "E."

**Veteran's Day:** We held our annual Veteran's Day assembly on November the 8th. All students were incredibly respectful for the entire assembly and individually thanked our Veterans in attendance for their service and sacrifice. I could not have been any prouder that day of our kids.

**Attendance:** Students have continued working towards our annual goal of 93% in attendance for the building for the year. We certainly have not been immune to the funk and crud of cold and flu season and while no one wants any child here if they are sick, we remind all students to please be on time and present as much as possible. Thank you to all parents for helping support this goal. As a reward for this already, students have earned Kona Ice, grade level pizza parties, and this coming Tuesday, we will have Sikorski's Diner of Racine's Mobile Food Truck in the student parking lot. Present students will be able to purchase sandwich and fried side items grades 9-12 5th period and grades 7 & 8 6th period that day.

**Communication:** A major goal this year districtwide and for the high school building has been increased communication with students, parents, staff, and other stakeholders. Please feel free to reach out anytime with any questions and know we are here to support your child to the fullest extent possible. Our goal is for every student to leave Eastern having found their "E" and have a successful plan for gainful employment. Career education is a focus point across all grade levels and if you or your organization would like to come in to speak to our students about career opportunities in our area, please let me know.

With Tremendous Appreciation,

Garret Hall

Principal, Eastern Junior-Senior High School
