

## **Chester Square Neighbors minutes of the meeting on June 5, 2024**

The introductory question was have you noticed anything new in the neighborhood that caught your attention. One person mentioned that the lash place that was painted pink is now being painted Black. She has another studio in Stoughton.

Carlos Sandoval, a professor at Northeastern, He reported on the project to record historic events on an interactive map. Indication the location of various Historic places and the stories behind them, An example

Various historic places

The minutes were reviewed, and Jim moved they be accepted, Jean Seconded, they were accepted.

Teo sent his report in written form because he was not present.

CSANA: 2118, same as last month

Friends of Chester Square: 835, same as last month

MAC: 3799, down \$21 due to one check for Sara for festival expenses

A motion to approve was made by Jim and seconded by Rudy. Accepted. By all.

Stoop Parties, the first of four have been scheduled. One has happened, Teo's is next Friday. Sarah Sharpe, from the mayor's office will host the next one at the Historical Society building. The last scheduled one is at Jim and Carol's house.

Carol asked. What other things could we do?

The thought was to have a party in the park, a movie, or just plain games and some music from someone's playlist. Three neighbors, Jen, Lois and MiYung thought of game, suggested some ideas and volunteered to plan a family or intergenerational event in the park, one in July and repeat in August. Be looking for a date on the North ( even numbered )Side of Mass Ave. in the third week of August.

Report on some of the components of the Fall festival were listed. It sounds very exciting.

Volunteers are needed to be the hosts or point persons for various activities.

It was suggested that a list and description of roles or tasks be made on a google sheet and sent out so people could sign up for what they would like to do or how they could contribute. Carol said she would write the tasks/roles up and Lois said she would be willing to put in excel format or some way people could fill things out and it would populate a form so people who know what needed to be done yet.

Respectfully submitted Sara Mitchell
