

CCA Signature Series Bag Policy

The CCA has decided to help support smaller and/or local bag makers who manufacture amazing pro quality bags, but cannot or choose not, to pay a National Company for the right to sell their own products to players, **we have implemented a new bag policy for our signature series events in this year's CCA Points Race Season 4.**

As with most policy changes we understand that this may be confusing for the players and there are many rumors around this subject, we always encourage players to NOT listen to rumors and ask those with knowledge any questions you may have. What we can say for sure is this policy is not being implemented due to any issues between the CCA and the National Companies, it is at its core a way for us to support those small businesses, who just like us have chosen not to go the National Company route.

- Starting 6/22/2023 bags used at SIGNATURE SERIES EVENTS ONLY will be required to be from the CCA approved bag list. Bags after 6/22/2023 will not be allowed to have a National Stamp on them.
 - Why the 6/22 date? We want to give players time from when the Points Race starts in Jan. till the June implementation date to try out different bags to find what they like.
- Players that do not wish to buy bags for Signature Series events but would still like to participate will have the option to rent bags at these events. (This is also a great way to see what you like)
- Bags will not be sold at outrageous over inflated prices. Most sets of bags will be sold between \$50-\$80 per set of 4.
- Bags will **NOT** have a dated life for CCA. Meaning- we will not make you buy new bags every season.
- This rule does **NOT** apply to 2023 Micros or Tour events, **only** Signature Series and post season events.
- Approved bags will only be sold on ovcornhole.com, at the OVC store, by a certified OVC representative and at all Signature Series Events.

Players must follow all bag requirements and adhere to all CCA rules and regulations to be eligible to participate in the CCA Points Race Events.

Bag Manufacturers- There is still TIME!!

There is NO cost for bag manufacturers to get on the CCA approved bags list. Bag manufacturers that would like to have their bags submitted for play in the CCA points race please email Orders@ovcornhole.com (Please put the name of you company in the title)

CCA Signature Series Bag Policy

Since 2012 the CCA has grown cornhole in our local communities with pride. We will continue our commitment as a local California family-owned small business and support other small businesses locally and help them grow with CCA Race events.

Current bag partners are:

American Throwers

Big D Bags

Burly Bags

Cornographix

Haggard Bags

US Cornhole

X Factor Bag Co.

XP Bags

Grandfathered bags:

Any bags that have the CCA, OVC, American thrower, XP, Bag World or the SRC logo that do not have a national stamp.

These bags will be approved until the 2024 season is completed.
