

Why would a sound coming from one thing make another thing far away move?

Zoom in on what is happening at the spot where the sound is coming from.

Zoom in on what is happening in the space between the truck and the building window.

Zoom in on what is happening at the window to make the window move.

Use pictures, symbols, and words in your model to help represent and further explain what you think is happening in each of the 3 locations on a zoomed-in scale.
