Providing Essential Supplies For Gazans Organised By Gazans + Gaza Funds, Operation Olive Branch, and Funds For Gaza

[Helping the People of Gaza - Mutual Aid Fund](#)

- Hello, I am Mona Abu Hamda, a 25-year-old digital marketer from Gaza. My life, along with the lives of many others, has been severely impacted by the ongoing conflict, resulting in the loss of our homes. Despite facing displacement multiple times, I am compelled to support our community through this **mutual aid fund**. Driven by a desire to assist others facing similar hardships, I aim to provide displaced families with essential

supplies such as blankets, food, flour, charcoal for cooking, sanitary products, and financial aid for necessities such as baby milk.

- Every step of this journey is documented and shared on my [Instagram@monaa__e98](#). I will also provide regular updates right here on the GoFundMe page. This ensures that you, as donors, are fully aware of how your contributions are making a difference.

[eSims For Gaza](#)

- Purchasing eSims allows people within Gaza to connect to the outside to communicate with their families and also to show what's happening within Gaza.

[Care For Gaza Direct Paypal Link From Twitter Bio](#) or [Fundraiser for One Child at a Time by Sab by : CareForGaza Supporting Displaced Families in Gaza](#) (Paypal and GoFundMe)

- [CareForGaza](#) is a non-profit charity in aid of helping the needy families of Palestine.

[Help Gaza Children](#) or [Direct Paypal Link](#) (PayPal)

- *My name is Hussam Hijazi and I am a landowner in Rafah, hosting thousands of refugees. I help people both in my camp and many refugees who come everyday from all over Gaza. Help keep children warm and fed! This Donation Drive goes directly towards helping children in Rafah camps with no middle man in between.*

[Gaza Funds](#) (Website That Directs You To Donations)

- Gaza Funds is a project that connects people to crowdfunding campaigns for individuals and families from Gaza. Each time the page is reloaded, a different campaign appears. While the rotation is randomized, campaigns for the sick/injured and campaigns close to meeting their goals are prioritized. We never want any of these campaigns to go stagnant, so we make sure to also prioritize fundraisers that haven't had a donation in a while. As existing fundraisers meet their goals, they will be replaced with other fundraisers that need our help.
- We are a global team of (mostly) Arab and Palestinian engineers, students, writers, and academics working to help get exposure and traction to fundraisers created for people in Gaza, Palestine. We are not an organization or a charity. We do not create fundraisers and we do not collect money on behalf of them.

Our work on this project is completely voluntary. We created this site as a way to give others quick access to these fundraisers.

- Our aim through this project is to facilitate the process of finding and choosing crowdfunding campaigns to donate to, and to make helping Gaza as easy and accessible as possible. We hope you will join us in fulfilling our duty to our people in Palestine by sharing this site and donating to these fundraisers.

[@fundsforgaza](#) | [Linktree](#)

- A rotating list of fundraisers for Gazans

[Operation Olive Branch](#) (Google Sheets)

- Operation Olive Branch is a volunteer-powered grassroots collective effort to connect with and amplify Palestinian voices in an effort to support their critical needs, which include but are not limited to their mutual aid requests. OOB has collected the mutual aid campaign information of over 500 families on a detailed spreadsheet with hopes of enhancing the families' accessibility and reach to potential donors and advocates. These pre-existing campaigns are created and managed by the families themselves, and our role at OOB is simply to amplify them. We include campaigns from families regardless of their request, whether it be funds for medical aid, food, supplies of living, evacuation fees, or to rebuild their homes.

Medical Aid

ORGs/Groups

[Palestine Red Crescent Society](#)

- The Palestine Red Crescent Society (PRCS) is an officially recognized independent Palestinian National Society. It enjoys legal status and is part of the International Red Cross and Red Crescent Movement. The Society, which operates in Palestine and the diaspora, is guided by the Geneva Conventions and the Movement's Fundamental Principles, i.e. Humanity, Impartiality, Neutrality, Independence, Voluntary Service, Unity and Universality.

Doctors Without Borders

- Doctors Without Borders/Médecins Sans Frontières (MSF) cares for people affected by conflict, disease outbreaks, natural and human-made disasters, and exclusion from health care in more than 70 countries.

PCRF

- PCRF is the primary humanitarian organization in Palestine, delivering crucial and life-saving medical relief and humanitarian aid where it is needed most. Access to essential resources like food, clean water, and healthcare is severely limited. Urgent action is needed. With your support, we can continue this vital work, ensuring that the over one million children of Gaza receive the urgent care they need and deserve.

Sudan Emergency Appeal – MedGlobal

- Since 2017, MedGlobal, in partnership with local partners, has been working in Sudan, providing emergency response; rehabilitating hospitals, building vital health infrastructure such as oxygen generators, providing medical technology and equipment, responding to floods and natural disasters, and providing healthcare to refugees from Ethiopia, Eritrea, and other African countries in eastern Sudan.
- MedGlobal is an international medical NGO that provides emergency response, sustainable health programs, and supports resilient health systems in partnership with communities in disaster regions and low income countries.

Periods Don't Stop for War! Stand with Sudanese Women and Girls: They Need Your Help Now!

- SIHA Network will partner with the PNDS (Fawta Tsed Alkhana – Pad Needed, Dignity Seeded) Initiative and Sustainable Development Response Organization (SUDRO) on a campaign to collective donations and use them to buy and distribute the crucial menstrual dignity kit items Sudanese women and girls desperately need right now.

Feminine Hygiene Kits for Gaza With the Asad Sisters

- We are raising funds through Pious Projects to distribute hygiene kits to vulnerable women in Gaza that are displaced by this latest violence. At \$20 each, this kit will include – but is not limited to – sanitary pads, a hair brush, tooth brush, toothpaste, cotton swabs, wipes, tissues, and other hygienic items

depending on availability. Distributions will take place in various areas accessible to on-ground teams such as camps in Rafah and UN schools.

Individual Fundraisers/Run On Behalf Of Someone

[Fundraiser for Asem Qazaz by Diana Nazzal : Urgent support for medical professionals in Gaza \(GoFundMe\)](#)

- *At a time when hundreds of medical personnel continue the daunting task of saving as many lives as possible, particularly in Gaza City and its northern area, it is paramount to support them. Since the onset of the onslaught, medical professionals have demonstrated extraordinary and unmatched efforts to keep hospitals functional and capable of providing the injured and wounded with the necessary health care they need. While medical personnel continue to valiantly stand as a refuge for our people, who find themselves abandoned in the face of an ongoing genocidal war, they are currently finding themselves lacking the necessary resources to sustain their legendary steadfastness, with sporadic and incomplete financial compensations over the past months. These dedicated individuals have already depleted all their savings to maintain their own dignity, as well as that of their families and children.*
- *It is thus our moral obligation, now more than ever, to extend our support to each of them in any way possible, ensuring their ability to carry out their duties and deliver vital medical services to the hundreds of thousands of individuals residing in the north of the Gaza Strip. We must provide the necessary assistance and support so that they may continue their work, assuring them that they will never face isolation, even if the rest of the world has turned a blind eye on them.*
- *Hence, we issue a call for donations and support, urging the provision of periodic financial contributions to medical teams and all healthcare professionals serving in hospitals throughout Gaza and its northern area. By doing so, we can strengthen their resilience amidst the complete collapse of the healthcare system and the interruption of salaries.*
- *Let us donate and support the determination of our courageous colleagues, as they dedicate themselves to saving the lives of our people during this ongoing extermination war.*

[Help Yousef escape Gaza and treat his cancer \(GoFundMe\)](#)

- *I'm Youseff Abu Saeed, a photojournalist from Gaza. I'm suffering from Cancer and began treatment with chemotherapy doses just one month before the war. My house was bombed and my dreams were destroyed. I started running alone*

from one place to another, with nothing left. I'm now fighting a disease without a cure. The only hospital that provides treatment for cancer patients in Gaza has been bombed. I have not received treatment for more than 100 days. I'm so tired. I can't keep pretending to be strong. My recovery rate would have been 95% if I continued the treatment, and now, after more than 100 days without treatment, I can't imagine that if the recovery rate is still high or not and the response to treatment will be like before the war. I want to live a healthy and a normal life like you.

[Gaza: Help my family afford emergency surgeries](#) (GoFundMe)

- *My name is Nouran, but you might know me online as Noury. Before the war, my twitter account, @Noony_Boony, was a quiet corner of my life where I could talk about and make fanart for my favourite anime with friends online. Things have changed... to call the last four months of my life in Gaza a nightmare would be putting it far too lightly. My family and I have been stripped of every basic human right imaginable... we have watched our dreams, our health, our futures, and our lives wither away as we hear a constant barrage of rockets raining around us, not knowing if each one will be our last.*
- *- My brother lost his right eye and ear, and suffered a skull fracture. Shrapnel has destroyed his right ear canal, and he's completely deaf on that side. After nearly a month, he underwent eye enucleation surgery (where the eyeball is removed) to prevent further damage and infection.*
- *I lost my right eye as well, and last week I got the same surgery as my brother. I also suffered major soft tissue trauma to my forehead and scalp. Twenty days after we arrived to the hospital, I was finally able to get X-rays done (posted above) which revealed fractures to my clavicle, my left hand (meaning I can no longer draw), and shrapnel/debris in my nasal cavity (which has recently thankfully been surgically removed). The bones have begun to heal in the wrong places due to delayed treatment and thus need more intensive surgeries to be fixed. My right thumb has been paralyzed and needs physical therapy, meaning I can't really use either of my hands. Finally, I was left with a large open wound on my cheek for weeks which meant that I couldn't drink water without some of it spilling out through the hole.*
- *- My dad has completely lost his right calf muscle and can no longer walk without support. He can't get surgery to transplant tissue from*

other parts of his body to his calf right now because there are no doctors here that know how to give epidural anaesthesia.

- *- My mom has an untreated broken jaw and can no longer eat solid food. In the time since she was injured, she has lost over 14kg.*

[Save Abdulaziz: Urgent Surgery Fund for Child](#) (GoFundme)

- **Note:** Prior to this the campaign was for his brother Abdullah who's now had successful surgery and is on his road to recovery. His treatment alone was \$71,600. The same campaign was kept as it was easier to manage.
- ***Transaction fee:** The transaction fee (2.9%+\$0.30 per donation) covers the cost of credit and debit charges, safely delivering donations.
- Abdulaziz, is an innocent 12-year-old who is facing severe health challenges, including urinary system issues, intense neurological problems, and profound psychological trauma.
- Despite efforts with medications, his condition worsens, and the lack of necessary medicines exacerbates the situation. His urinary problems stem from consuming saline and contaminated water due to its scarcity.
- Abdulaziz is currently in the ICU department in a coma, but the situation is dire. The hospital isn't capable of performing his surgery and any further treatment due to the struggling healthcare system.
- Doctors have urged him to be treated abroad so that he can survive.
- We urgently seek your support to fund Abdulaziz's essential surgery and medical needs.
- Let's unite to save Abdulaziz! Share, follow, and donate generously to ensure this young soul gets the medical attention he urgently requires. Your contributions can make a life-changing impact.

[Emergency Medical Relief for Gaza Refugees](#) (GoFundme)

- **## Gaza Medical Tent Project: Healing Hundreds Daily, But More Needed - Urgent Appeal!**
- Gaza Medical Tent/Point is responding to the emergency situation in Gaza. Please give an urgent donation today.
- **Gaza Medical Tent Project: Fighting for Lives Amidst Chaos - Every Dollar is a Lifeline!**
- Gaza stands on the precipice. Relentless attacks have crippled healthcare, leaving Palestinians desperately seeking aid. In the face of overwhelming despair, hope endures at our Gaza Medical Tent Project, a beacon of resilience treating over 500 patients daily.
- Over 500 lives lost in attacks on medical facilities.

- 34 out of 36 hospitals shut down, creating a critical care vacuum.
- Basic needs like electricity and water remain scarce, further exacerbating hardship.
- Our Impact: **500+ patients treated daily:** Receiving free consultations, care, and essential medicines for a range of medical challenges:
- **Communicable diseases:** Food poisoning, scabies, skin diseases, colds, respiratory infections, and gastrointestinal infections.
- **Chronic conditions:** Diabetes, hypertension, and prenatal care with vital vitamins and iron for pregnant women.
- Wounds and injuries: Resulting from violence and lack of accessible care.
- Continuous struggle to meet the growing demand for free medications due to limited donations.
- **Beyond Medical Needs:**
- The humanitarian crisis in Gaza extends far beyond healthcare:
- **Food insecurity:** Many families lack access to nutritious food, leading to malnutrition and health complications.
- Water shortages: Contaminated water sources put people at risk of waterborne diseases.
- Psychological trauma: The ongoing conflict and violence have taken a toll on mental health, with rising cases of anxiety, depression, and PTSD.
- **Urgent Need for Your Support:**
- **Funding: For Now \$55,000** is crucial to support our GMT project which hires more volunteer doctors, support families through providing necessary medical care, medicine and hygiene and care supplies!
- **Medicine donations:** The current supply cannot keep up with the overwhelming demand.
- **“DOTORS IN GAZA FIGHT AGAINST THIRD ARMY”:**
- -We have set a goal of to fight against the contagious disease in the Refugee camps and almost all the first donations will be used to fight Against Hepatitis A virus outbreaks.(According to the health ministry **8,000** cases at least confirmed, and many ten thousands estimated to be infected according to our team doctors on the ground.
- Here is this kid he is one of our patients who recently we are helping and taking care off right.
- This funds will help mainly supporting our medical team and fighting against the urgent hepatitis A and other infectious diseases outbreak, pre-natal care for pregnant women beside providing medicines and supporting supplies to patients and their families.
- Our Dedicated Team:
- Leading this vital mission are our exceptional volunteers:
- GMT Leading Doctors:

- Dr. Hassan Adwan (Family Medicine)
- Dr. Ahmed Abu Sultan (Obstetrics & Gynecology)
- **How You Can Be a Lifesaver:**
- **Donate: Every dollar translates directly to saved lives.** Our goal is €55,000 to help us continue this critical work.
- Share: Spread the word using #GazaHealthcare #EmergencyRelief #HumanitarianAid.
- **From zero to 500 patients daily**, our impact is undeniable. But the need is immense. Every donation, every share, every action brings us closer to saving lives. Join us today!
- ****Join Us in Healing Lives - Donate Today!****
- Even if you can not contribute by donation sharing the link and spreading the word is as valuable and important.
- ****Spread the Word/Donate By Sharing:****
- Share this campaign to raise awareness about the urgent need for international support in Gaza's healthcare crisis. Every donation counts, and together, we can make a difference.
- ****Note:**** The situation in Gaza is dire, and your contribution can bring immediate relief to those suffering amidst the chaos. Thank you for being a beacon of hope.
- #GazaHealthcare #EmergencyRelief #HumanitarianAid"

Humanitarian Aid

Orgs/Groups

[With Your Support this Ramadan... Gaza Stands Stronger | Taawon](#)

- Taawon (Welfare Association) is a non-profit, civic organization launched in Geneva in the year 1983, upon the initiative of a group of Palestinian and Arab economists and intellectuals. Taawon has become one of the largest organizations operating in Palestine and the diaspora camps in Lebanon, whereby it touches the lives of more than one million Palestinians on an annual basis, with half of these beneficiaries being women. Since its establishment, Taawon has invested funds reaching nearly US \$900 million, dedicated to development and relief programs.

[Hope For Sudan | Help the IDPs in Sudan | SAPA USA](#)

- We are currently providing Medical aid and food supplies Sharg An Neel, Karrari, Um Durman, Port Sudan, Atbara, Halfa and Dongola. We are targeting 43,000 + IDPs, 180,000+ Host Communities Cluster Targets and 30,000 + Host Communities Project Targets in Sudan.

[Donate – Darfur Women Action Group](#)

- Darfur Women Action Group (DWAG) is a women-led anti-atrocities nonprofit organization with 501(c)(3) status, founded in 2009 by a Darfuri genocide survivor to amplify the voices and empower the affected communities and to provide a platform for interested stakeholders to work on advancing its unique goals.

[Food packs 4 Yemen](#) (Gofundme)

- *My name is Zaki, and I am the Founder of the A'ishah Mavis Foundation. As Ramadan approaches, we extend an invitation to all those willing to contribute towards alleviating the dire circumstances faced by the Yemeni people. Together, through urgent aid provisions, we can significantly impact the lives of individuals and families in Yemen*
- *Ramadan, a month of blessings and reflection, prompts us to unite in strengthening our faith and extending a helping hand to those in need. Amidst this sacred time, we urge you to keep in mind the 20 million Yemenis who urgently require humanitarian aid. Let us follow the noble example of the Prophet Muhammad (peace be upon him) by striving to assist others.*
- *This year, we present a simple call to action: PRAY and GIVE. Together, let us pray for the families of Yemen, enduring the largest humanitarian crisis in a century. And together, let us give, providing food packs, Eid gifts, and hope.*
- *Whether it's your Zakat, Sadaqah, Fidyah, or Fitrana, rest assured that your donations during Ramadan will be effectively utilized.*
- *During this Ramadan, we aim to distribute food parcels comprising essential items to feed families of five. These parcels enable families to prepare for Ramadan, easing concerns about accessing food to break their fasts.*

[For Sudan:Help us support families impacted by war](#) (Gofundme)

- Dear friends and compassionate souls,
- In the midst of the devastating conflict in Sudan, many communities have been left without access to assistance and struggling to meet their needs. We are reaching out to you with heavy hearts and hopeful spirits.

- In the city of Omdurman, there is an ongoing initiative being led by Sameh Makki to feed his local community. They receive the funds, buy ingredients and prepare simple meals.
- The situation is currently very difficult and donations are weak, as such the kitchen has been forced to turn families away repeatedly.
- There are no international aid and relief organizations serving this community. Yet Sameh is doing a great job providing assistance to families in Omdurman during these difficult circumstances of war.
- Let us extend our hands in solidarity and support. Your donation, no matter how small, can make a world of difference to those struggling to get by during this war.
- I appeal to everyone to donate to this important humanitarian cause.
- Thank you for your compassion and consideration.
- With heartfelt regards, Mustafa Ibrahim
- **Ramadan Food bags initiative**
- Ramadan is a sacred time for Muslims worldwide—a month of devotion, mercy, and drawing closer to Allah (swt). It's a chance for us to seek forgiveness, reflect on our blessings, and extend a helping hand to those in need.
- Yet with the beginning of the blessed month of Ramadan, many families in Sudan are left unable to meet their basic food needs.
- That's why we have teamed up with the “**Basmat Wasal**” initiative to provide Ramadan food bags to families in need in Karari locality of Omdurman.
- **Our Ramadan Food Packs**
- Each food pack costs 40,000 Sudanese pounds and contains an appropriate amount of:
 - - Lentils
 - - Dates
 - - Onions
 - - Chickpeas
 - - Cooking oil
 - - Sauce
 - - Salt
 - - Sugar
 - - Tea
- _____
- **Medicine for combating malaria in Northern State**
- Donations are needed for the pediatric unit in a hospital in the northern state, in an area that includes a large number of displaced people.
- Malaria has begun to spread in a frightening way within the state and they need pendulum and malaria injections to be distributed out to children.

- The target amount required £200.

Individual/Run on the Behalf of Someone Else:

[Ahmed Fundraiser by Husham Hantoush : Help Sudan Tarada Initiative \(25p\) مبادرة طرادة \(GoFundMe\)](#)

- My name is Husham Hantoush, I'm a Sudanese living in Canada, Milton. I'm helping my people back home who fled the war and now sheltering in Sinnar (a city south Khartoum), where 14 schools are turned into shelters to host displaced people.
- They lost everything and they are in dire need for any little thing.
- We are helping with basic needs, food and basic medicine. Some of them had to walk for days and many died in the way.
- My aim is to deliver emergency basic needs, food and medicine.
- Funds will be transferred directly to local charities and organisations who are managing those shelters to make sure that the funds are well received and are spent on the needs specified.

[Urgent Appeal for Humanitarian Aid: A Gazan Child \(GoFundme\)](#)

- Hi everyone, my name is Salah El-Din, a 22-year-old medical student in Egypt. Today, I will open the door to the story of my youngest brother, Adam, a tale I shall weave with brevity.
- Adham Abdel Rahim Saleh, or "Adhoom" to his loved ones, was a child who had not yet turned ten. Despite his young age, he had already faced more challenges than most adults. He witnessed three wars, and **twice narrowly escaped death**. Despite these hardships, Adhoom never lost hope. He remained a resilient and optimistic child, proving to everyone around him that life is stronger than bullets and that hope can persevere even in the face of the fiercest storms.
- Adhoom was born in Jabalia refugee camp in 2014, amidst a fierce war that lasted 52 days, a war that took away his grandmother and uncles, leaving a deep scar on the family's soul. On August 7, 2022, his birthday, Adhoom faced his tragic fate. **He suffered a severe head injury during a new war, a war that almost took his life, but miraculously he survived. His skull was damaged and fractured**, leading him to spend a whole month in the hospital, away from school desks and childhood

dreams. Afterward, he embarked on a long and arduous journey of treatment.

- saga of pain did not cease at this juncture; rather, it intensified during the latest war . **On October 10, the family home was directly targeted while they were inside, resulting in the martyrdom of his elder brother, "Mohammed," and severe injuries to the rest of the family members. Among them, Adhoom sustained a new, more severe head injury than before. His left eye was critically damaged, and he suffered fractures to the skull, as well as injuries to the liver and abdomen, leaving a fresh scar on his tender body.**
- Despite enduring such harrowing experiences, Adhoom did not lose faith in life nor did he abandon his dreams. He still enjoys playing with his friends and aspires to become a doctor when he grows up. Adhoom's story epitomizes resilience and defiance, the tale of a child who defied death twice and confronted harsh circumstances, proving to the world that hope never fades and that life prevails over everything else.
- The tragedy did not only befall Adhoom, **but also extended to his fourteen-year-old sister, Fatima. She suffered a severe leg fracture, necessitating a surgical procedure involving the use of plates.** While the operation was successful, Fatima's mental state deteriorated day by day after the injury and the loss of her brother, Mohammed, not to mention the total destruction that befell their home. The war didn't just affect her physically; it left deep scars on her soul..
- In summary, this is the story of my siblings, Adhoom and Fatima, whose plight reflects the reality of most children in the Gaza Strip. I have decided that enough is enough; my siblings have endured enough tragedies and dangers. It is time for them to escape with their lives.
- se prison, I am resolute in overcoming the formidable challenges imposed by this war to ensure their safety ,but Over the past 135 days, we have exhausted our meager savings in a desperate bid to survive amidst the war's relentless grip. With no work or income, and the cost of living skyrocketing due to shortages of essential goods in Gaza , So I decided to launch this donation campaign to evacuat my siblings and to provide for travel, transportation, accommodation, and surgical expenses Nevertheless, I cannot undertake this endeavor alone. Your generous support is instrumental in realizing this mission. Though the task may appear insurmountable, I am determined to give my all and fiercely

advocate for my siblings. Your assistance is paramount to navigating through this crisis. Thank you for taking the time to acquaint yourself with our story. I earnestly implore you to contemplate supporting our cause and extending your helping hand. I pray that you will consider aiding us in our journey.

[CareForGaza Supporting Displaced Families in Gaza](#) (GoFundme)

- Hello, my name is Sabrine, i am 25 years old, living in Germany and i am raising money on behalf of the CareForGaza campaign.
- The team of CareForGaza is located in Gaza and has been looking for a better way of raising donations to directly help displaced families in Gaza.
- CareForGaza is run by Muhammad and he has been actively working on the voluntary initiative for a few years, whether it is with the distribution of cash, food or other supplies needed like medicine or clothes.
- If you want to see how exactly your money is being used, follow us on Twitter @CareForGaza, where we actively and regularly post our handiwork.
- Your money donated here will be transferred via bank to Muhammad to reach the civilians of Gaza.
- Thank you so much for choosing to help families in Gaza.

[Shine Together: Supporting Relief amidst Darkness](#) (GoFundme)

- *Help Amer and His Family Survive and Rebuild!*
- Along the line of sight in the south, thousands of displaced people bear the burden of violence and its aftermath, where they struggle to access life essentials including safe shelter, clean water, and a daily meal. “None of us thinks about education, work, or the future; these are luxuries. Everyday, we contemplate only survival.” — Amer Qudaih
- We are Amer’s friends from the USA, Sweden, and Bahrain. In response to the increasing state of emergency, we have decided to launch this fundraiser to help him and his family survive the escalating danger and rebuild their lives.
- We have successfully raised 4000USD and allocated the amount to urgent relief during their forced displacement, half of which was utilized for feeding, aiding and uplifting underprivileged children in Amer’s community.
- We’re covering all transaction fees and moving forward, we’re allocating 100% of your contributions to Amer and his family directly, providing them with immediate financial aid to access the essentials listed below. The more support

they receive, the more capable Amer will be in continuing to aid and uplift the underprivileged.

- *Essential Needs:*
- 1. Safe shelter (currently in a tent)
- 2. Clean water
- 3. Electricity (currently sharing 1 solar panel with approx 50 people)
- 4. Food supplies and fresh ingredients
- 5. Food-ware and cutlery to cook/eat with
- 6. Sanitary and self care supplies
- 7. Fresh clothes and towels
- 8. Mattresses, blankets and pillows
- 9. Medical support and supplies
- Below are approximate examples of current prices for life essentials.
- * 58USD can provide a one day supply of water and basic food (5-6 people).
- * 85USD can provide one package of baby diapers.
- * 545 - 760USD can provide a tent including the materials to build it.
- * 600USD can provide one solar panel (up to 50 individuals).
- Whatever amount you choose to offer, we would like to express our heartfelt joy and deep gratitude to all the generous donors who have extended a helping hand to us during this challenging period. You have given us moments of hope and peace through your noble sacrifices. With your gifts, we have been able to meet our simple needs. Your assistance has been nothing short of a source of strength for us.
- Whatever amount you choose to offer, we would like to express our heartfelt joy and deep gratitude to all the generous donors who have extended a helping hand to us during this challenging period. You have given us moments of hope and peace through your noble sacrifices. With your gifts, we have been able to meet our simple needs. Your assistance has been nothing short of a source of strength for us.
- Thank you for your solidarity,
- Amer and Friends

[Help displaced children and families in Gaza](#) (Gofundme)

- *Hi, my name is Athar, and I'm from Gaza. I'm organizing this fundraiser to help children and families in my homeland. The situation here is heartbreaking. Many families have lost their homes and are now living in tents, struggling to find food and water. Countless children have lost their parents and, at such tender ages, are forced to navigate life and survive amid the horrors of war. They need our help and support now more than ever.*

- *My own family and I have faced airstrikes multiple times, miraculously surviving each one. We were forced to leave our home and move to another place, but the bombings never stopped around us. Like any family in Gaza, we endure the relentless hardships of life here.*
- *Cooking is a constant struggle as well. With no gas available due to the war, we are forced to cook using wood. Even if gas can be found, it comes at an exorbitant price. The daily fight for basic necessities like food, water, and a safe place to sleep is a battle we face every day.*
- *To see the latest update about Gaza follow me on Instagram.*

Mutual Aid

ORGs/Groups

UNRWA

- UNRWA human development and humanitarian services encompass primary and vocational education, primary health care, relief and social services, infrastructure and camp improvement, microfinance and emergency response, including in situations of armed conflict.

Provide urgent humanitarian aid to Palestinians - Anera

- Anera, which has no political or religious affiliation, works on the ground with partners in Palestine (West Bank and Gaza), Lebanon and Jordan. We mobilize resources for immediate emergency relief and for sustainable, long-term health, education, and economic development. Our staff serve in their communities, navigating the politics that constrict progress to get help where it's needed most.
- Anera is responding to the large humanitarian need in Gaza and the West Bank by purchasing relief items from trusted local vendors and shipping trucks through the Egyptian border.

Individuals/Run On Behalf of Someone

[Emergency Gaza: Help Aboud's family.](#) (GoFundme)

- I am the man Abdullah Al-Saghir, 10 years old, from the city of Khan Yunis. I did not say the child because I was deprived of my childhood. My father died when I was 7 years old. I, my family, and 8 members were displaced from our big, beautiful house, which would turn into rubble, into a tent, with a disruption in livelihood. And our life begins as hell. Finally, Sharif, who was married one month before the war, suffered a lot when he built his house, and he did not continue to be happy with it. The house was completely demolished, and my brother Ashraf, who had a chance at the university and was first in the class, did not complete two years at the university, and the university was also demolished and his future was destroyed. My brother Ashraf, who was ambitious, and everyone helped me rebuild what the occupation destroyed in our lives. We hope that through this support, I and my family will have a better future. The least you can do is publish the link on your social pages.

[Help Mahmoud rebuild his artisanal bakery](#) (GoFundMe)

- *An unfulfilled dream... I write these words unsure if the message will reach amid all those bullets and shells. A Palestinian youth punished repeatedly, his story ending with a glimpse of death. I don't know where to begin or for whom. Months ago, I started with a glimmer of hope, a small project escaping the harshness of life. Unable to find a single job since graduation, I pushed through, certain that better days were ahead.*
- *Day by day, everyone loved the biscuits I prepared, made with a lot of love! Until the day of the event came. My home, dreams, equipment, and customers - they all left without return and without a question. Along with them, my hope for survival departed. Yet, I prayed day and night for just one miracle - that a single biscuit remains, so I could come back and have it.*
- *In the midst of that prayer, I ventured out again to salvage what was left of me because they returned for a second time! I fled in search of another friend's house, but during that, fate intervened. One of them emerged with his long weapon and green attire, taking me to another place. I witnessed all forms of torture, beatings, and transfers from one prison to another. Throughout it all, hope never left me.*

- *At the end of the twenty-first day, I emerged back into life with some fractures and humiliations I will never forget. My work ended, my project's equipment stolen, friends killed, some imprisoned, and others disappeared. My home was destroyed, and fear gripped us. What comes next? No one knows*
- *In an attempt to stay alive, I write a few words, hoping someone sees us. Perhaps I'll return to my work with that assistance! Perhaps I'll return to life again. Perhaps the work will reunite with its friend. And maybe someone could be the reason! Perhaps I'll see a glimmer of hope in that help and be a reason to save a life, a smile, a family, and why not?*

[Eman Abdel Rahman \(GoFundMe\)](#)

- *Hi, my name is Eman Abdel Rahman, I am a 25 years old from Sudan. My family are currently in dire need of assistance due to this ongoing war.*
- *My family experienced a devastating loss on the 24th of June when our home in Khartoum was bombed while we were all still in it.*
- *We lost my younger brother to this tragedy and words cannot express the pain we endured and continue to endure.*
- *We sought refuge with relatives further north in Sudan, they have been a lifeline during these difficult times and we are immensely grateful for their support.*
- *However, our situation continues to deteriorate as our relatives can no longer afford to support us and we need a place to live.*
- *Now I am reaching out to you for help. Your contribution can make a profound difference in helping us to rebuild our lives and survive during this war. Donations will go directly towards our basic food and housing needs.*
- *Me and my family would be forever grateful.*
- *Thank you for your compassion and consideration.*

[Immense Suffering in Gaza - Please Help! \(GoFundme\)](#)

- *A displaced family in Gaza are in dire need of HELP. A small donation of any amount can help alleviate the challenges of life during this tragic war. Your donation will go toward helping them survive and secure essential daily needs during this crisis (food, water, blankets, shelter). Like many civilians in Gaza, this family was forced to flee their home in Northern Gaza in search of safety in Southern Gaza. In the midst of a raging war, *No place is safe*. This innocent civilian family has been displaced to Southern Gaza and is living a dire calamity alongside the two million displaced civilians.*

[Helping the People of Gaza - Mutual Aid Fund](#) (GoFundme)

- Hello, I am Mona Abu Hamda, a 25-year-old digital marketer from Gaza. My life, along with the lives of many others, has been severely impacted by the ongoing conflict, resulting in the loss of our homes. Despite facing displacement multiple times, I am compelled to support our community through this **mutual aid fund**. Driven by a desire to assist others facing similar hardships, I aim to provide displaced families with essential supplies such as blankets, food, flour, charcoal for cooking, sanitary products, and financial aid for necessities such as baby milk.

[Urgent: Save baby Rima from Gaza](#) (GoFundme)

- Welcome, My name is Amir "Rima's father", residing in Gaza City. I am reaching you out to support and help my family to live in peace ,safe and achieve our dreams we have always strived for.
- Before the war, I was working at private sector
- companies in Gaza, I had a beautiful new home ; all of these are destroyed and no other income to my family
- My beautiful daughter , Rima should be borned in Gaza , but she was borned in Rafah because of war and fled.

[Help Madleen's Family From Gaza](#) (GoFundme)

- Hi, I am Madleen, a Palestinian from Gaza. I'm reaching out to you, seeking your help for me and my family from the horrors of the relentless war that has been ongoing in Gaza for 6 months now. I would like to tell you a bit about my small family.
- I am Madleen, a Palestinian mother of two: Mohammed and Intisar, and a wife and daughter. Until last October, I led a regular and stable life in the lively Al-Remal neighborhood alongside my husband, children, immediate family, and in-laws.
- After the 7th of October, my whole life came upside down due to the war on Gaza. The night of 13 October, my neighborhood where we used to live in Gaza – the neighborhood where my kids grew up, where we started our family – was bombed entirely.

- We fled to the so-called “safe area” in the south of Gaza. After being displaced several times, moving from one place to another, and searching for a safe area for my kids.
- On 23 October, we found ourselves under the rubble. I was rescued together with my kids from under the rubble, stone, and shattered glass that belonged to the house right next to us, which was bombed. That night, my kids and I witnessed the unimaginable things that a human mind cannot comprehend in terms of martyrs, blood, and dead bodies.
- Our beloved 3-year-old daughter, Intisar, learned to speak amidst the war. Sadly, her first words were related to the war :(.
- Having narrowly escaped imminent death with my kids, I came to the stark realization that there is no sanctuary in the Gaza Strip. Enduring displacement multiple times, I experienced the harsh reality of lacking essentials like water, food, and medicine, unable to even perform basic activities such as showering, eating, or having access to clean water. The confinement of staying indoors was compounded by the constant fear instilled in my children due to the ominous sounds of warplanes and falling bombs. Faced with these challenges, I resolved to ensure the safety of my children, no matter how formidable the task.
- We've lost everything – our home, our jobs, our dreams. My greatest worry is for Mohammed and Intisar, their future uncertain. Where will they live, study, and grow up? Gaza offers little hope now, as life's essentials are destroyed. My children's future appears bleak, overshadowed by uncertainty. My husband and I once dreamed of a simple, peaceful life, a bright future for our children. We yearned for Mohammed and Intisar to thrive, like children everywhere. They deserve a childhood free from fear, a future filled with possibilities. Every child has the right to safety, to basic necessities like food, clean water, clothing, and education. Let's ensure Mohammed and Intisar have these essentials for a chance at a normal life.
- Today, I am asking for your help. I am asking you to support me and my children to recover from the traumas of the war we have lived in. To have a new warm home for my family, to help my children attend school and get a decent education, and help us start our lives from the beginning again.
- Your support is our hope and future to have a new chance in life for my kids.
- Thank you for being a part of restoring hope and stability in our lives.

[Save Fadi and His Family in Gaza](#) (GoFundme)

- Hello, my name is Fadi. I was born in the Gaza Strip and I am now 26 years old. And I hope that you, my brothers and sisters, will help me and

my family in this way that we cannot find, so that we can collect donations, even if they are small. We are here in Gaza, and for 123 days we have never seen the light, and we hope to find the least essentials of life that will keep us alive in light of this continuous bombing. Here I and my family - my mother, father, five brothers and one sister - live in Gaza and live days full of terror, with uncertainty about our ability to survive. We die of fear every day. The little money you donate here will go a long way for us so that we can buy the water, food and medicines we need to at least survive. There are still places, some markets in particular, still active in Gaza, where you can buy and stores where you can send and receive money, but my family's home was bombed and we lost everything, money and even documents.

- Together, we make a meaningful difference in their lives, and we are extremely grateful for your continued support. Every donation, big or small, makes a tangible impact.
- In the midst of these difficult times, we want to share a ray of joy with all of you. That we are steadfast and will remain in our land and country until God blesses us with victory and the end of the war and to live like the rest of the world in peace and security. We, our children and our family still have hope to live, which is a moment of pure happiness after the huge loss that we lost in our homes that were completely destroyed.
- Your kindness has always made a difference, and we feel proud to have such a compassionate and supportive community. Thank you with all my heart, I accept you all from Fadi and his family.

[Helping My Family: Rebuilding Lives After Disaster](#) (GoFundme)

- During Gaza's ongoing struggles, my family faces challenges beyond belief. My brother Mustafa, his wife Israa, and their daughter Julia are trapped amidst the crisis, while my mother, brother Ibrahim, and sister Seham found themselves outside Gaza just a week before the devastating attack. Now, they are stranded, unsure of what to do next. They left everything behind in Gaza, including our destroyed home.
- With the destruction of the economy and infrastructure, my brother Ibrahim, who recently graduated as an engineer, sees no prospects for himself in Gaza. Similarly, my sister Seham's dreams of higher education have been shattered with the destruction of universities.

- Your support will provide a lifeline for my family, offering them the chance to rebuild their lives and secure a brighter future. Let's stand together, ensuring they can find hope and opportunity beyond the devastation. Thank you for your kindness and compassion.

[Help Mohammad and his family](#) (GoFundme)

- Hello, I am Mohammed Fareed from Gaza. You are my second family, and I have shared with you the latest hardships and difficulties that my family and I have experienced in Gaza. I have lost a lot and sacrificed many basic necessities of life, my home, and my workplace, and some members of my family. The essentials of life in Gaza have been destroyed to the point where it is no longer possible to live under the oppressive conditions that Gaza has endured. However, you can help me. Through your support, I will be able to build a home more beautiful than the one destroyed by the occupation, and it will bring a smile to the hearts of my family. Thank you in advance, and I will not forget your beautiful support

[Hope and support for rebuilding My Family's Life](#) (GoFundme)

- I hope this message reaches you well. I am Afaf Masoud, a 24-year-old Palestinian from Gaza City. My beautiful family consists of my mother Nermeen, my sister Omayma, my brother Adham, his wife Hanin, and their daughter Marmar.
- Four months ago, I decided to move to Germany with my husband (Ahmed Dalloul), leaving all my family members in Gaza. I'm here to share our story and seek help during these challenging times in Gaza and for my family.
- My beloved family, still in Gaza, continues to endure the harsh effects of the relentless war, suffering on all human and spiritual levels. When the war began, circumstances forced my entire family to leave our home and its surroundings. In that heartbreaking moment of evacuation, my family's tears flowed like rain. They bid farewell to every corner of the house that held memories of our joys and sorrows, including their beloved project "Sabara Plant Nursery."
- This project was a source of life for us, and as my mother bid it farewell with tears, it was almost as if the plants were nourished by her tears. It was a painful collapse of their spirit and shattered dreams. Our all family the loved

ones left the house, leaving behind shattered dreams, exhausted hopes, and simple belongings.

- There is no news about our beautiful home, and all we have is uncertainty. Has everything been destroyed? Is our plant nursery and our plants still alive? The confusion around these questions wraps itself like darkness, and no one knows.
- My family members were forced to leave their home in Jabalia in northern Gaza strip, the heartbeat of their home, towards the Sheikh Radwan area in Gaza City, carrying their remaining hopes. However, after a few days, they were displaced south to the Deir al-Balah area, finding themselves facing a station of despair, surrounded by the unknown and mystery.
- Hours passed like years on the street until they managed to find shelter in a house in Deir al-Balah.
- But after a few days, this place turned into a crowded house with displaced families, searching amidst the rubble for a straw of safety. The difficult and tragic circumstances are not easily understood, as communication and transportation were cut off, making obtaining food, water, and electricity a scarce endeavor. Basic necessities became incredibly rare, a bitter mix of suffering and despair enveloping their daily lives.
- With repeated communication interruptions with my family, feelings of helplessness and fear crept into my heart for continuous days. Every bad feeling increased the worry, and the fear of losing my family accelerated. When I finally manage to contact them, even if for a few minutes, happiness fills me, and the worry subsides for moments. At the same time, the emotions of sadness and fear intertwine to create a complex mix of emotional conflict.
- Upon hearing my mother's voice, tears of longing and fear welled up in my eyes, and I was overcome by intense crying. But one day, after a long period of contact silence, her voice came back, crying with pain and agony.
- That moment was a whisper of deep pain and a message confirming the bitter truth. At that time, I wished I were dead instead of witnessing my mother suffer so painfully. I tried to console her, but she revealed to me a harsh reality: our area in Jabalia was subjected to destruction and bombardment, where we lost our home, our nursery plant project, my brother's house, and the homes of family members, leaving them without a shelter to return to.
- That house and our Sabara Plant Nursery, founded on the basis of love, with walls that bore memories filled with nostalgia and dreams colored with hope, **was completely destroyed this time.** It's not the only time our home and nursery witnessed this destruction; it went through many trials in recent years and was damaged repeatedly. Despite all those times, we tried to repair it as much as we could, but this time it seems that hope went down with its ruins, and our hearts bleed deep sorrow for losing that corner that sheltered our dreams and deep feelings.

- All our memories passed like embers, and the strong shock possessed all my feelings. I couldn't console my mother; sorrow dominated my heart. But I tried to encourage her, saying, "We will rebuild the nursery and restore it." However, my mother exploded again, saying with deep sadness, "Everything is destroyed, our dreams scattered, and nothing is left at all."
- My mother continued, saying, "Our home and the source of our livelihood are gone. There is nothing left. **Even us, when, how, we don't know.**" Her words reflected a state of despair and loss, showing the extent of the harsh blow their dreams and shattered hopes suffered.
- In the face of my mother's words, I failed to bear the impact of her words. It has only been a few months since the departure of my dear father, and until now, it remains impossible for anyone to understand the difficulty of life without him.
- I feel much weaker than being able to bear the loss of my family or any member of it again, and helplessness dominates every aspect of my life. I am helpless to change this harsh and painful reality.
- I find comfort in communicating here; it's the only thing I can do and stand by my family's side. We are trying with all our might to help them get out of the grip of this war, and our goal is to move them to a safer place outside of Gaza, away from the danger threatening them. We look forward to rebuilding their lives and reviving their hopes, dreams, and projects anew.
- Although these circumstances at this time have increased the cost of leaving, and financial resources pose a challenge, they find themselves compelled to bear the cost of departure. They are asked to pay amounts reaching around \$7000 per person, making a difficult matter, with challenges increasing day by day.
- In addition, I hope to have the ability to support my dear sister, Omayma, in her educational journey and the realization of her dreams and aspirations. Omayma, the outstanding student at the Faculty of Arts, majoring in French language, holds great ambitions in her heart.
- She dreamed of completing her university studies and then obtaining a scholarship to pursue a master's degree in France. However, the difficult circumstances in Gaza made this dream evaporate, as her university and the French Institute were destroyed.
- Amima's collapsed future carries great pain, and her golden dreams seem to be slowly fading away. I hope here to find the necessary support to revive those dreams and for Amima to continue her studies and achieve her dream of obtaining a master's degree, opening a new chapter of excellence and hopes for her.
- Your support represents the spirit of solidarity and the sea of mercy in the face of these harsh storms. It's not just financial assistance; it's a beacon that lights

the path of hope in our hearts burdened with sorrows. We suffer in silence, and our journey to safety poses countless challenges. Your support means a lot to us; it means extending a helping hand in moments of weakness and loss.

- I am Afaf Masoud, and my words are a small gateway that we open to your compassionate hearts. I implore you with all humility and love, help us protect my family from the storms of life and continue searching for a safe haven. Don't just be witnesses; be part of our story, stand with us with gentleness and compassion.
- Thank you, with deep gratitude and respect.

[Help the AlGhandour Family in Gaza](#) (GoFundme)

- Hello! We, the Wenker Family, are urgently seeking to raise money for the survival of our loved ones in Gaza. Thank you for taking the time to read our story.
- Last year, we had the privilege of hosting Jihad, a 16 year old exchange student from Gaza. He studied here through the Kennedy-Lugar Youth Exchange And Study Scholarship, funded by the US State Department after 9/11 to promote the mutual understanding between the US and predominantly Muslim countries. It's a highly competitive program, and Jihad was selected after rigorous interviews out of a pool of more than 500 candidates. While living with us in Minnesota, he completed his junior year of high school at White Bear Senior High, competed on the swim team, and won the hearts of everyone in the community. He truly changed our lives for the better. Now, his family is in urgent need of help. Here is a message from Jihad's family:
- To the free world,
- Hello, we are the AlGhandour family, a simple Palestinian family of seven living in the Gaza strip. We have lived through wars, yet we lived our lives happily and enjoyed our small city, enjoyed its beach, restaurants, and our people. Despite these hardships, we have always loved life. Our oldest son, Jihad, was lucky enough to live life abroad for the 2022-2023 school year through the Kennedy-Lugar Youth Exchange And Study Scholarship. Jihad lived in Minnesota with the Wenkers, the kindest and most amazing family. During his year abroad, they showed Jihad how life is outside of the siege of Gaza, and Jihad saw freedom for 10 months. When he returned back to Gaza in June 2023, he was so motivated to finish high school and study abroad to become a doctor. He hoped that one day he would be able to see his host family again. Yet the unexpected happened. Now it's over 90 days of the Israeli genocide on Gaza. We lost our home, our friends, and our grandpa is under the rubble of his home. Jihad's current dream is to find wood, water, and food: to

survive this war. We have decided—if we stay alive—to make a new life outside of Gaza. Although it's our lovely city, it won't be beautiful again for years. The amount of destruction can't be described. So to live a new life outside we would need a new home, the money for school and university. Your donation will provide for urgently needed supplies now and will help guarantee a new future for us.

- All money will be collected by the Wenker family and sent directly to the AlGhandour family. Please share this along with others to help us reach our goal! Thank you!

[SUPPORT GAZAN FAMILY REBUILDING LIFE](#) (GoFundme)

- Hi All! AMAZING NEWS - THEY HAVE EVACUATED!!!
- This GoFundMe will now be transitioning to a fund to help them rebuild their lives. All of the basic necessities and day to day living until they are able to support themselves. We truly cannot begin to say thank you for the support so far! The biggest hurdle is out of the way! Now it is time to help them get back to a calm and SAFE life!
- Hello! My name is Mary and live in the US. Nine years ago, my family was blessed to be able to host Marah a Palestinian/Jordanian student from Gaza. Our life has been forever changed and our eyes have been opened. We now consider her our family and hope one day to be able to meet them all! Sama, one of her sisters is a great artist !
- They have endured endless horrors. In October they were forced to flee their home in northern Gaza, the first area to be bombed and have been homeless on the run for months now. Their home in north Gaza has been destroyed and levelled to the ground along with all their belongings.
- I want to ease their mind in any way possible, so I decided to set up this Go Fund to help them withstand the enormous financial burden of food and other essentials needed.
- We appreciate any donation as it all adds up. I thank you from the bottom of my heart for your kindness and support!
- P.S. I have not put their pictures on this site for their safety.

[Our home bombed and destroyed](#) (GoFundme)

- Hi, my name is Eman Abdel Rahman, I am a 25 years old from Sudan. My family are currently in dire need of assistance due to this ongoing war.
- My family experienced a devastating loss on the 24th of June when our home in Khartoum was bombed while we were all still in it.

- We lost my younger brother to this tragedy and words cannot express the pain we endured and continue to endure.
- We sought refuge with relatives further north in Sudan, they have been a lifeline during these difficult times and we are immensely grateful for their support.
- However, our situation continues to deteriorate as our relatives can no longer afford to support us and we need a place to live.
- Now I am reaching out to you for help. Your contribution can make a profound difference in helping us to rebuild our lives and survive during this war. Donations will go directly towards our basic food and housing needs.
- Me and my family would be forever grateful.
- Thank you for your compassion and consideration.

[#SudanWar A Family in Need](#) (GoFundme)

- *You might have heard of the recent inhumane war that's erupted in Sudan.*
- **Our home in Sudan has been looted at gunpoint by the RSF militia (yes, the same guys from the Darfur genocide), taking all our life savings. The savings our elderly parents left for retirement, their medication, and our futures. We only had a few thousand dollars left to their name and that has been all taken away from them.**
- They've beaten up our security guards, stolen tens of thousands of dollars, wrecked our home, and left it vulnerable to further lootings. Gangs are stopping by every other day attempting to take whatever is left.
- **My parents have left Sudan thankfully mere two weeks before the war erupted but now are currently stranded moving between people's homes who are kind enough to help out. However, they cannot afford basic rent and food.**
- The life my family and I have known was gone in a matter of days. **Our livelihood that we spent 30+ years building is completely gone.**
- My entire family is scattered across the globe, not able to protect our home or take care of each other. My parents can't work as they're on a visit visa.
- We kindly ask that you donate whatever you can. You'd be helping:
- Rent an apartment for my parents
- Medication + minimum cost of living including rent, food, and transportation
- Supporting the guards in our home and their families as the guards have no other place to stay (moving around in the city of Khartoum is extremely dangerous due to constant bombings). They rely on their salaries to feed their families.
- I can't begin to describe the pain and horror we've been living in! We don't have a future without this help.

- Please help any way you even small donations makes a world of a difference for our family. And please help my sharing.

[Support the Future of AbdalRahman from Gaza \(GoFundme\)](#)

- This fundraiser is organized by myself Hafsa Gulzar and I live in Birmingham ,UK. I've been speaking with AbdalRahman and his sister Walaa Waleed Abo Abeed from Al Wosta area, Al Nussairat Gaza this past month. I plan on wiring the money to them via western union once every 2 weeks . I'll be adding the screenshots of the wire transfers to this gofundme page after the first wire transfer is sent.
- Abdal rahman Abo Abeed, is a 14 years old child, a member of Palestinian family living in Gaza. He spent his happy life in a household consisting of 7 members, until October 31st 2023 , when he lost his mother after few days of the beginning of the war on Gaza .A day after burying his mother, he lost his house to a bombing on November 1st. He and his family was displaced south to Khan Younes where they spent more than 3 months before they were again forced to evacuate to Al Wosta area, AL Nussairat, where he is living at the moment. In the midst of all this catastrophe his sister has taking over the role of his mother .His Sister now, is trying to secure his life and future by this fund raiser so he can reach his life long goal of getting education to become a doctor one day as he wishes to serve humanity.
- All the funds Collected through this fundraiser will be utilized in getting AbdalRahman to safety and helping him achieve his dream of getting education.
- The onslaught that Gazans like AbdalRahman are experiencing is unconscionable and I want to ensure that AbdalRahman's life dream of becoming a doctor comes true. Please message me on instagram @Hafsagulzarkhan if you have any questions! I will be glad to answer all your queries regarding this fundraiser.
- For more details you can also contact @mohammad_esam_035

[Reda in Gaza to survive the war \(GoFundme\)](#)

- I am Reda Abu Al-Atta from Gaza. I am 22 years old. I am in my last year studying at the Faculty of Pharmacy, Al-Azhar University in Gaza. During this time, I am supposed to prepare for graduation. My university was destroyed, my future was lost, and my dreams were destroyed. My beautiful house was bombed, and my room full of my memories, dreams, and clothes is under rubble. I lost everything I owned. My father lost his

job and my family and I were forced to flee from the Israeli occupation. We are now in a tent in Rafah. We were promised temporary relocation for a period of days, but this hope has been shattered as the war continues. I dream of rebuilding my home, completing university, and graduating. I hope you will help me.

[A Tale of Resilience: Building Hope and Future After War](#)

(GoFundme)

- My name is Sitharthan, and I am seeking to raise funds for a Palestinian friend of a good friend of mine. Here is Mohammad's story:
- My name is Mohammed, I am 42 years old, and a father of six children. War has ravaged my city in Gaza, bringing nothing but destruction and devastation, leaving me and my family homeless and without a source of income. We found ourselves forced to flee to the south of Gaza, where our new struggles began. My beloved small home resembled my professional journey, taking considerable time and effort to build, yet every detail and piece carried a beautiful story and memory. Today, I reside in a tent, amidst the sands. My wife was pregnant at the beginning of the war, and as conditions worsened and the danger increased, the final moments of her pregnancy were filled with worry and fear. My wife and I exerted every effort to ensure her safety and that of our newborn. In one of those moments, our little daughter was born, amid destruction and chaos, bringing a ray of hope into our lives amidst harsh circumstances. Now, we live amidst war and conflict, struggling to survive and provide for our basic needs, such as food, shelter, and medical care. Despite all these challenges, in these circumstances, we seriously consider leaving and rebuilding our lives in a safe place. We need your support to ensure a better future for our children, and to rebuild our shattered lives. Your donations will help provide shelter, food, and medical care, and will contribute to building a future that holds safety and hope. Thank you to everyone who contributes to achieving this goal, and we invite you to join us on our journey to rebuild our lives and achieve safety and peace for our children and for all who need help.
- A breakdown of what the funds will be going towards:
- Travel costs me \$29,000
- (\$7,000 for an adult and \$2,500 for a child)
- Rebuilding the house costs \$45,000
- Work equipment:30,500\$
- (laptop \$4,500, cameras with lenses \$11,000, other accessories and tools \$15,000)

- N.B. please excuse me but for the protection of me and my family, I cannot show images of my face at this time. Gaza is extremely dangerous right now -- Mohammad

[Save Maryam's family from war](#) (GoFundme)

- I am Maryam, the mother of three children, the youngest of whom was born during a time of war that forever changed our lives.
- The moment of her birth inside a tent amidst bombing raids was unforgettable for me, mixing the sorrow of loss with the joy of new life. Our new home, purchased with effort and determination, became a victim of indiscriminate shelling that defied all humanity. Everything we built with our own hands and dreamed of collapsed before us like paper in the winds of war.
- Yara, my 10-year-old daughter, lives in a time that does not befit her childhood. Yara once dreamed of becoming a doctor or a teacher, innocent imaginations that filled her days. But her dream turned into a nightmare when shells began to rain down on our lives. Our entire lives changed; her innocent play turned into screams and tears, and the security she once felt in our old home became shattered and uncertain.
- Abdullah, who is 7 years old, also faces a tragic experience because of the war. He was once a lively and innocent child, filling the house with his laughter and innocent dreams before the conflict began.
- But now, his eyes carry fear and anxiety, living in a state of constant uncertainty and danger. Wars do not recognize childhood; he is exposed to the sounds of shells and explosions that tear the ground from beneath his feet. He finds himself fleeing with his family from their destroyed home to an unknown place, searching for a safe haven that protects them from danger
- Eight years of attempts and treatments for pregnancy were a difficult and exhausting journey. Each pregnancy was an attempt to revive hope for the future, but the war made it more complicated and painful. The final moments of my pregnancy were heavier than ever, with nothing but a fragile tent to shield me from the harsh nights and the ongoing bombings.
- But when my little daughter was born, I saw in her eyes a light reflecting the strength of life and humanity's determination to survive. Our journey

through war and destruction is not just a story of sadness, but a story of the strength of a mother and resilience in the face of all hardships. I feel pride and gratitude because I possess this inner strength that has helped me confront all these challenges.

- Despite everything, I still dream of a better day for my children, a day when they can live in peace and safety, far away from the echo of cannons and the clamor of wars. I extend my heartfelt thanks to everyone who has supported and helped us, for they are the ones who have given us hope to sustain humanity and the spirit of solidarity in a world full of challenges and difficulties.
- I invite you all, sincerely and earnestly, to extend a helping hand in building a safe and bright future for my children. They are currently living in harsh conditions that do not befit their innocence, yet we hold great hope in our hearts that a day will come when they can live in peace and tranquility.
- Thank you for your support and solidarity. Let us unite for a better future for our children, as they are the beacon of hope that lights our path through all darkness.

[Help my family survive famine and have secure life](#) (GoFundme)

- Dear friends, family, and compassionate supporters,
- My name is Eman Zaqout, from Occupied Gaza, Palestine. I am contacting you at a really desperate and urgent moment.
- I am seeking your assistance to raise funds for saving our lives and facing the starvation in Gaza.
- I'm a wife and mother of two little kids. My husband Mahmoud Zaqout 39 years old, my son Rakan 12 years old and my daughter Seba 10 years old. I am also an employee working in a medical field and at the same time a scientific researcher conducting different research inside and outside Gaza as well.
- I am just like any motivated and loving life woman, who loves her family, job and warm house. Since October 7th, my life changed dramatically when Israeli military launched a sweeping war against Gaza. My home and our neighborhood in the North have been destroyed early in this crisis. I and my family have experienced disastrous and unforgettable moments in that day when Israeli warplanes started a violent attack with heavy missiles and white phosphorus in our region. Ambulances and the Palestinian Red Cross evacuated us from the targeted place, so we went to my father's home. My job and my

husband's job are gone. Israel forced us later to evacuate again from the north Gaza to the south where they claimed it would be the safe zone but it is not at all. Our sweet home and neighborhood have been destroyed along with our belongings and precious memories. Even if the war ends, it's literally unlivable.

- Forced to flee with nothing but the clothes on our backs, now we are staying near a new displacement camp in the south, lacking access to sanitation, medical supplies, food and drinkable water. Over time, the situation here has become more dire and unbearable, without a source of income, without electricity, just destruction, bombing, starvation, and extermination that does not stop day and night. I am writing while feeling helpless and ashamed. I have never imagined that one day I would collect donations to get out of this crisis, to save myself and my family from death.
- As you know, the war in Gaza has extended for five continuous months and the holy month of Ramadan is about to come. How could we live and hold up in Ramadan while we are struggling for staying safe, fighting hunger and protecting ourselves against bombs??
- Israel limits the humanitarian aids for Gazans including foods, drinks, medicine and everything necessary for basic life, which leads to real and painful famine. **Even flour is not often available and if found, it is sold at too expensive prices like other types of little offered foods and drinks. The price of one flour bag jumped from 14\$ to 280\$. These basic goods become unaffordable so, we spent most of the money we have been saving before, and now filled with terror, with uncertainty about our ability to survive. It gets to the point just to survive is a challenge now, if you're not gonna die from the bombs, you're gonna die from the starvation.**

[Help a family from Gaza](#) (Gofundme)

- Hello, I am Ibtisam Al-Habil.
- My suffering began in 2014 when my husband was martyred, and I was left alone with my seven children and my daughter, Nour, who suffers a Congenital Heart Disease, without a provider or any helped. I faced life's difficulties in all its forms alone. When my children grew up, Omar studied at Al-Azhar University in the Faculty of Nursing. With a "son of martyr" grant he was able to study for his medical degree and become a doctor. He worked at Al-Shifa Hospital temporarily and was unable to get a job. He helped me and we built a house from scratch. We supported each other to provide the necessities of life for my children and provide treatment for my young daughter, Nour.

- Nour is a heart patient and had open-heart surgery when she was seven months old. She suffers from brain atrophy and delayed growth, and Omar became Nour's doctor. He used to give her growth hormone injections on a daily basis.
- Noha joined the College of Pharmacy, and in 2023, my children, Muhammad and Abeer, became in their orientation year. During this period, our lives were like an ideal, and joy entered our lives and Omar got married.
- On October 7, something happened that we did not expect. The disastrous war began. I left my house from the first day, forced. Because of the brutal Israeli occupation, without anything, just my hands in the hands of my children, we were displaced to the shelter schools after our house and neighborhood were completely destroyed, and we spent the most difficult days of our lives. Then the occupation bombed the school, and we miraculously survived and went to Al-Shifa Hospital under the bombing. We slept on the sand without a cover, and we only had the clothes wear. Then we were forced to flee on the morning of the fourteenth of November to the safe area in the south of the Gaza Strip in Rafah.
- On the morning of the sixteenth of November, the tragedy of my life occurred and my heart was broken by the martyrdom of Omar, who was like a father to his brothers... he was the breadwinner for me, his brothers, and his wife!
- He went to get firewood to cook food when the place was bombed. His little brother was injured and had more than a hundred stitches. His eardrum was punctured, and the tendons in his foot and hand were cut, and his body was filled with shrapnel. I and my children were left without support and without shelter. We currently live in a school. Because of my inability to provide a tent or anything else.
- The shelter school is an unsuitable environment for living, and it is full of diseases and hepatitis. Nour suffers every day due to diseases. She's immunocompromised, and I must take her to the hospital every day.
-
- I hope for help to save my remaining children from this war and for my daughter to complete her university studies, as she was a senior pharmaceutical student before the war, to complete her studies and help me build our lives again, from scratch.
- This fund will be handed through my friend Yaser
- Update: Unfortunately today Ibtisam's son Mohammad (17 years old) got shot in the leg by the IDF while trying to get some of the aids dropped by the airplanes on Rafah in Gaza Strip. With no medicine or functioning hospitals, the family are suffering trying to take care of the injured while looking sustenance. It can't get any worse! My Allah be with them in their hardship!

Evacuations

[Ahmed Saad \(Kofi/Paypal\)](#)

- *Palestinian living in Gaza since i born 1994 lived 5 ward lost my dad in the first war 2009 lost my eldest sister reema on 12th of may 2021 with her family Zid and Maryam and her husband. Right now me and my family left our house and evacuated to south surviving day by day.*
- Ahmed is a Palestinian born, raised, and living in Gaza. He's on tumblr (@90-ghost) and he's currently trying to raise money for his brother's family so they can all evacuate from Gaza.

[Emergency: Help Moataz's family to evacuate from Gaza \(Paypal\)](#)

- *We are now in the sixth month of the ng in famine and siege, with no escape but prayer. My wife and I decided to evacuate to Egypt to rebuild our lives, which were destroyed like the lives of any family here, to secure a future and a better life for my daughter, Maria, away from wars. Our hearts are tired. We want all of this to end as soon as possible, but we don't know for how long. Your quick support, no matter how small, will save lives from this brutal war, Wishing you better days than ours.*

[Seeking Help to Evacuate My family from Gaza \(GoFundMe\)](#)

- *Greetings, I'm Dana. Three years ago, I received a life-changing opportunity: a scholarship to study dentistry at Erciyes University in Turkey, becoming the sole student selected from Palestine. Venturing into this educational journey amidst challenging circumstances meant leaving my family behind. The strain of being a foreign student, compounded by the growing risks faced by my family, weighs heavily on me each day.*

[Baraa Awoor - Help Evacuate Maryam and Her Family from Gaza \(GoFundMe\)](#)

- *In the midst of the relentless war that has plagued Gaza for over 100 days, Maryam and her family are enduring the harsh reality of displacement. Having lost their home due to incessant bombings, Maryam's family continues to move from one place to another in the south, seeking safety.*
- *Tragically, Maryam's father was recently arrested, enduring physical abuse and humiliation, significantly impacting his health upon release. Maryam's plight is*

emblematic of the countless families caught in the crossfire of this enduring conflict. Maryam, an intelligent child who loves learning, has just started her first year in elementary school, a journey cut short by the ongoing war. Maryam yearns for school, and her continued presence in this war zone hinders and delays her education more and more

- *We urgently appeal for donations to facilitate the immediate evacuation of Maryam and her family from the war-torn Gaza Strip. The funds will be allocated towards securing safe transportation, temporary shelter, and essential provisions for this distressed family.*
- *Your contribution can make a profound difference in providing Maryam and her family with a chance for safety and stability. Let us come together to offer a glimmer of hope to those facing the harsh realities of war in Gaza.*
- *Donate now to be a part of this urgent humanitarian effort. Every contribution brings us one step closer to ensuring the well-being and security of Maryam and her family. Time is of the essence, and your support can make a lasting impact on their lives.*
- *Join us in this critical mission to provide immediate relief to Maryam and other families suffering in the wake of ongoing conflict. Together, we can make a difference and bring solace to those in desperate need.*

[Fundraiser by Lou Brossier : Help Mohamed Farah Family Escape Conflict in Sudan \(GoFundMe\)](#)

- *I reach out to you today with a heavy heart, seeking your assistance in aiding my dear friend Biggy's family's escape from the escalating violence in Sudan. My name is Lou Brossier, a close friend of Biggy, and I am opening this fundraising initiative to rally support for his family during this dire time. The safety and well-being of Biggy's family, consisting of his parents, seven siblings, and himself, hang precariously in the balance due to the tumultuous events unfolding in their homeland.*
- *Last December, the Rapid Support Forces (RSF) launched a harrowing attack in Madani City, Aljazeera state. Before this, they had already targeted their home in Khartoum on October 28. They came searching for his brother, falsely accusing him of affiliations with the Sudanese Army Force (SAF). Fortunately, he had departed for Madani with his father, joining his mother and other siblings, just in time before the assault.*
- *In the aftermath of the Madani attack, his family was forced to flee once more, this time to Kassala state near the Ethiopian border. Their perilous journey took three exhausting days. Fearing further violence and potential attacks on eastern and northern states, his family is now planning their escape to Egypt, seeking refuge from the relentless turmoil.*

- *The journey they have embarked upon is fraught with danger, uncertainty, and immense challenges. Their resilience, hope, and determination to find safety amidst adversity inspire us all. Your generous donations, no matter how small, will play an invaluable role in aiding Biggy's family escape and ensuring their safety.*
- *The funds we are raising will be used to cover basic needs and for survival purposes. This includes purchasing food, water, temporary accommodations, transportation for their safety, and essential healthcare. Your generosity will directly contribute to ensuring that his family can meet their basic needs during this challenging time.*

[Help a family have a chance in life](#) (Gofundme)

- *I am Dr. Haya Ahmed Hegazy, 28 years old*
- *Obstetrician and Gynecologist (Board of Obstetrics and Gynecology, R3)*
- *From Gaza, which has been under siege for years and whose people have been subjected to genocide since October 7. Until this moment, the aggression and bombing of our people in Gaza has not stopped, in addition to all kinds of suffering, torment and violations. Slow death due to hunger, thirst, displacement, spread of diseases and inability to obtain any medical care. . And the constant threat of death due to the continuous bombing. Since the beginning of the war, my family and I have been displaced from our home in Gaza City to the south in Khan Yunis, and then again to Rafah, where we now live in completely inhumane conditions. Despite this, I never stopped helping bereaved families with medical care and giving birth to women in IDP tents. Providing medical consultations on social media sites and providing free health and food aid and humanitarian initiatives since the beginning of the war to everyone who needs me, until I now found myself in need of someone to help me and my family get out of Gaza to complete my studies... It is not reasonable for me to stand idly by and wait for my turn until I die. After all these years of fatigue.*
- *Please consider making a donation. Every little quantity counts! If you can't, please consider sharing this with your friends. I will be forever grateful.*

[Help my family evacuate from Gaza](#) (Gofundme)

- *My name is Rana Muneer, and I am a Palestinian residing in Gaza strip. Today, I come to you with a heavy heart, seeking assistance in getting my family members out from Gaza .*
- *My family in Gaza consists of 5 members, including my husband 2 daughters and one son . Regrettably, I received news of the passing of my uncle 3 days*

ago. Since the onset of the war, we have lost over 98 cousins, leaving us uncertain about the fate of my aunts, uncles, and their children. The war has stripped us of everything – our homes, our businesses, and our sense of security.

- *Amidst the chaos, my family was forced to flee multiple times, moving from the north to the south of Gaza. Now, they find themselves without shelter, living on the streets with no place to call home. The situation is dire, particularly for my two years daughter. as my husband struggle to procure basic necessities like diapers and milk. Access to medication is scarce, compounded by the lack of clean water and adequate nutrition, leading to a myriad of health issues.*
- *Despite the hardships, my family members are highly educated individuals from diverse professional backgrounds. My husband is a supervisor in the ministry of heritage , myself is a teacher.*

[Help our family evacuate Gaza and find safety \(GoFundMe\)](#)

- *Dear friends and people of compassion,*
- *We are desperately asking for your assistance. Despite their resilience and relentless optimism for an end to the war, our family in Gaza have made the difficult decision to flee their homeland after four months of constant bombings, violence, and starvation.*
- *Our family was violently displaced from their home in Gaza city and are now living in Khan Younis in a house of 60 people with scarce food, no potable water, and no electricity. Every day is a struggle for survival as they must scavenge for food and wood for cooking while simultaneously being surrounded by tanks and enduring constant bombardment.*
- *We have already suffered the terrible loss of ten family members, including children, to tanks that destroyed their home. We can't bear to see our family suffer any longer which is why we've started this crowdfunding campaign to evacuate them to Egypt for safety and stability.*
- *Unfortunately the cost of escape is more than we can afford so we are relying on your generosity to help our family find some peace. This is for one branch of our family in Gaza, nine people, who are hoping to escape, and the border crossing fees are high.*
- *If you are able to donate, no amount is too small. Your kindness and compassion will not only save our families lives but also restore their chance to live a dignified life.*

Cost Breakdown

- *Rafah border crossing: 9 people * \$6,000 = \$54,000*
- *Passport fees: 9 * \$150 = \$1,350*
- *Rent a home: 2 months * \$500 = \$1,000*

- *Living expenses: 2 months * \$1,500 = \$3,000*
- *GoFundMe fees: \$59,350 * 2.9% = \$1,721*
- ***Total: \$61,071***

[Escaping Gaza To Pursue My Dreams In Medicine](#) (GoFundMe)

- *If you would like to confirm the validity of this campaign, you can message either Bashar or I on Instagram. Our usernames are basharinshasi and darina.bishop and our accounts are public.*
- *Here is Bashar's story: I have carried the dream of studying medicine since childhood, but now that my dream has become more important and my goal of studying medicine has become an unavoidable goal regarding what I saw of the dire need for doctors in my city of Gaza in this war that we are still living in until this moment. I write this letter after more than four months of bombing, destruction, starvation, and genocide to which we are subjected. I took the first steps in realising my dream after I finished high school and obtained a 99.6 % and ranked second in my country after struggling and studying in order to obtain a scholarship because my family isn't able to afford my medical school costs. I registered at the Al-Azhar University majored in medicine through the scholarship of His Excellency the President, and I had started studying in September.2023, and I had only completed approximately two weeks on my dream path before this war began and the occupation bombarded my university and demolished it, as it did in all the universities of the Gaza Strip, and my dream has vanished along with it. The financial burden on my father has become unbearable , especially in light of the bad conditions caused by the war and the destruction of my house. My father may need many years to rebuild it and put everything he owns in it. At the end, I aspire to be an extraordinary doctor in my field, in order to help the people of my city, Gaza, who are suffering from various physical disabilities , such as amputations and others, and health problems caused by the war and the killing of many, many medical teams while performing their duties in hospitals, clinics and medical facilities, which led to the collapse if the health system in the Gaza Strip, so I hope to continue my dream of studying this specialty as soon as possible.*
- *This gofundme has been created and managed by Darina Bishop, a trusted friend to Bashar Inshasi's older brother. I live in Australia and while in close communication with Bashar's family, I am a vocal advocate for Palestine. The target donation amount of this gofundme is*

\$65k Australian dollars equalling to around \$42k US dollars. To enter Egypt from Rafah, it will cost \$10k US dollars alone. \$25k will be allocated to tuition fees at Bashar's new university. The remaining approximate \$7k will go towards housing and food for Bashar. Once our goal has been met, the funds will be transferred directly to Bashar. Thank you so very much for your kindness and generosity. Your support is deeply appreciated ❤️

[Help Randa's Family flee war in Sudan](#) (GoFundMe)

- *Hello,everyone ! My name is Randa , and my friends organised this fundraiser to help and support my family in finding their way to a peaceful place, hopefully joining me in Rwanda.*
- *Six members of my family are trapped in Sudan, including two with disabilities and chronic illness. My father, who is 70 years old, retired a long time ago due to his medical condition (completely blind with both eyes). He is also diabetic . Our youngest sister had been diagnosed with Erb's palsy since birth. My father and three sisters are now stranded and stuck without first aid treatment, water, food and shelter in Sennar State and my two brothers are trapped in Khartoum in our house where our neighbourhood is under RSF control!*
- *On April 15th, a war broke out in Sudan between the Rapid Support Forces (RSF) and Sudanese Armed Forces (SAF).they were stuck in Khartoum for 3 months under the air strikes and gun shots, lack of water and electricity for weeks.*
- *As a result of this tragedy, our neighbourhood was occupied by the RSF, and they have been forced to move to a village in Sennar state, seeking safety.*
- *A weeks ago, the war expanded to Al Jazeera states. Currently, they are stuck in Sennar, fighting to survive with limited resources (electricity, food, water, network, medicine) as we've lost all our income sources.*
- *We read in the news that RSF has entered Sennar State and with them fighting in Sennar and the high risk of facing sexual abuse and rape of my three sisters, as they use this strategy to terrify people,every hour counts ! It increased my stress and made me worry. Therefore, I 'm asking for your support to airlift to Rwanda through Uganda or South Sudan from this situation.*
- *All our properties have been looted, destroyed and lost with the crisis. With the current situation, me and my family have nothing left.*
- *This is the only hope for me to save the lives and re-unite of my family . To make this possible, I need your financial support to be able to evacuate them from the war zone to Rwanda.*
- *Kindly find the budget breakdown below.*
- *250 USD per person to travel to Port Sudan = 1500 USD*
- *800 USD flights ticket to Uganda from Port Sudan per person = 4800 USD*

- *25 USD per person times six people to board a bus from Uganda to Rwanda = 150 USD.*
- *2500 USD for rental arrangements for the first three months.*
- *140 USD for residency permit per person = 840 USD*
- *3000 USD minimum cash show to enter Rwanda .*
- *Total of 12,790 USD.*
- *The money will be transferred to me in Rwanda through MoneyGram then I'll transit to my family through a local bank account (Bank of Khartoum) as there are no other ways to receive international transactions in Sennar state.*
- *Please don't underestimate the impact of any amount of money; it would make a huge difference for us.*
- *If you need any further information, kindly do not hesitate to contact us!*

[Save a family in Gaza. Medical attention needed](#) (GoFundMe)

- *My name is Dr. Abd Alrahman I am a fresh graduate who returned to Gaza 9 months ago. Returning to Gaza after being away for 8 years after completing my post-graduate was very difficult for me as I did not see my family while I was away completing Medical School. Now my family and I are trapped in the gut-wrenching mess of the Gaza war. Currently, I've dedicated my full time as a Doctor, giving an extra helping hand without expecting anything in return, all for the sake of those injured by the harshness of the war. Meanwhile, my own family lost everything including our home and memories, are all gone. We need an out, a chance at safety.*

[Help Hasan and his family to be safe](#) (GoFundMe)

- *My name is Hasan, I am a 27 year old biology teacher in Gaza. My family and I were asked to evacuate our home in the middle of Gaza and to flee to the south of Gaza since October 7th. We fled to unknown circumstances, desperately trying to help ourselves to stay safe. We evacuated to more than seven places which are not made for human use. There is no water, no bathrooms, no food, and no safe place to sleep. We left everything behind us. Our memories, our precious belongings, clothes, documents, our dreams, and our house—in we built every inch from our sacrifices and sleepless nights. And most importantly, we lost our cats. After all of this time—90 days of suffering—we were informed that our beloved home was smashed into small pieces. The bitter truth is that we are dying over the fact that there is no returning back to our home and our cozy life because it is simply no longer exists. My only wish is not to lose anyone of my family, as I lost some relatives and friends. it breaks my heart to see and I am asking for your help in saving us from this genocide.*

My mom needs proper medicine and we need urgent support in saving her state of health. My brother and I wish to continue our studies. funds will be spent on securing safe travel to egypt for 3 refugees ‘ Please share and donate!!!!!! Hasan mahdi rajab Jamela saleh rajab Nedal mahdi rajab.

[Helping a family leave Gaza to escape the war](#) (GoFundme)

- *We all watched the war on the Gaza Strip and saw children and women being killed and destruction and rubble everywhere. This page (Go Fund Me) aims to collect money and donations to help little (Mayar) and her family, who, along with her brother, runs a shelter for homeless cats, where she cares for them, feeds them, helps them, and treats them. Her Twitter or X account is (@catspoor5) where you can see their work in caring for and treating cats and providing everything they can for a better life for cats and animals. They also have friends they know who support them and hope to get them out of the Gaza Strip. To Egypt, but we cannot collect the money that would enable them to leave Gaza on our own, so we want your support. Since they are located in Rafah, which is adjacent to the crossing with the Republic of Egypt, for your information, each person needs to pay an amount of \$5,000 in order for his name to be included at the Rafah land crossing so that they can leave. We hope and desire to collect an amount of \$30,000 so that they can pay to leave. They have lost their home. And their lives, businesses, relatives and friends, we will be very grateful and thankful if you can help this family.*

[Nour would like a chance to live in peace](#) (GoFundme)

- *A few days later, we were ordered to evacuate the building where my childhood home once stood and so we had to quickly collect a few belongings and leave my parents house. Nour, my husband and his family, myself and my parents moved to my sister’s house which was in a quieter neighborhood and a smaller building. That was our second displacement. Shelling equally followed us to that area, so this time along with my sister, her husband and his family and all of us had to move again. We had to split to 3 different places due to available places to shelter and thus with our 3rd displacement, the incessant bombing, lack of water, food, electricity and multiple communications blackouts we also had to endure the separation and the inability to communicate inside Gaza as well as being cut out from the outside world.*

- There's no place safe in Gaza, we can be bombed at any time and anywhere across the strip. Displacement is hard on adults, so it's unimaginably harsh on children who are not able to comprehend why they have to move from one place to the other, the reason there are some basic day-to-day things that keep changing, such as water to shower, food, water, being enclosed without going out and of course the noises of the war planes and raining bombs. For Nour, the fact that she rarely sees her father is another new reality she had to get used to. I stayed with my parents at some relative's house and my husband had to stay at his work due to the continuous emergency need. Amid all of these horrors, we received the news that my parents house, that place we used to call home where we lived our childhood, as teenagers and adults, that neighborhood where we lived with our friends and neighbors for years was simply reduced to rubble. All 4 buildings and surroundings were wiped up from the neighborhood. In a few minutes, a lifetime was lost. Home, savings, friends, neighbors, memories, all vanished in a blink.
- My greatest concern is Nour, her future, where she will live, study and grow up. There's nothing left in Gaza, all life sustaining means are now destroyed. Nour's future became blurry and dark. We had dreams, me and my husband, for us and for Nour. We dreamt of a simple, peaceful and bright life and a successful future for Nour. We all have the right to have a normal life and Nour deserves a normal childhood and a bright future like other children worldwide. We should be able to provide our daughter with the essentials for a normal life, such as safety first of all and material needs such as food, clean water and clothing and also education. These are the minimum rights of a child.

[Help me to survive by get out of Gaza \(GoFundme\)](#)

- *Hi world, I'm **Marah Owda from Gaza**, a recently graduated dentist .*
- *i couldn't practice my career due to the ongoing aggression on gaza . I have never been out of gaza and have never considered living in aonther country despite living under the siege for more than 17 years that causing unemployment, starvation and destrutions in all aspects of life. Even now , in the middle of the war i wouldn't want to leave gaza “*

except i wouldn't say no for a short trip when everything is over if i lived inshallah , it's become a Psychological need ” .

- *I want to work , marry , get children and die in my beloved city, the home of mine and my grandparents. Before all of this began i had a dreams , life and an amazing house where i live with 25 members of me family. Which sadly got bombed by the Israeli occupation forces even though we are innocent civilians.*
- *since then me and my whole family became homeless and all of our lives had been destroyed as well as my family's shop the only source of income that we had . After many horrifying days we had to flee to the south in the sake of saving our lives or to be more accurate to reduce the danger on our lives and now we are living in tents in the streets without any Primary human needs.*
- *You can help us so when this aggration is over we can rebuild our house and shop to be able to live similarly to the way we used to*

[Help the family of Sobhe to leave GAZA \(GoFundme\)](#)

- *My name is Sobhe Al-Sayed, from Gaza (Palestine). It is with deep reflection that I write this appeal. I strongly request your generous support to facilitate the evacuation of my family – my father and mother and three brothers – from the difficult conditions in Gaza. Their access to water, food, medicine and basic hygiene hangs by a thread, entangled in the web of war and the blockade imposed on the Gaza Strip*
- *I suffered death many times, the demolition of my home, I was displaced 7 times so far, and*
- *I was killed many times by brutal indiscriminate bombing from the occupation, but I cling to the glimmer of hope so far to survive in the abbreviated “War of Survival.” The decision to demand their evacuation is painful, because it arises from the intolerable reality that survival has become untenable.*
- *I often remember my beautiful life before the 7th of October, my beautiful, warm home, the security that I felt in it, my work, my studies, and my future ambitions that I would be one of the most influential, successful, and advanced people in the world, and my favorite sport, all of which became in vain. I went with the rubble of my home, and there was no other way for me but to emigrate. I beg. Here's to help, not just for my family but for the faint hope that remains in this devastated land.*
- *For the future and dreams of unknown fate.*

- *We are suffering from death in northern Gaza many times over from various aspects of life.... There is no need for water at all and no need for flour to eat, so we are learning anything and trying to grind it to satisfy our hunger, such as wheat, barley, corn, and wheat !!! They will not die from bombing or killing. We will die from hunger and thirst. Therefore, we are all crossing the Rafah border between Gaza and Egypt and ensuring the safety of our family.*
- *We urgently need to be included in the crossing list, which requires a lot of wages to be paid. However, the coordinators in Egypt collectively charge between \$7,000 and \$8,000 individually for this permit, and insist on proof of funds before adding our names.*
- *As a member of the judiciary, his responsibilities are heavy on a large number because I and I chose to help as much as we can and he cannot bear the thought of doing anything to them while I stand helpless to help them. Your support is our lifeline. I appreciate any donation, no matter how small, as it will greatly impact our plight. Please consider sharing this initiative widely with your network to accelerate reaching our goal, as every moment in Gaza is fraught with risk. Our goal is to raise funds for everyone.*

[Evacuate the Zamli family from Genocide to Safety!](#) (GoFundme)

- Hi, my name is Arwa and I'm an Arab-American therapist living in Florida. I am fundraising to rescue our friends the Al Zamlis (Feras, Qamar, Mehedi, and Muna) from the brutal war taking place in their home of Rafah, in the southern Gaza Strip.
- The Zamlis have done a huge amount of work in the community during the war (giving free haircuts at UNRWA shelters, building tents and shelters, purchasing necessary food, and many other efforts.) We must now help THEM in their time of need as well!
- It is URGENT that we help the Zamlis evacuate a war zone immediately. Egypt has raised the border cost significantly so their escape from hardship will ONLY be possible through this fundraising campaign. They are counting on us! (Breakdown of funds detailed below.)
- Please share widely and donate generously, as if this were your own family and friends! Help us support them to reach peace and freedom after having their lives turned upside down so brutally. Thank you so much for your support!

- **Breakdown of Funds:** It costs \$9,000 per adult to cross the border into Egypt, \$36,000 total for all four of them.
- We hope to surpass the fundraiser by \$3,000 to help cover GoFundMe fees and international transfer taxes. All additional funds will go to interim travel expenses such as food and a temporary rental in Egypt.

[Help me get my handicapped child out of Gaza \(GoFundme\)](#)

- Hello, I am Heba, 23 years old, and Adam is my youngest brother, we are a family of 10 individuals, including parents and children, one of them is married and has a daughter. The fundraiser is my aunt who lives in Belgium.
- In the early days of the war, most family members were injured as we tried to escape the intense bombing that hit our area, which resulted in the destruction of our home and car.
- The Maqadma family's house has been bombed, and currently, the family is stranded in Bodrum. There are injuries among them.
- Their address is Al-Tawam, an extension of Al-Nasr Street, before Astro Supermarket. There is a laboratory for analysis at the head of a side street, a street near Al-Tawam Pharmacy.
- Their contact number 00972595690008
- Thankfully, the injuries were minor to moderate, except for my father who suffers from significant damage to his hand and still needs an urgent procedure that can't be done in Gaza.
- My niece, Sara, who is a year and three months old, was injured in the head and hand.
- My youngest brother, Adam, who suffers from cerebral palsy (we face difficulty in obtaining his chronic medications in Gaza), sustained minor injuries.
- We were transferred to Al-Shifa Hospital and stayed there for a month before evacuating to Khan Yunis and later to Rafah in search of a safe place.
- Our family is in pursuit of stability, striving to rebuild a new life amidst the ruins. The destruction has also impacted our family's means of livelihood, which gave us no other choice but to evacuate from Gaza. Your assistance is sincerely appreciated as we want to stay safe and save our lives.
- Why do we need this money and how will it be used:

- Passing Rafah Border: 5000 for each person to pass Rafah border, which we will pay them for Ya Hala company: $10 \times 5000 = 50000$
- My father's treatment: My father needs around 5000 for surgeries, treatment, and physical therapy, he needs neurological surgery and cosmetic surgery, which will be made in Egypt.
- Adam's treatment: 5000 Adam needs physical therapy because his condition got worsen due to lack of therapy during war, a new wheelchair, and doctor appointments.

[Help get my family out of Gaza](#) (GoFundme)

- *Rudayna is my name. Living in Gaza, I was about to set out on a voyage full with enthusiasm and expectation to pursue my master's degree. Unfortunately, though, my dreams were brutally stolen away and reduced to little more than ashes in the confusion as the war's fires consumed our life.*
- *A source of strength and compassion, my mother devotes her life to helping expectant mothers as a maternity nurse.*
- *As for my father, who was previously the pillar of stability in our family, the merciless tide of battle left him adrift in the wake of the war, having taken away his means of support.*
- *And then there's my sister Layla, whose future hangs in the balance after the ruthless bombs that destroyed our city destroyed her hopes of attending Al-Azhar University to become a dentist.*
- *My brother Abdullah was also about to start his academic journey, standing on the brink of a new chapter in his life. However, destiny had other ideas, and now his hopes are scattered among the ruins of his fallen university, lost in the turmoil of battle.*
- *the meantime, my brother Talal, who is still in the early years of his schooling, languishes at home, his playground a distant memory, and my sister Maha's education has been put on pause for months, her classroom replaced by the reverberating silence of empty halls.*
- *It has always been difficult and resilient to live in Gaza with my cherished family. However, since the conflict began, our once-vibrant lifestyles have come to an abrupt end. The streets we used to walk about freely are now dangerously close to peril.*
- *At the border, we have to pay \$10,000 for each person to exit Gaza, on top of the expenses for transportation, food, and other Help my family's escape from Gaza.*

Evacuate my family to safety from the war in Gaza (GoFundme)

- *My name is Mohammed Al-Zaharna, a resident of Palestine, specifically from Gaza. Today, I come to you with a story that resonates with resilience, survival, and the indomitable human spirit amidst adversity.*
- *As an accountant in Gaza, my family of four and I found ourselves engulfed in the chaos of the war that erupted on October 7th. The scenes of bombing, destruction, and forced displacement became our harsh reality, compelling us to make the agonizing decision of leaving our home in search of safety.*
- *Gaza, once a place we called home, turned into an inhospitable environment, stripped of life's basic necessities. The fundamental elements of life—shelter, food, and security—were cruelly snatched away from us. In the aftermath of this turmoil, I witnessed the loss of nearly everything that defined our existence. Gaza no longer feels safe, leaving me with a profound determination to carve out a new life for my family, far away from the constant specter of war.*
- *Today, I reach out to you not merely as a survivor but as someone steadfastly committed to forging a path towards a brighter future. My aspiration is to relocate my family and myself to a place where we can rebuild, liberated from the shadows of conflict that haunt our beloved Gaza. To embark on this journey, I seek your support through a fundraising campaign with a goal of \$50,000.*
- *Today, I reach out to you not merely as a survivor but as someone steadfastly committed to forging a path towards a brighter future. My aspiration is to relocate my family and myself to a place where we can rebuild, liberated from the shadows of conflict that haunt our beloved Gaza. To embark on this journey, I seek your support through a fundraising campaign with a goal of \$50,000.*
- *The increased campaign goal of \$50,000 will allow for a more comprehensive approach towards securing the well-being and stability of my family. I am a firm believer in transparency, and I want you to be fully aware of how every dollar will be utilized:*
- *The primary allocation of funds will be towards ensuring the safe relocation of my family outside of Gaza. This encompasses travel expenses, visa fees, transportation costs, and other associated expenditures. The increased goal will enable us to pursue safer and more reliable means of transportation and accommodation, ensuring a smoother transition for my family.*
- *A significant portion of the funds will be dedicated to covering initial living expenses in our new destination. This includes rent, utilities, groceries, and other essential items required for daily sustenance. The expanded campaign*

goal will provide us with the financial stability needed to settle into our new environment and focus on rebuilding our lives.

- *Education remains a top priority for my children, and a portion of the funds will be allocated towards ensuring they have access to quality education in our new surroundings. This includes school fees, supplies, and any additional educational support they may require. The increased goal will allow us to invest more substantially in their educational needs, providing them with the opportunities to thrive academically.*
- *To address any unforeseen challenges or emergencies that may arise during our transition, a portion of the funds will be set aside as an emergency fund. This ensures that we have the necessary resources to navigate unexpected hurdles and maintain stability in times of crisis.*
- *Your contribution, regardless of its size, will serve as a beacon of hope for my family. It signifies a step towards a brighter future, liberated from the constant threats that have plagued us in Gaza. I am profoundly grateful for your consideration and support during this challenging time.*
- *To contribute to our campaign, please visit [insert fundraising link]. Your generosity will have a profound impact on our lives, and I genuinely appreciate your willingness to stand in solidarity with us on this journey.*

[Help me and my family to survive](#) (GoFundme)

- *O merciful souls I address you with a broken spirit...and I write these words from the depths of despair My name is Haitham, a teacher from Gaza. I spent 25 years teaching, during which I built generations of pride for me and for them, and during which I also built two homes, for me and my only son, who was preparing for marriage after he graduated from university...and suddenly something happened that we did not expect. The last war on Gaza destroyed everything, and destroyed the two homes and everything we owned with a clear conscience. Unfortunately, this is not the first time, but the second time that the occupation has destroyed my home during the ongoing conflict...*
- *Dear and loyal ones, I did not come to you until after successive wars had exhausted us throughout our lives. In a country with few resources and many wars, it is not easy to rebuild what the occupation destroys every time. Until I became convinced that the only survivor is the one who dies so that he does not see the continuous bleeding of his losses before his eyes. O Allah !! All our dreams were shattered. In the middle of the night on October 20, 2023, and in the midst of the chaos of war, bombs rained down on the two houses, and they simply turned into rubble. My family and I have been homeless since that time, and we only have the clothes we wear. Our cherished memories, our hopes for the future, were all snatched from us in an instant, leaving behind nothing but the echo of loss, frustration, fear, and little of what was to come.*

- *Since October 20, 2023, we have been in a state of displacement from tent to tent and from place to place inside Gaza, which is being bombarded and exterminated throughout the day. My family and I still escape certain death every time, and I still reject all attempts to displace us through siege at times and starvation and bombing at other times. Just imagine for a moment what you would do if a tank stood in front of where you were for 15 days, sniping at every mover, while you were inside without food and water!! What difficult days, we lost the ability to continue.. But I was feeding on the prayers of my mother, whom the occupier lost one of her eyes due to her injury, and caused her, my children, and my wife constant terror, destitute mental health, and exhausted bodies, and I do not know when we will recover from all of this, while the cruelty of our oppressors continues to follow us. Now, we find ourselves in a shelter, a grim reminder of the fragility of life and the harsh realities of conflict.*
- *Dear and free people everywhere, we are now facing the stark reality of being abandoned and left to fend for ourselves in a world that has turned its back on our suffering and losses that are accumulating day after day.*
- *I turn to you, loyal people, to help us build our home. I do not have anything to keep me going while I want to stay in my country, Gaza. Everyone is asking for financial help to leave Gaza, while we are asking for help so that we can rebuild what the occupation destroyed, and build hope and the future with your help and the help of sincere people around the world.*
- *I am grateful to everyone who wants to help us overcome what we are in. I cannot imagine what we will do and how we will manage our affairs without shelter. Please help us*

[Help the children](#) (GoFundme)

- *Dear friends, family, and kind hearted souls ,I'm reaching out to you with a heavy heart for help, for children who have faced unimaginable challenges. My name is Zain, a 23-year-old Palestinian dentist,displaced in Rafah- "s" Gaza and I find a children in a situation that no one should ever have to experience, trapped in a nightmarish reality.*
- *I always hear a voice inside them saying: We don't deserve all this cruelty, do we?"*
- *Could you close your eyes for a second and imagine the feelings of those children? Children of their age all over the world live in love, peace and luxury.*
- *Now I am writing to you from the heart of displacement,Suffering,pain,fear,sadness,and hunger.However, I still believe in breaking the chains of injustice.*

- *So I am starting a GoFundMe campaign to raise the necessary funds to help me to do purely humanitarian work for children, drawing a mesmerizing smiles while providing for basic human needs.*
- *Every night in which I lose hope of survival, the hope of giving revives within me. This is an attempt on my part to console myself and make others happy, So I humbly ask you to help.*
- *Regardless of its amount, as your donation holds the power to make a significant impact. This means more than just financial assistance. It is a testimony to combating injustice and upholding priceless human value.*
- *It's humanity to preserve the dignity of children and not hurt their feelings. So I am here to spread love and Smiles , not suffering.*

[Support Mohammed and his families evacuate Gaza \(GoFundme\)](#)

- *I am Mohammed Al-Najjar, currently residing in Gaza amidst the devastating aftermath of Israeli bombings. In 2012, I lost my home in Eastern Rafah, and in 2023, this war took away my current rented apartment where I planned to hold my wedding on 11/8/2023 with my partner, Sarah. The conflict shattered our dreams, resulting in the loss of 20 relatives and friends due to Israeli bombings. I've also lost my job and income; Sarah lost her engineering job, and my sister Nisreen, a skilled candy industry worker, lost her employment.*
- *My 60-year-old mother, Sumaya, now deaf due to constant explosions, suffers from chronic illnesses, worsened by the challenging circumstances, making proper care nearly impossible. Your support, regardless of size, will significantly impact our lives, helping us meet basic needs and alleviate overwhelming debts. Your generosity provides hope to rebuild our shattered dreams and create a new future abroad.*
- *With abundant love and appreciation, Mohammad Al-Najjar.*

[Help my family to evacuate from genocide in Gaza \(GoFundme\)](#)

- *my name is Abedalrahman Salem Alhabil, 21 years. I live in Gaza. I have 5 siblings with my parents. I survived from 6 wars in Gaza. And now, I don't know that will survive from this genocide war. The Israeli aircraft destroyed my house which we lost everything in our home such as my laptop (I am a graphic designer), This means I can't work again. After our home demolition, we were displaced to the southern Gaza, we live in a tent with my relatives 60 people.*
- *My father suffers from chronic heart disease and high blood pressure, and there is no medication or medical care for him. He needs urgent catheterization surgery. My father is stuck in Gaza and we want to evacuate him to make his*

operation in Egypt. As you know, the Egyptian government imposes entry fees to its lands \$5,000 per person. I hope everyone can help me do that as soon as possible. I don't want to lose my father.

- I will appreciate every single efforts you do it to assist my family survive from this aggressive war.

[Help us evacuate from Gaza to safety](#) (GoFundme)

- In the midst of the ongoing conflict in Gaza, I find myself in desperate need of your support to facilitate my safe evacuation from this tumultuous region. We are a family from Gaza consisting of 6 members. My husband (Rami Masoud) and I (Dalia Masoud) worked as pharmacists. We have four amazing kids(Mansour 14 years, Menna 12 years, Leen 12 years and Nasser 3 years). During the war in Gaza, we've lost our beloved home and pharmacy.
- During the first days, we had evacuated several times within the north of Gaza. After that, we had no choice but to go to the south of Gaza. We've reached (El Nussirat camp) then moved to (Deir Albalah). Finally, we are in very difficult circumstances in (Rafah). Leaving our city is hard enough, however, we have to think about the future of our kids. Every contribution, no matter how small, can make a profound difference in ensuring my safety and well-being during this time of crisis. Your generosity will provide me with the means to access essential resources, secure transportation, and seek refuge in a place of sanctuary and stability. Please help us save our dreams and start a new safe life.

[Emergency:Help Mahmoud's Family Evacuate to Safety!](#) (GoFundme)

- *Help a family of five stay safe,*
- *Dear friends, I am Mahmoud . I left Gaza 6 months ago heading to the United Kingdom to have a better and safer life. I am organizing this campaign to get my family out of the war, and now, after more than 130 days of the great war on our homeland, in which we lost everything: our dreams, our friends, and my father in Egypt lost his livelihood. My family's clothing store and sewing factory have been closed for more than 130 days. To date, more than 130 days of perseverance have been used to market the image of war to the entire world. Fortunately, no one was able to stop this war. I want to make it my responsibility to take my family to a safe place. I made an effort to convey our suffering and resilience through social media, but unfortunately Gaza has become an uninhabitable place without the basic necessities of life.*

- *After the failure of the world and the International Court of Justice to stop the fighting, we were able to unite this group of extermination, and we made steady progress in reducing this horrific war. The matter is very urgent because my mother has cancer. She was being treated in the Gaza Strip, but after the destruction of the only Turkish Friendship Hospital for the Sultan's patients, she must complete her treatment outside the country because she was left without any medical care, like many patients. I always cry every day and feel bad and deteriorated without being able to do anything. The only solution to help us is to help us pay the salaries of the armed forces across the border. But at the Rafah crossing we have to pay \$6,000 per person. I am reaching out to you to help us get out of this war before you lose any of our family's lure. I have no solution other than this. My parents are the most precious thing I have in life, and we have decided not to think about what could be without us. We have a very limited time to place points, so please share them everywhere. Show if my life and your life mean anything to you.*
- *my family name: My mother is patient, My father Ali, Sisters Jana Isle, Brother Louay*

[Please help me to reunite with my family!](#) (GoFundme)

- Hello, I'm Engineer Eyad Luthon. I want to explain my daily life to compassionate hearts. My family is in Gaza City under war.
- Firstly, we are a family with no military or political activity at the beginning of the war, specifically on 10/11/2023.
- I've lost contact with my family members due to the war and tried to appeal to all international organizations to help us know their fate.

[Emergency: Help osama's Family evacuate to safety!](#) (GoFundme)

- Hello My name is : Osama Al-Kayyali.
- I am a Palestinian from Gaza.
- it's my story:
- I did not expect to do this one day, This is my life before the war. I didn't need anything. I had a warm house and my own work. I spent years of my life to complete this project. I can't believe that I'm asking for help now to save my family's life and provide them with a decent and safe life. This war destroyed everything that destroyed all of our dreams.
- We are the sons of glory and dignity. We were among those who helped people. Our motto was always to give. We cherish ourselves on us to ask for support, but there is no trick in hand. I ask God to make our hearts at this stage.
- My family and I are in dire need of your

- support, and time is running out. My family is now at the last point of displacement which is Rafah, after our house in Gaza was destroyed. We were displaced several times, and our source of livelihood was also destroyed. We have nothing left.
- I need this money to help my family to travel and emerge from death and meet all family members again.
- There is a glimmer of hope in the midst of this darkness with your support and generous donations. We can rebuild our lives from under the ashes. Every donation, no matter how small, will make a big impact. Please, I ask you not to back down from our urgent appeal.
- Your support can make a difference in our lives.
- These funds to evacuate the family and these are their names :
- * Fawaz Abdul Ghani Al-Kayali, the year of birth 1965 .
- * Ola Rafik Al-Kayyali, the year of birth 1975 .
- * Abdul Ghani Fawaz Al-Kayali, the year of birth 1993 .
- * Ahmed Fawaz Al-Kayali, the year of birth, 1998 .
- * Osama Fawaz Al-Kayyali, the year of birth 2001.
- The purpose of the fundraising is to evacuate the family from the Gaza Strip and rebuild my house and shop.
- Part of this money will be used to evacuate the family from Gaza through Hala Consulting and Tourism Services where the company takes 5000\$ On one person.
- Thank you.

[Support Surgeon Serving Gaza City](#) (GoFundme)

- Hello, my name is Dr, Abedelwahab . I'm a Palestinian Doctor from Gaza / specializing in general surgery . I'm sent to you because I really need your support to rebuild my home And bring back part of what my life was like before . My family and I are in dire need of your support, and time is of the essence.
- i have decided to sent this message after great contemplation and hesitation. When I realised that there are no longer any options left for me to support my family here or to keep them safe. The situation in Gaza is very dear. I am currently one of some surgeons still working and helping our patients. I have been working 4 hospitals during war from hospital to hospital. I used to own a private clinic in my home, which included all my medical equipment . However, unfortunately I have lost everything including my family home , my clinic , my cars to this war, it got bombed and I remained empty handed. however at the destruction of my family home , my family had moved in with me to stay at Hospital. At the escalation of the bombing and displacement, there is now a scarcity of everything

- Of food, no clean water, lack of public bathrooms. As well as the spread of gastrointestinal diseases along with respiratory manifestations at the hospital.
- Families have been ripped apart. Everybody around me is dying, and even my help is not enough. We are targeted everywhere. The safety of my family and children is not guaranteed. All supplies are dwindling. Gaza is dying and everybody who is here is just a walking dead man. Nobody sees my pain. I have to put up a smile to the world and to the children I treat. I seen all the atrocities this war has brought onto our people.
- So many of my friends, colleagues and so so many of my patients have been lost to this violence.
- Please, I ask you not to turn away from our urgent plea. Your support can make a world of difference in our lives. Let us unite, showing the world the power of compassion and solidarity in times of inhumanity. Together, we can rebuild, reclaim, and forge a future filled with hope and freedom.
- Thank you, from the bottom of my heart, for your unwavering support in this urgent matter.
- 1. **Evacuate** the family south through Rafah to Egypt, and then on to university friends in Europe (without Dr. Abu Warda). \$140,000
(14 adults, 5 children)
- 2. **Support** Dr. Abu Warda to survive in Gaza City and rebuild his livelihood so he can remain at Al Shifa Hospital as 1 of 5 remaining surgeons in all of N. Gaza. \$50,000
(a sack of flour when available costs \$850 in N. Gaza)
- 3. **Support** his wife and child to return to Gaza City, when/if that is possible one day \$30,000
(return visas, travel, & survival until return)

[Help Abood and His Family Leave Gaza](#) (GoFundMe)

- *A message from Abood:*
- *Dear friends around the world. I am Abdullah al-Ghafari. Married and I have two children. We need help our friends all over the world. We want to leave here from Gaza. Live here has become impossible. Because of the great destruction, which he suffered by Gaza. Please help in order to get out of here as soon as possible. This is required for travel and coordination procedures for exiting the crossing. Please help in peace*

Evacuate my family to safety from the war in Gaza (GoFundme)

- *Hello everyone, my name is Hatem.*
- *I currently reside in Germany and am a father of three beautiful children.*
- *I am organising a fundraiser to assist my cousin and her family in escaping the dire situation in Gaza. I'd like to share a message from my cousin,*
- *Lara, who is a second-year nutrition student at Al-Azhar University. She had dreamed of pursuing this specialization her whole life, but unfortunately, the war has devastated both her home and university in Gaza. This year, her brother Basel was supposed to graduate in computer systems engineering, but his dreams have also been shattered by the conflict.*
- *My family—my parents, brother, and I—humbly ask for your assistance in leaving Gaza to escape this nightmare. We need \$5,000 per person to cross the Egypt border.*

I need your help to secure my family due to the war (GoGetFunding)

- Hello friends,I am Abdalhadi from Gaza, residing in Deir al-Balah city. I used to work as a graphic designer in a company in Gaza.
- Our home was partially destroyed from the first month of the war, and miraculously, we managed to survive.
- Now, after months of enduring the war, my family, including my siblings, cousins, and our extended family of 50 people, have no source of income. We are facing a dire situation without any means to confront the difficult circumstances and the disaster that has befallen us due to the shortage of food, water, and medicines.
- We are also experiencing a severe shortage of basic necessities for children and women.
- I feel deep sorrow for our suffering and the necessity to reach out to others for assistance, but we have no other option.
- Obtaining food and water every day has become an unimaginable challenge, and our suffering is compounded by the lack of money to buy our needs.

[Help Muhammed and his family evacuate to safety](#) (GoFundme)

- *I'm Matilde Cunha and I'm a veterinary medicine student from Portugal.*
- *Muhammed Musa Rashadharz (@SARAMoh69489245 on X) has entrusted me with creating and managing this crowdfunding campaign so him and his family can evacuate Gaza. All the money raised will go towards paying the evacuation fees so they can enter Egypt and find some much needed safety, as well as subsequent necessities like accomodation and food, once they cross the border.*
- *The price for evacuating one adult is \$7000 and for a child it's \$2,500. As such, we've decided to set the goal at \$43000. As mentioned before, any extra funds we get will go towards helping them find accomodations and anything else they might need once they're in Egypt.*
- *Let's help him and his loved ones find some much needed safety, any donation, no matter how small, makes the difference.*

[Help Walid and family escape the horrors of Gaza!](#) (GoFundme)

- Dear all, Meet Walid, known as @LoverHomeless on X. For years, he has been a beacon of hope, caring for homeless cats in northern Gaza. Since the recent attacks on Gaza, he's extended his compassion to care for cats who sadly lost their humans. Amidst his selfless acts, Walid is a devoted family man, prioritizing the safety and well-being of his wife Ishraq Herez and their three children, Shahad, Al-Waleed and Salem. We're rallying once again to support them. The previous GoFundMe campaign aimed to help the family leave Gaza. Now, with your continued generosity, we're expanding our efforts to save his parents, too.
- The amount needed to get to Egypt safely is \$7000 per person. Unfortunately, the amount needed to get safely from the north to the border has increased. It is now up to \$2000 per person. We therefore set the goal at 26.000 euros, as I am writing to you from the lovely city of Gouda, in the Netherlands. If we collect more than is needed to get the extended family across the border, we will use it for other needs. After crossing the border, the family will look for much needed psychological help, due to the traumatic experiences they've already had so far. Accommodation and necessities are also needed, so that would be another way to use your donations.

[Help us evacuate from Gaza to save our lives!](#) (GoFundme)

- *Hi, This is Halla Abdelhalim the organizer of this fundraiser. I live in the States in NY and this fundraiser is for my Palestinian friend Sarah Aljamal and her*

family who are currently in Rafah. They lost everything in this genocide and we are trying to raise money for them to evacuate from Gaza to Egypt. Please donate and share this campaign as it's their only hope. Thank you!

[Help Walaa and her family evacuate from Gaza \(GoFundme\)](#)

- *Hi, this is me, Walaa Abusamra, 24 years old and living in the Gaza Strip from childhood, with my family of ten. But since the beginning of the genocide, our life has lost all color and our souls are exhausted. We escape death every second through miracles that no human mind can imagine. Let me tell you the story of me and my family.*
- *I'm a recent graduate doctor from Al-Quds University, Al-Azhar branch. I finished my six-years of studies approximately two months before the war, and like any graduate doctor, I have great energy to complete my internship year and pursue more knowledge with passion and ambition. However, the war had a different opinion, as it destroyed many hospitals and completely demolished any opportunities I could have had to further my education. Now, I dream of completing my studies abroad –in Britain– to specialize in Dermatology because of my intense love for it.*

[Helping us leaving out of G.a.z.a \(GoFundme\)](#)

- *I am Mona Abu Hamda from the Gaza Strip, 25 years old. The number of members*
- *in my family is 9, my mother, my father, 4 brothers, my sister and her daughter. We live in the Gaza Strip in difficult living conditions, bombing is everywhere, there is no electricity, water, good food, we lost our jobs. We were displaced from our home to the city of Rafah and at any moment we could die our lives would simply end.*
- *As humans, we have the right to live peacefully, away from genocide. I've endured 25 years of destruction in Gaza. This genocide is not the first time that has occurred. Childhood disappears in the blink of an eye. In Gaza, sleep is uncertain—waking up is not guaranteed, and returning home is a question mark. The fear of losing a family member looms. We wish this genocide were just a nightmare. Please help us leave Gaza and enter Egypt.*
- **Evacuation Costs:** 6000\$ per person to pass through the Egyptian border.
- *Your contributions will be allocated towards ensuring the safe passage and evacuation for me and my family from Gaza, covering the essential costs associated with their escape from the current perilous situation.*

- **Travel Expenses:** Your generous contributions will assist in covering essential travel expenses, ensuring the safe journey for me and family to a place of refuge and security.
- **How can you help us:**
- **Contribute:** Each donation, regardless of size, holds the power to make a meaningful difference in our life.
- **Promote:** Help amplify our cause by sharing this fundraiser with your network of friends, family, and on social platforms.

[Help a Gazan family to relocate to safety](#) (GoFundme)

- *Hello, my name is Fardowsa and I am raising funds on behalf of my dear friend shayma and her family who have been bravely dealing with a situation none of us will ever be able to bear in our lifetime. Please take a minute to read her story and be kind enough to help in anyway you can.*
- *I am Shayma and I'm a part of a 16-person Gazan family hoping to relocate to safety as soon as possible. Our house was bombed on November 4th and my sister martyred and left two orphans behind. I am hoping to raise enough money to get everyone out of this war-zone in hopes of building a better life abroad. Right now, due to the IOF's constant threats, the Rafah border is closed. However, they take bribes that reach up to \$7k per person to allow us out. I've already collected \$31k outside of GFM and now am in need for a \$85k more. Please help me reach my goal. Your help is much appreciated.*

[Help Dr.Ebraheem reunite with his family](#) (GoFundMe)

- *Help Dr.Ebraheem reunite with his family*
- *Since the start of conflict in Gaza, Dr. Ebraheem has been working relentlessly in Al-Aqsa Hospital in Deir Al-Balah. He was also a displaced refugee from Gaza city, so he used to live inside the hospital and also work everyday there during the war.*
- *Unluckily, there has been separation between North and South Gaza since the first few weeks of war; thus, Dr. Ebraheem was not able to meet his family for nearly five months!*
- *Nowadays, Dr. Ebraheem managed to evacuate to Egypt, so he hopes to meet his family again through evacuating them to Egypt also.*
- *To achieve this goal, travel fees had to be paid; which is 5000\$ per person.*
- *He needs to evacuate his family who are 4 persons; his parents, one sister and one brother.*
- *His parents are both doctors, his sister is also a doctor, and his brother is a freelancer.*

- *This means that 4 persons need 20,000\$ to pass the crossing border.*
- *Also Ebraheem needs to settle in Egypt since he still does not have work in there, so this may need 5000\$ at least.*

[Help Us Safely Evacuate Our Families from Gaza](#) (GoFundme)

- I am reaching out to you with a heavy heart and an urgent plea for assistance. Our Families currently trapped in Gaza amidst escalating conflict and violence, and we desperately need your help to evacuate to safety.
- For generations, both families have called Gaza home, their lives intertwined with the fabric of its streets and the rhythm of its heartbeat. But as violence escalates and danger looms ever closer, they find themselves trapped in a nightmare from which there seems to be no escape.
- The Albittar and Alhaw families houses which is located in Northern Gaza were completely destroyed and forced both families to flee to the south and currently living under extreme Condition.
- The situation here in Gaza is rapidly deteriorating, with each passing moment bringing increased danger and uncertainty. Our primary concern is the safety and well-being of our loved ones, and we are determined to find refuge in a place where we can rebuild our lives free from fear and turmoil.
- However, the cost of evacuating our both Families from Gaza is far beyond my means. From securing transportation to covering essential expenses, the financial burden is overwhelming and currently the price for one person to be able to cross the Egyptian border is set between 5000\$ - 7000\$.
- We are reaching out to our extended network of friends, colleagues, and compassionate individuals like you for support. Your generous contribution can make a lifesaving difference in helping us evacuate our family from Gaza and provide them with the safety and security they desperately need.
- No donation is too small, and every act of kindness brings us closer to ensuring the safety and well-being of our loved ones. We have set up a dedicated fundraising campaign to facilitate the process, and you can contribute by Donating directly through this link
- Your support during this critical time will provide us with hope and strength as we navigate through this harrowing ordeal. Together, we can make a difference in the lives of those facing unimaginable hardship and danger.
- Thank you for considering our plea and for extending a helping hand to our family in our time of need. Your compassion and generosity give us hope for a brighter future amidst the darkness of conflict.
- With deepest gratitude,

[Evacuate Tasneem from Gaza to Egypt for Operation](#) (Gofundme)

- Tasneem Nabil Musa was injured when her home in Gaza was destroyed by bombs on November 27th. This 14-year-old girl suffered a skull fracture and fractured her hip and hand. She is now living in a refugee tent in southern Gaza. She needs further treatment for injuries, but the facilities she needs don't exist in Gaza.
- It's hard to get out of Gaza even for medical treatment. Tasneem's brother, Osama, is in Egypt and can get her a referral to a hospital there, but this requires payment for the needed operation. Tasneem's skull fracture is still bleeding and requires a cranial bone transplant and she needs an ablative operation on her leg. This operation costs \$5,000-\$6,000 (USD), plus additional costs for follow-up and medication.
- When the bombs destroyed the family home on November 27th, the seven family members who were home were all injured. Tasneem's parents, sister, and brother's injuries have stabilized, but her injuries were more severe. The hospitals in Gaza do not have the equipment needed for the operation due to the ongoing war.
- After their home was destroyed, Tasneem and her family evacuated to Rafah in southern Gaza. They are now staying in harsh conditions in a tent amongst flood waters from the recent rains.
- I met Tasneem's brother Osama in October when traveling through the Middle East. I am organizing this fundraiser in Minnesota. I will transfer all the funds raised here to Osama using Western Union so that he can arrange his sister's referral in Egypt.
- Update 03/3/24 : Thank you to everyone who has donated for your generosity. Tasneem is fairly stable but still needs treatment in Egypt for her skull fracture. The Rafah border is closed and they have raised the price for crossing. Tasneem and her brothers who are also injured are struggling to find shelter in Rafah. The funds donated so far have all been sent to the family in Gaza and are helping to keep them alive.

[HELP Ezzideen & his Family to EVACUATE Gaza](#) (GoFundme)

- I'm Boshra Daoud, and I come to you today with an urgent plea from the depths of my heart. The situation in Gaza has become dire, and my dear friend **Ezzideen Shehab and his family urgently need our help.**

- Ezzideen isn't just a friend; we've shared laughter, dreams, and countless memories together. However, the fear of losing him now haunts me every single day.
- Ezzideen, a brilliant young doctor, returned to Gaza just one week before the war to celebrate his graduation with his family, only to be met with unimaginable tragedy. The loss of 72 family members in the conflict has shattered their lives beyond repair.
- Now, Ezzideen, his parents, siblings, and young brother Mazen are trapped in North Gaza, facing hardships that no family should ever endure. The scarcity of food and soaring prices have made life unbearable for them.
- Their only hope for safety lies in evacuating to Egypt, but they can't do it alone. Each family member's evacuation costs \$5000, and for young Mazen, it's \$2500. We need to raise a total of \$27,500 to get them out of harm's way.
- Additionally, we need \$5000 for their living expenses for the next six months in Egypt and additional funds for passport costs.
- But it's not just about escaping the horrors of war. Ezzideen and his family dream of a peaceful life away from the constant threat of violence. They want to complete their education, pursue their dreams, and build a better future. Ezzideen's parents have worked tirelessly to provide their children with a good education, hoping to see them achieve their goals.
- I'm reaching out to you, dear friends, because I cannot bear the thought of losing Ezzideen. Your support, no matter how small, can make a world of difference to him and his family. Let's unite in compassion and generosity to give them the chance they so desperately need to escape the horrors of Gaza and fulfill their dreams.
- Thank you from the bottom of my heart for your kindness and generosity.
- With heartfelt gratitude,
- Boshra Daoud [Help Jihad Evacuate From Gaza](#) (GoFundme)
- I want to live. I want to start over. I want a second chance in life. 27 years in Gaza, I've endured all challenging circumstances – 5 wars, a 17-year blockade, and a suffocating economic squeeze. I was only 12 years old during the first war in 2008, and in 2012, another war erupted, followed by 2014 and the prelude to the last war in 2021. Now, I find myself in the midst of one of the fiercest wars the world has ever witnessed. Countless massacres and violence unfold, and the

extent of the destruction from this barbaric aggression is indescribable. My city was destroyed, leading us to relocate from the north to the south of the Gaza Strip, facing hardships like food and water shortages. Gaza is unlivable.

- Life in Gaza during the genocide came to a significant standstill. Schools, colleges, shopping centers, and hospitals – all the essentials of life – were destroyed. Our future looks bleak without a glimmer of hope or the provision of basic necessities.
- I've tried to persevere, enduring the harsh conditions of war, but now I believe I've reached the maximum capacity to endure such hardships. We didn't expect the war to last this long, and we struggle to access life essentials like food and water, even if available, the prices have multiplied.
- I don't think any human in this world deserves to endure such misery or has the capacity to live through it. All I want is to leave, seize the opportunity for a better life, and start anew. Here, there are no guarantees for anyone's life, safety, or future.
- Your donations are the lifeline for Jihad, literally the difference between life and death. 100% of your contribution will go directly to him.
- Thank you for your generous contribution.

[Help Aser and his family evacuate Gaza](#) (GoFundme)

- Hello, my name is Mohammed Alassar, currently living in Sweden and I am fundraising to help my family evacuate Gaza safely.
- My brother "Aser" is a 14 year old autistic child who doesn't have the gift of speaking, during war we were unable to explain to him what is going on, so helpless while seeing him getting horrified with every rocket that falls from the sky.
- He lost so much weight as food was running out and he's a picky eater who only eats certain types of food that are unavailable during this crisis.
- Aser loves life and loves going out to see other people and ride his bike, but war took that simple desire from him as he became more introverted while we spent years and years to change him into an extroverted person unlike any other autistic child.
- My family's lives are at risk from the current Israeli invasion of Gaza. They are living in Rafah, in horrifying conditions, under bombardment of civilian houses along with lack of supplies, starvation.
- As a full invasion of Rafah is approaching. They need to be evacuated to Egypt right away to save their lives.
- Our house and the surrounding areas have been heavily damaged through the bombardment.

- We are raising this for my family that includes my parents, 2 brothers and sister.
- Osama Alassar.
- Ibtihal Alassar.
- Hesham Alassar.
- Jenin Alassar
- Aser Alassar.
- 1 US is equivalent to 11 kr/SEK.
- Please consider helping us if you are able. Thank you for your generosity.
- Help our cause by sharing this fundraiser with your network of friends, family, and on social platforms..etc.

[Help a med student & his family evacuate to safety](#) (GoFundme)

- Hello, everyone, and thank you for reading my story. I am Mohammed Shamia, a fourth year student of laboratory medicine. I'm part of a 7 person family hoping to relocate to safety as soon as possible. Before the war, we lived happily in the comfort of our house in Sheikh Radwan in the north, devoting our lives to education and work.
- Shortly after the war started, our house was bombed, and we've since been displaced more than three times and lost all of our money. The seven of us now share a tent in Rafah. Our only hope of restoring some semblance of normal life is to evacuate. For over 150 days, we've lacked basic necessities. Among other things, we lack access to clean water, medicine, healthcare, and gas for cooking. Our evacuation is particularly urgent because my father can't access the treatment he needs his high blood pressure and heart disease. As I write you, the Israeli army's planned invasion of Rafah grows ever closer. We have lost everything we'd worked so hard to earn and build, and now have no place to go. Your support and solidarity will give us a fighting chance of surviving and building our lives anew.
- Your donations will pay the \$5,000 evacuation fee for the following individuals:
 - - My father
 - - My mother
 - - My brother and his wife
 - - My sister and her husband
 - - Me

[Help Omar and his family survive the genocide.](#) (GoFundme)

- Hi, my name is Marilyn, I'm starting this campaign to help my friend Osama and his family survive the genocide in Gaza.
- My name is Osama F. M. Abdelrahman. I live with my family in northern Gaza, in the Safatawi neighborhood. Our home, where we've lived since 1997, was a place of cherished memories spanning three generations. It was a five-floor residential building, with each floor housing separate apartments.
- Our family occupied three of these apartments: one for my stepmother Ola Yassin, along with my younger siblings Omar and Shahd; another for my sister Najlaa and myself; and the last one for my brother Mohammed and his small family.
- Despite enduring uprisings, wars, and multiple invasions, we never left our home. However, last year, on October 13th, we were forced to evacuate due to orders issued by the Israeli army. Prior to our departure, our neighborhood was bombed, and incendiary belts were launched nearby.
- Tragically, our house was one of those targeted. It suffered extensive damage from artillery shelling and was ultimately burned down by the occupation forces. The loss of our home has left us without shelter in Gaza.
- The destruction not only took our home and belongings but also impacted my brother Omar, who has spina bifida, and my sister Shahd, who suffers from speech difficulties. Accessing medical care for them is nearly impossible amidst the ongoing genocide.
- My younger brother Omar, who is seven and a half years old, has been suffering from a congenital deformity in his spine (spina bifida) since birth, which hinders his ability to walk or control his bowel movements, and the lower part of his body's growth. Omar needs intensive physical therapy sessions to maintain the muscles of his lower limbs, but none of these sessions have been conducted for over five months. My sister Shahd, his twin, suffers from speech difficulties. She also stopped attending speech therapy sessions at Hamad Hospital, which was destroyed by the occupation tanks at the beginning of the ground military operation in western Gaza.
- The dire situation is compounded by the ongoing conflict, which has made it even more challenging to access medical care or resources for Omar's treatment. We desperately need assistance to travel to Egypt. Egypt has completely closed the Rafah crossing and prohibits passage except after paying very high crossing fees, reaching up to \$5000 per person. The amount we need to pay amounts to approximately \$45,000 to get my family members out of Gaza to safety and secure their livelihoods in Egypt for some time before we can return to Gaza after the situation calms down.

- Now, we face the challenge of leaving Gaza due to the closed Rafah crossing, which demands exorbitant fees. To secure our family's safety and livelihoods in Egypt, we require \$45,000. Any assistance would be deeply appreciated.

[Help child with Cerebral Palsy evacuate](#) (GoFundme)

- *Update as of March 20th:* The situation in the north is dire. The child is suffering from skin ulcers and physical weakness due to malnutrition and lack of vitamins, and has been given a cannula. He is now experiencing vomiting and diarrhea, and the mother fears he may become severely malnourished and dehydrated. The child's dental health is also critical; he needs dental implants, but the surgery cannot be performed on him at this time. Consequently, painful boils have developed on his gums, as described by the mother. They are using the last box of antibiotics to control these boils, and since very limited aid has been allowed in the North, they will soon run out of antibiotics. Failure to treat his dental condition could have severe consequences. The father attempted to retrieve aid from the little that was allowed in but was unsuccessful. Furthermore, the father's brother was injured while attempting to retrieve aid a few days ago. Please consider donating and sharing widely; this family urgently requires evacuation.
- A mother in Northern Gaza needs urgent funds to evacuate her family out of Gaza to help treat her disabled son. Her five-year-old child has cerebral Palsy and suffers from a heart condition, rendering him with the cognitive and motor abilities of a 2-year-old, and urgently requires evacuation for medical treatment. The ongoing genocide has worsened his condition— because of the lack of food, medicine, and other amenities. He currently suffers from malnutrition and frequent diarrhea, resulting in painful rashes.
- Before the genocide, the family went to the occupied 48 territories to conduct some tests for a valve transplant. However, their appointment has been canceled due to the ongoing genocide. The child requires immediate treatment that is possible outside of Gaza. The family has lost almost everything to the genocide and is struggling to afford basic necessities such as food, diapers, and medical care.
- With your support, we can help this family escape the horrors they have endured, and help this child receive the vital treatment he requires. The

cost to evacuate through Egypt is \$7,000 a person. The donations we raise will go towards covering expenses including food, evacuation, and treatment for this child in desperate need.

- Every contribution, no matter how small, can make a difference in their lives and ensure this disabled child, along with his family, receives the care they need.
- Thank you to everyone who has donated. The mother of this child is extremely appreciative.

[Help a Small Family Leave Gaza - Traumatic War](#) (GoFundme)

- I am Rana Abu Ahmed, a Palestinian currently residing in Canada. It is with a heavy heart that I reach out to you today, as my circumstances have compelled me to seek assistance for the well-being of my aunt's family in Gaza, particularly in regards to their safety and peace.
- My aunt, Eman Harara, aged 35, along with her four young children - her eldest daughter Rose (ورد) Harara, aged 12, a son (Karam Harara), aged 8, the youngest daughter Lana, aged 5, and the new born girl named yaseem, aged 2 - have been severely affected by the ongoing destructive war in Gaza.
- They have lost their homes and were forced to seek refuge in Rafah, hoping to find a safe place amidst the chaos.
- They were living in a small garage, devoid of essential resources such as water, electricity, and other basic needs. In her desperate attempts to convey the dire situation to my mother, my aunt shared the struggles they face.
- **CURRENT SITUATION:** The house beside the garage they were living in got bombed and destroyed
- Four months before the war began, my father (Ahmed, aged 50) had bought an apartment which costed around \$70,000 CAD and before he had a chance to enjoy it, it was destroyed due to the war and put him in depth financially.
- We hope through this campaign, we can raise enough to help everyone recover from this horrible situation.
- **THE EVACUATION:**
- To better the circumstances, the Egyptian border authorities are demanding exorbitant fees of \$10,000 per adult and \$10, 000 for all the children to grant them passage for exists. Therefore, I have created this GoFundMe campaign in the hopes that we can join forces as a united community and extend our support to my aunt in these extremely arduous times.
- *The funds raised will be allocated towards the following purposes:*
- \$10,000 for one adult and \$10,000 for the children, totalling to cover the compulsory border fees.
- Providing basic necessities such as baby formula, diapers, and winter coats.

- Securing suitable accommodation for my aunt and her family in Egypt which would cost \$15,000
- Coming to Canada, around \$15,000
- Of course this does not include the transaction fees + gofundme takes 2.9% of donations!
- ***I appreciate every single one of you on the behalf of my aunt and cousins.***
- ***ANY EXTRA donations will go towards creating care boxes to help other families living in tents around my aunt!!***
- *This is an extremely rough situation for everyone living in Rafah, so I want to make sure all your donations go toward the people of Gaza.*
- ***This is an incredible community, I couldn't thank you guys enough.***

Protect an open source engineer and his family (GoFundme)

- Mohammed Abu Matar is a young father of four. As an engineer, he is trained to solve problems with technology. He founded Gaza's first 3D printing company, starting with one device that he then used to print many others. He is one of the most generous persons I have ever met.
- "I started thinking about leaving Gaza and starting a new life in a new place until things completely stabilize in the Gaza Strip. I think it will take years to recover. The conditions are getting worse day by day and the humanitarian aid that has begun to enter the north is very limited and not sufficient for its purpose. Gaza is no longer livable at all. The war has exhausted all the cash I have and I will not be able to work in these circumstances. Within weeks I lost close friends. They were struggling to survive and I was exchanging ideas and plans with them. I have no one left to lean on now. My company was destroyed twice, in 2021 and 2023. The goal of the campaign is to leave Gaza with my family to a safe place and then establish a new business, rebuilding in Europe or Canada."
- I am Lorax Horne, a Canadian journalist who met Mohammed and his wife Ahlam in 2016, when I visited Gaza to attend a conference about the use of free software and hardware in healthcare. Mohammed helped organize this conference, as well as arranging my visa in the country. Ahlam cooked makloubas for me while I was a guest in their city, and Mohammed introduced me to the doctors, engineers, journalists, and English students who would become my guides and interpreters those weeks. We stayed in touch over the years, and now it is my privilege to

try to extend some hospitality back to this family. I am collecting money in my personal account in Canada, and sending it via Western Union or Moneygram directly to my friends who are in need. If necessary, I will fly to Cairo with funds raised here to help to broker the evacuation with the Egyptian side.

- The funds raised here will be used to:
- Meet the basic needs of the Abu Matar family like food, water, blankets, or tents
- Evacuate the Abu Matar family safely to Egypt. It will cost at least USD \$5000 per adult and \$2500 per child to [cross the border](#)
- Pay for transportation from the border to Cairo and exit visas for Mohammed Abu Matar (37), his wife Ahlam (33), and their four children Hala (14), Yousef (12), Joury (7), and little Lilia (3).
- Any extra funds raised will be used to cover their living expenses in Egypt, and their plane tickets to their final destination after Egypt.
- **More about Mohammed and Tashkeel 3D**
- For years Mohammed was collaborating with others to produce high quality medical devices, and distributing supplies to paramedics and emergency room doctors. Their prototype of a low cost 3D-printed stethoscope has been used by the local Ministry of Health as well as governments in other countries to deliver working medical technology at a [fraction of the cost](#) of commercial devices. They saved lives by inventing low-cost tourniquets that were used during the Great March of Return.
- During the start of the COVID pandemic, his workshop [began to produce PPE](#) . His company innovatively used 3D printers, beating the blockade by using new technology and supplying hospitals and primary care providers, as well as Doctors Without Borders.
- Please reach out to me on social media to learn more, you can find me on Xitter and Instagram at @bbhorne and on Mastodon at <https://kolektiva.social/@bbhorne>

[Help Ayah and her family in Gaza to reach safety](#) (GoFundme)

- This fundraiser is for the safe travel of Ayah's family from Rafah, and as funds arrive, we aim to first evacuate Ayah and her brother Mohammed as they have immediate visa opportunities in the next few weeks. Ayah's brother

Mohammad is a compassionate soul who tirelessly served patients during the five months of war at multiple hospitals in Gaza. Now, it's Mohammed's turn to complete his Master's scholarship in China, just as Ayah hopes to be able to join the leadership program in Belgium she was chosen for, if they can cross the Rafah border.

- "Hey there, I'm Ayah, and Gaza has been my home, though these past five months have been a rollercoaster of relentless conflict. We've been forced to leave our homes, our sense of security, and even access to basic necessities. The escalating war nudged my family and me to relocate to an overcrowded area where the cost of living soared due to severe shortages. Now, we're hoping to find safety in Egypt, and your support will help us raise funds specifically for crossing the borders and reaching Egypt together.
- Today, I'm reaching out, not just for financial aid but for a spark of humanity, solidarity, and the hope to rebuild amidst the ruins. Your donation becomes a beacon of hope, guiding us in rebuilding our lives and overcoming the heart-wrenching challenges we've faced. Every contribution, no matter how small, brings us a step closer to a better, more secure life.
- Thanks for taking the time to read our story. Your support is our silver lining during these incredibly challenging times."
- *Our fundraiser is a collective effort, supported and facilitated by our friends in the US. The funds collected are dedicated to supporting the family's journey from Gaza and safe relocation in Egypt. Once to safety, Ayah and Mohammed will find their ways to fulfill their dreams and continue their journey towards a brighter future.
- 1- Gaza to Egypt (\$40,400): (8 adults and 2 kids) \$5,000+ per adult and \$2000 per child for inclusion in the Rafah Border list.
- 2- Residency and Housing in Egypt (\$10,000): Residency processing fees and initial apartment rental costs.

[Call to Action: Keep Gazas Talent Alive](#) (GoFundme)

- Said Fadel is currently living in Gaza. He is a band member and co-founder of Sol Band Gaza, an incredible band of musicians who perform songs about Palestine and its beauty, rich history, and culture. An artist, a musician, a storyteller, and more, Said is a talented young person who deserves a just and free life, and this is a call to action for the global community to help Said support his and his family's well-being and safety so that they can have the funds to survive daily but also to begin planning their painful journey out of the place they've always known as home, Gaza.

- Keeping culture alive is a form of resistance in times when ethnic cleansing is rampant and a threat to ways of Life, heritage, and traditions. Creating art, music, dance, and other traditional expressions of culture is a form of brave resistance that should be a birthright to everyone. It should also be protected and preserved at all costs. The world needs people like Said, Hamada, Fares, Rahaf, and Ahmed. They are the youth of Gaza who must continue sharing their gifts of music, creativity, and storytelling with the world.
- My name is Etty, and I became friends with Said after this latest and immensely destructive aggression. A friend created a post requesting that we share any accounts we may be following to continue amplifying Gazan Voices, and I shared the list of people I have been following daily: Doa, Hamza, Hatem, Youmna, Rahaf, Said, and more. Through this comment, we became connected and have become friends. Although I don't know Said in person, he is a friend I wish to see prosper and persevere through this earthly experience. I am hopeful for Said and his band Sol Band; they will again be back on the stage together and touring the world, fulfilling their dreams.
- **This is a Call to Action for you to help make a difference and make this a reality!**
- The Egyptian government is asking for 8,000 per person in exchange for granting access to Egypt. Said has six family members, which include his little brother, his mother, and his father. Your contribution can allow them to rebuild their lives, fulfill their basic needs, and begin taking the critical steps in preparing for their departure into Egypt.
- Everything counts, and Said is grateful for those who have already donated (\$725!) before the creation of this GoFundMe. Initially, I was raising funds for Said via my accounts, and he was receiving them via Wise through his sister-in-law, Bushra. I am creating a GoFundMe so that donations are more streamlined, with Bushra now as the beneficiary directly receiving all donations and who is in the West Bank. Bushra herself is a humanitarian who has spent countless hours dedicated to the people of Gaza by fundraising for those in need and organizing different types of distributions to families during the holidays, back to school & EID along with Said and his sister, who would help with the distributions. Bushra tells me she can't believe how the tables have turned and how they (and Gaza's entire population) are now asking for the help of others with the hope of surviving this nightmare.
- Please continue amplifying Palestinian voices and sharing this cause so that this call to action can reach as many as possible. The humans of Gaza are some of the most resilient, poetic, and beautiful people on this earth. Join me today in raising money to keep their culture, aspirations, and dreams alive.

[Help Belal and His Family Escape the War in Gaza \(GoFundme\)](#)

- My name is Belal Azmi Msallam, and I am a 25-year-old Palestinian from Gaza. I live with my family of 14, including my parents, siblings, and their children. We are desperate to leave Gaza and seek safety and peace in Egypt, but we need your help to make it happen.
- Gaza has been under siege and attack by the Israeli occupation for decades, but the situation has worsened since October 7, 2023, when we were subjected to a brutal genocide by Israeli occupation. Since then, we have witnessed unimaginable atrocities and violence, with thousands of innocent civilians killed, injured, or displaced.
- We have lived through many wars, but this one is different. It is a genocide. There is no safe place to hide, no shelter, no water, no food, no electricity, no internet, no medical care. Death is everywhere, and destruction is all we see.
- My family and I have been displaced multiple times, moving from one area to another, hoping to find some security. We have lost our home, our belongings, our friends, and our dignity. We have been living in a small tent in Rafah, south of Gaza, for 150 days, enduring the harsh winter and the constant fear of bombing.
- My sister and her children are stuck in the northern part of Gaza, where the situation is even worse. They lost their mother-in-law and their home in an airstrike, and one of them was injured. I have not been able to contact them for weeks, and I don't know if they are alive or dead.
- My father, who is 75 years old and suffers from heart problems, diabetes, and high blood pressure, was wounded in his left leg during the war and needs medical treatment. My mother, who is 63 years old, is traumatized and depressed by the loss of our relatives and the horrors we have witnessed.
- We are living in a nightmare, and we don't know how long we can survive. Leaving Gaza is not easy. It is expensive and complicated. We need a lot of money to pay for the permits, the crossing fees, the transportation, the accommodation, the food, the health care, and the other basic needs. We also need to pay for the medical treatment for my father's foot.
- We have no income, no savings, no assets, no support. We have nothing but our hope and our faith.

- That's why we are reaching out to you, kind people of the world, to help us make our dream come true.
- We need \$100,000 USD, equivalent to \$160,000 AUD, to cover the costs of leaving Gaza and starting a new life in Egypt. This amount will be divided as follows:
- \$12,600 for basic needs in Egypt, covering accommodation, food, health, and other essentials (equals \$900 per month).
- \$74,200 to cover permits and crossing fees at Rafah, Egypt-Gaza border, broken down to \$5,300 per person.
- The remaining goes to the hospital for my father's foot treatment and medicines.
- We know this is a lot of money, but we have no other choice. We are risking our lives every day in Gaza, and we don't know if we will see tomorrow. We are begging you to help us escape this hell and find some peace and happiness.
-
- Please donate whatever you can, no matter how small. Every dollar counts and makes a difference. Please also share our campaign with your friends, family, and social media networks. The more people who know about our situation, the more chances we have to reach our goal.
- **Thank You for Your Support**
- We are so grateful for your kindness and generosity. You are giving us hope and courage to face this difficult time. You are not only helping us financially, but also emotionally and spiritually. You are showing us that we are not alone, that we have friends and allies around the world who care about us and our cause.
- We will keep you updated on our progress and our situation. We will also send you photos and videos of our journey. We want you to be part of our story and our family.
- Thank you from the bottom of our hearts. May God bless you and reward you for your good deeds.
- Belal Azmi Msallam and his family

[Urgent Rescue Mission for the Mortaja Family](#) (GoFundme)

- We, Hani in Belgium and Ahmed in Gaza, are reaching out for urgent assistance to rescue our family from the dire situation in Gaza. Our

campaign aims to secure their safe passage to Egypt as a first step, with the ultimate goal of bringing our parents to Belgium for proper medical care, and obtaining scholarships for our siblings to continue their disrupted education. The war has taken a heavy toll on us, resulting in the loss of our ancestral home, significant damage to our current residence, loved ones lost, and dreams shattered. Every contribution helps us cover evacuation costs, legal fees for visas, and educational opportunities, therefore ensuring our family's safety and future prospects. Your support means the world to us in these trying times, offering hope and a chance for a new beginning.

- My name is Hani, and I am reaching out from Belgium, where I am safe but my family in Gaza is not. My heart remains with them, alongside my brother Ahmed, who is enduring the crisis with our family. We never imagined a day would come when we would need to seek your support through this GoFundMe campaign to bring our family to safety and provide them with an opportunity for a better future. However, the harsh and dangerous living conditions in Gaza have forced us into this situation, surpassing all expectations. The funds raised will be crucial for covering the costs of crossing borders, coordination fees, transportation, and ensuring a semblance of stability in Egypt for the initial months.
- Five months into the war, I've come to realise that we need more than just one heart to bear all this devastation and more than one set of eyes to cry and mourn without restraint. Since the war began, disasters have continuously befallen us without respite.
- We (my parents, myself, my brothers Mohammed, Salah and Mahdi, my sisters Shimaa and Walaa, my niece Mariam and my nephews Mahdi and Mohammed) have been displaced over thirteen times if my memory serves me right in recounting these instances. But my memory is even more adept at recalling the nights filled with cold and fear, fleeing from death, and emerging from the rubble with my family over and over again.
- And each time that we miraculously survived, we lost a part of us, a piece of our hearts.
- My mother, who lost her sister, nephews, and nieces, experienced a shocking blow. On the same day, she lost more than forty martyrs from her brothers' children and their offspring.

- The latest loss was my cousin, an esteemed teacher and mentor to many. Amid the severe crisis and famine here in the north, he went in search of flour to feed his children and family but never returned, meeting his demise instead.
- All of these losses didn't give us a chance to grieve properly or look at everything with a hopeful eye.
- My father's health was already deteriorating due to chronic illnesses and recurrent strokes before the war. During the conflict, his condition worsened, having memory loss more often, and I suspect he has suffered another stroke (though we can't diagnose it due to the lack of medical staff in Gaza and overall lack of proper healthcare services). In war, cases are evaluated based on the priority of preserving life, without considering that the case being evaluated is a father with children who have big dreams.
- My sister Shimaa, who has two little moons in the form of children, and a third born amid the war in harsh conditions that are beyond imagination, named Mohammad, symbolising our relatives and friends. This third child was born displaced from his home, in the biting cold, and now, two and a half months later, he still hasn't received the appropriate vaccinations like normal children do.
- Those speaking to you now were not born as superheroes; they are ordinary humans. We go to our jobs, others go to learn, and we gather in the evening to talk about what the ordinary days bring us.
- During the war, the universities where my siblings study and my father works were destroyed, and the jobs of my other siblings, who work in information technology, vanished into thin air.
- All these events have had a physical and psychological impact on the family. My mother lost weight alongside losing more than eighty people from her family, her sisters. My father lost his health and his sanity, overwhelmed by grief.
- My brothers and sisters lost what they lost, alongside surviving various incidents during the war, and others from the starving predators on the streets.
- Therefore, it takes more than one heart and mind to comprehend and endure what transpired during the war.
- Our immediate goal is to secure the safety and well-being of our family in Egypt. For our parents, we plan to navigate the complex process of

securing visas for them to come to Belgium, where I can provide the care and support they desperately need. I am tirelessly working to secure visas and the necessary support to ensure they can receive the medical care they desperately need.

- For my siblings, once they are settled in Egypt, our goal is to secure scholarships that will allow them to continue their education and rebuild their futures. We are also committed to ensuring that my sister and her children are safe and sound in Egypt, away from the dangers they currently face.

[Save my family from the war in Gaza](#) (GoFundme)

- I am reaching out to you for your help in saving the lives of my family from the horrors of the war in Gaza and helping evacuate them from it. It's been five months of death, destruction, and displacement that have left everyone burdened with pain.
- My name is Hussam from Gaza, currently living in Belgium with my only son, Omar. I left Gaza five years ago in search of a better life and a brighter future for my son. I am uncertain whether I will ever see my family again and especially my son, who constantly asks me about his grandparents with one question: "Papa: Are my grandparents still alive?"
- With the onset of the war, the first news I heard was the loss of my aunt, her husband, her children, and grandchildren—a whole family of 18 people, the first of my relatives to be lost. Subsequent news followed of the loss of more relatives, dearest friends, childhood and school friends during a war that the mind cannot comprehend.
- My family consists of:
 - My father (Azzam), my mother (Noha).
 - My twin brother (Hazem) and his wife (Ola), and their two children (Azzam) and (Dina).
 - My sister (Alaa), her husband (Muhannad), and their two daughters (Alma) and (Lyn).
 - My youngest sister (Ghaydaa), her husband (Murid), her daughter (May), and her son (Izz Al-Din).
- They are all currently in shelters between Rafah and Al-Zawaida.
- On Tuesday, February 15th, my sister Ghaydaa gave birth to her second child (Izz al-Din), who joined our family amidst tragic circumstances and a difficult birth under the sounds of bombing and shelling.

- The support needed is to enable my family to evacuate from Gaza to Egypt through the only available crossing, which is the Rafah crossing Border. Unfortunately, the cost of evacuating each person ranges from €8.000 to €12.000 per person. Last step is to be reunited with them here in Belgium.
- In the past months, my family was forced to evacuate our home and move to central and southern Gaza to multiple locations, after we received news that our house was partially destroyed. We do not know its current condition and it's impossible to reach, as we live near Al-Shifa Hospital, which was part of the largest military operation during the war.
- My family is under constant psychological pressure, fear, confusion, and waiting in difficult living and health conditions. Access to appropriate food has become everyone's dream, especially breastfeeding milk for my newborn nephew.
- My brother Hazem, his wife, and children were able to reach Egypt safely on Friday the 23rd of February with family in law assistance, but unfortunately, we no longer have solutions to evacuate the rest of the family.
- €4300 to cover the expenses of transferring to GoFundMe at a rate of 2.9% and 30 cents per transfer.
- €90.000 is allocated to obtain exit permits from Gaza and cover crossing fees through the Rafah land crossing.
- €2.000 for travel and transportation expenses from Gaza to Egypt.
- €30.000 for living expenses for 10 people, including rent and daily living necessities, for a period of between 6 months up to a year.
- The next step is to reunite my family in Belgium, where my son Omar and I reside, by submitting the necessary documents to the Belgian embassy in Egypt, which will require some time and costs as well, as follows:
- €1.700 to create reunification files.
- €9.000 for flight and transportation tickets.
- €15.000 to rent a house for 3 months - 4 months in Belgium including daily living necessities.

[Help Mai and her family](#) (GoFundme)

- "I am Mai Rajab from Gaza . We were living a quiet and stable life until the war came and the Israeli occupation displaced us from our homes in Gaza City (Alwehda street) on October 13, 2023. We went to Khan Younis in the south of the Gaza Strip and took only the necessary papers. We were sleeping in the street without shelter, and we could not find a single blanket to keep us warm. We could not find any bread to satisfy our hunger. After that, we received help from some people, and we took refuge in my aunt's house. After that, the place

was bombed, and we took refuge in Rafah with the same story. We did not find shelter and we were cold, since we could not take winter clothes to help keep us warm. We are now in a small room with strangers who could not bear to see us like this in the street: crying and dying of cold. I lost many members of my family and friends. I lost part of my house, and my father's workplace was also destroyed. I have many dreams, I need to be safe! During the war in 2021, I was pulled from under the rubble! Can you imagine! Finally, I'm a human and not a number. Wish me a good life. Thank you."

- My name is Mera Yassin. I hail from Safed, Palestine. My family and I have traversed countries to settle in the United States. The recent events involving Mai and her family deeply affected me. Despite my efforts to contact Gaia Thomas, I was unsuccessful. I am committed to preventing such incidents from occurring again. I will ensure that the donations reach Mai and her family promptly, aiding their departure from Gaza. Your support and trust are greatly appreciated.
- Together, let's realize Mai's dream once more!

....

[We're raising £15,000 to help a Palestinian family escape war in Gaza \(JustGiving\)](#)

- Please help us...
- We are a family of 5 trapped by war in Gaza. We are desperately seeking your support to help us escape this warzone.
- We are terrified for our lives. Many of our loved ones have been killed under the relentless airstrikes. Our home has been destroyed and we find ourselves in a harrowing cycle of displacement, trying to find safety in a place where there is none. There is no place of refuge in Gaza. Everywhere we go, the war chases and traps us.
- We want our children to be safe. We want our children to live. They are scared by the endless explosions and terror and death all around them. They, like all of us in Gaza, are hungry. Starvation and disease are claiming lives in the shadows of this war. As I said, death and injury and illness are everywhere and we are desperate for your help.
- We are in Rafah now. Rafah is a town on the border of Gaza, next to Egypt. We fled to Rafah under instruction to evacuate here, but now Rafah too is under

threat of invasion. Everyday, we do not know if we will survive to see the next. The safety of Egypt is but a stones throw away from us, yet we are trapped here. Our best hope is to cross the border; to leave the terror of this war and escape to Egypt. We wish this was easy and possible for us, but the reality is that this journey is fraught with risks and financial burdens they we simply cannot afford.

- Tickets from Rafah to Egypt currently cost \$5000 per adult, and \$2500 per child. You can read more about the costs and logistics of this journey [here](#).
- So this is where we turn to you to ask you to help us. will you please help us to raise the funds to pay for this journey? Any contributions that you might make will provide us with hope that we may yet survive this war. Your support is nothing less than our lifeline.
- We are forever grateful...
- Rasha'a family

[EMERGENCY: HELP ME EVACUATE MY FAMILY FROM GAZA](#) (GoFundme)

- Dear everyone who cares about humanity,
- I am writing this to you in a time of urgent and necessary need. My family of fourteen is currently in Gaza, facing unimaginable circumstances. My family and I are desperately seeking your support to help them evacuate to safety.
- Currently living far from my family, I find myself thousands of miles away, feeling helpless as my family endures the hardships of the ongoing crisis in Gaza. The situation has become increasingly bad, and I fear for their safety daily. Since October 7th, my family has been evacuated inside Gaza countless times, back and forth, witnessed death countless times, and yet miraculously made it through. For the past 32 hours, my family has been trapped in Khan Yunis. They miraculously managed to escape to Rafah, leaving everything behind, saving only their lives. Some of my cousins were taken hostage, others

were executed, and my cousins are still trapped in shelter centers and cannot move due to the siege. I am in dire need of evacuating those who escaped from them, and they are now in the streets of Rafah, without a tent or a safe place to stay, and every second they are in... Gazans are seconds close to death.

- I started this GoFundMe campaign as a desperate plea to raise \$200,000 to facilitate my family's evacuation to Egypt. Below is a breakdown of the funds:
- \$140,000 is solely to coordinate permits and crossing fees: The bulk of the funds, \$140,000, are needed to cover expenses associated with obtaining permits to leave Gaza and the crossing fees required at the Egypt-Gaza border in Rafah. This amount amounts to \$10,000 per person. We will prioritize children first.
- Breakdown of Costs:
- 1- Exit coordination for each person: $\$10,000 \times 14 = 140,000$
- The 60,000\$ leftover will cover:
- 2- Immigration lawyer fees
- 3- Residence in Cairo for 3-4 weeks while awaiting papers:
- 4- Airline tickets for 14 people
- 5-Settlement expenses (for the first two months until finding a job) include (rent, furniture, winter equipment to adapt to the weather, health coverage, living costs)
- 6- Accommodation costs
- Your donation, no matter how small, will have a huge impact and contribute to reuniting my family in a safe environment. The funds raised will be used transparently and efficiently to ensure every dollar goes towards securing their evacuation.
- Please share this campaign with your friends, family and colleagues to help us reach our goal and bring my family to safety. Your support means everything to me, and I am so grateful for any help you can provide during this difficult time.
- My family and siblings are not numbers. They have childhood dreams, and dreams of raising their children in safety just like the rest of the children of the world. The youngest is only four years old .
- Thank you for your compassion, generosity and solidarity with us. Together, we can make a difference and help my family find the safety and security they urgently need.
- Please note: I did not write my family names or any addresses for fear of being targeted. Full transparency with the exception of names will be provided should my family be lucky enough to escape death.

[Urgent: Help Evacuate My Family From Gaza War \(GoFundme\)](#)

- My name is **Amal Abu Shammala**, I am a licensed Palestinian architect based in Berlin and a permanent resident in Germany. I am reaching out to you in a time of immense distress as my family, currently in Gaza, faces the devastating consequences of the ongoing war. Having survived five previous war aggressions on Gaza, they now find themselves in a perilous situation.
- Since 2021, I have been separated from my family due to the war, unable to return. My father, mother, two sisters, as well as my aunt, uncle, and their children are all in Gaza, confronting insurmountable danger.
- **After October 7th**, my family was compelled to evacuate to the south, leaving behind our home in Northern Gaza with just a single backpack each as the area became increasingly unsafe. Forced to walk for miles in search of refuge, we left not only our physical residence but also cherished memories and possessions. The fate of our house remains unknown, as our area was bombed multiple times, compelling us to flee for our lives repeatedly. Tragically, we also lost our shops at the beginning of the conflict on 15-07-2023.
- Each passing day sees the situation growing more grave and dangerous. Deprived of basic necessities such as water, food, clothing, bedding, and medicine, my family faces the harsh reality of Israel's cut-off of electricity and water, along with frequent bombings targeting vital food sources like bakeries. Communication is a luxury, with no internet connection or ways to charge a cell phone. The inability to reach them for days or even weeks leaves me devastated, affecting my work and sleep here in Berlin. Everyday I feel paralyzed by fear and anxiety, tirelessly attempting to ensure their safety in the dire and constant danger they face, 24/7.
- In the past month, their last refuge in Khan-Yunis was besieged, with sniper fire and tank attacks endangering their lives. Their shelter was bombed while they were inside, narrowly escaping. Running for about an hour, they found a tent at first, only to have it collapse in the rain, leaving them with soaked bedding and clothes. Currently, they have no shelter, no refuge, and lack the essentials for survival. With winter setting in, the situation becomes increasingly dire, and each day is marked by terror. The trauma they endure on an hourly basis is excruciating, making the need for assistance to get my family out of Gaza as soon as possible more urgent than ever.

- I am initiating this fundraising campaign to evacuate my family through the Rafah/Egypt crossing, providing them with the means to escape the life-threatening conditions they are enduring. The urgency of their situation is critical, and your support can make a significant difference.
- They are all stuck in Gaza and require financial support to evacuate the Gaza Strip immediately.
- **Breakdown of Expenses:**
- GoFundMe fees: €1,218
- Visa application fees: €300 per person (Total €1,200 for four family members)
- Flight from Cairo to destination (one way): €650 per person (Total €2,600 for four family members)
- Minimum living costs: €5,000 for four months
- Rafah/Egypt crossing: €8,000 per person (Total €32,000 for four family members)
- Your donations, regardless of the amount, will contribute to the immediate evacuation of my family from Gaza. The funds will be used exclusively for this purpose, with additional support provided for their accommodation.
-
- I kindly ask for your assistance in sharing this campaign widely to help us reach our fundraising goal and bring my family to safety. Your compassion and generosity are crucial in ensuring their evacuation and well-being.
- Thank you for your support.
- Sincerely, **Amal Abu Shammal**

[I don't want to lose any more of my family, Help me evacuate them](#)
(Chuffed)

- I am Qasim Al-Kafarneh
- I write this to you in a time of urgent need. My family of 12 is currently in Gaza, I have 11 of my brothers' children, and is facing unimaginable circumstances. My family and I are desperately seeking your support to help them evacuate to safety My mom Lily, my sisters Warda and Fida, my brothers (Iyad, Muhammad, Youssef, Abdullah, Ibrahim, Zakaria, Yahya, Issa, Musa)
- Now separated from my family because I came to Egypt before the war to receive treatment, I find myself thousands of miles away, feeling helpless as my

family endures the hardships of the ongoing crisis in Gaza. The situation has become increasingly bad, and I fear for their safety daily. Since October 7 my family's home has been bombed and completely demolished. The Israeli occupation forces directed them to move south, but my mother is old and cannot walk long distances. Instead, my family was evacuated to Hafsa School in Jabalia refugee camp in the northern Gaza Strip, where they are living in increasingly difficult conditions. On December 10 or 11, my brothers Iyad and Ibrahim were arrested from school in Jabalia refugee camp by Israeli occupation forces. Iyad was released three weeks later, but Ibrahim is still missing. We didn't hear anything about him. The Israeli army killed my father and brother Shehadeh in 2006. I don't want to lose any more of my family members, I want to get my family out of Gaza and start a new life away from wars ..

- Rebekah Hayden started this campaign to facilitate the evacuation of my family to Egypt. Below is a breakdown of the funds:
- I have set a target of \$80,00 but we need \$150,000 allocated just for permit coordination, required to cover expenses associated with obtaining permits to leave Gaza and the required crossing fees at the Egypt-Gaza border in Rafah. This amount amounts to \$8,000 per person ..
- Your donation, no matter how small, will have a huge impact and contribute to reuniting my family in a safe environment. The funds raised will be used transparently and efficiently to ensure every dollar goes towards securing their evacuation ..
- Please share this campaign with your friends, family and colleagues to help us reach our goal and bring my family to safety. Your support means everything to me, and I am so grateful for any help you can provide during this difficult time..
- My family and siblings are not numbers. They have childhood dreams, and dreams of raising their children in safety just like the rest of the children of the world ..
- Thank you for your compassion, generosity and solidarity with us. Together, we can make a difference and help my family find the safety and security they urgently need ..

[Help Ahmed's family find safety out of Gaza \(GoFundme\)](#)

- I hope this message finds you well.
- My name is Ahmed M. Saleh, and I find myself reaching out to you with a heavy heart as my family is currently enduring the challenges of living in Rafah, Gaza. They face unimaginable hardships every day as the aggression rages on. The situation has become increasingly dire, and I am deeply concerned for the safety and well-being of my loved ones.

- Despite our best efforts, the impact of the war has taken an enormous toll on Palestinians, therefore I am reaching out to you. I am urgently seeking your support to bring my family – my brother, his wife and my two sisters – out of Gaza, to a place where they can rebuild their lives in safety and peace. The costs of the evacuation, transport, and essential needs for my family range from \$9000 to \$11000 per person.
- Your contribution, no matter how small, will bring my family one step closer to safety and security. If you are unable to contribute financially, your help in sharing and spreading the word about this fundraising effort would also be immensely valuable.
- I would like to share with you the personal stories of two family members who represent the resilience and aspirations of my family.. Ismael, a Ph.D. law researcher, has excelled academically but struggles to secure employment. He is determined to generate income to support himself and his wife. Ayda, my younger sister, is a talented and emerging artist with a dream of showcasing her art to the world, creating beauty with simple tools. Your support not only helps safeguard lives in challenging situations but also serves as a vital lifeline for individuals with aspirations and dreams.
- It is with humility and hope that I reach out to you, seeking your assistance in supporting my family through these difficult circumstances. Thank you for taking the time to read my story and for considering supporting us. Thank you for being a source of hope and solidarity.
- With heartfelt gratitude from me and on behalf of my family, Ahmed

[Help my family and father in Gaza](#) (GoFundme)

- Hello everyone, I am Salwa from Gaza. I live in Belgium. I am contacting you so that you can help me. Before the war on Gaza, my family and my sisters in Gaza were living a happy and simple life, but the war turned their lives upside down and left them in a state of despair and great disappointment. They lost everything, even their home, and their dreams were destroyed. My father had one source of income, which was a store that sold some children's sweets and some lunch and home supplies, but the war destroyed everything, and now they are without a home, without a source of income, and nothing. My father dedicated his whole life to being able to teach my sisters at university. My sister studied dentistry, and before the war she started working in a private clinic to help my father with household expenses, but the clinic where she was

working was also destroyed. My second sister studied accounting, and my younger sister studied radiology. My father was very tired and we studied so that we could help her in the future, but now the war has destroyed everything. It has destroyed all the ambitions and future of my sisters, and now it is my turn to be able to help my father and my sisters. I want to help my sisters to travel from Gaza, but all of that requires a large sum of money to enter the Rafah crossing, and now they cannot afford it. anything. Egyptian coordination now costs approximately 8,000 euros per person, in addition to travel expenses and airline tickets. My father and sisters are now living in a tent in this extreme cold. They do not even have food, medicine, or even drinking water. Please contribute and donate for my father. Greetings and all my love to you.

[Help evacuate Moutasem's family from Gaza \(GoFundme\)](#)

- In 2019 our group traveled from all over the world to become an international little family while studying at a master's program in France in transnational migration. Our beloved friend Moutasem Qufa had left his homeland Gaza for the first time, and quickly proved to be the funniest of us all, making us laugh all the time with his jokes and pranks.
- In September 2023 Moutasem went back to visit his family for the first time in 4 years, and got caught in the middle of the horrific events that have been unfolding since then. His family lost everything in the bombings, and while running away, they were separated for a while.
- Just before New Year's Eve we were surprised with Moutasem's evacuation by the French government (as he is a France resident) .Leaving his family behind was the hardest decision he has ever made. **"I will never forget the look on my father's eyes,"**Moutasem said to me.
- Since his return, we had been raising funds to help his family in Gaza, as we were all expected the situation there would be resolved quickly. Given the escalation of the situation, the family has finally decided to try to evacuate.
- They had been resistant to the idea of evacuating, as it represents an unbearable financial burden to Moutasem and his sister, who also lives in Europe. We are updating this fundraiser to collect funds to guarantee the safe evacuation of part of the family.
- For the moment, the family is planning to evacuate Moutasem's elderly parents as well as 2 of his brothers with their small children (**including 2 babies under 6 months**). Other siblings are choosing to stay because they know raising the money to evacuate everyone would be nearly impossible.

- The cost for evacuation is about 6.000 EUR per person. For the moment, they are trying to evacuate 10 people, with other still staying behind. The situation in Gaza and Rafah is fast progressing, so time is of the essence. Thank you for your support!

[Help Evacuate Maryam and Her Family from Gaza](#) (GoFundme)

- In the midst of the relentless war that has plagued Gaza for over 100 days, Maryam and her family are enduring the harsh reality of displacement. Having lost their home due to incessant bombings, Maryam's family continues to move from one place to another in the south, seeking safety.
- Tragically, Maryam's father was recently arrested, enduring physical abuse and humiliation, significantly impacting his health upon release. Maryam's plight is emblematic of the countless families caught in the crossfire of this enduring conflict. Maryam, an intelligent child who loves learning, has just started her first year in elementary school, a journey cut short by the ongoing war. Maryam yearns for school, and her continued presence in this war zone hinders and delays her education more and more
- We urgently appeal for donations to facilitate the immediate evacuation of Maryam and her family from the war-torn Gaza Strip. The funds will be allocated towards securing safe transportation, temporary shelter, and essential provisions for this distressed family.
- Your contribution can make a profound difference in providing Maryam and her family with a chance for safety and stability. Let us come together to offer a glimmer of hope to those facing the harsh realities of war in Gaza.
- Donate now to be a part of this urgent humanitarian effort. Every contribution brings us one step closer to ensuring the well-being and security of Maryam and her family. Time is of the essence, and your support can make a lasting impact on their lives.
- Join us in this critical mission to provide immediate relief to Maryam and other families suffering in the wake of ongoing conflict. Together, we can make a difference and bring solace to those in desperate need.

[Sudanese family of 8 struggling to escape the War.](#) (GoFundme)

- Hey everyone! Thank you for taking the time to review this fundraiser.
- On April 15th, a heavy fight started between the RSF and SAF resulting in a devastating war that displaced thousands of Sudanese people. With that being said, the Sudanese people have little to no humanitarian assistance. Those who successfully fled the war had the capacity to support themselves.

- They're caught amid the devastating conflict, where daily life has become a struggle for survival. Their home, once a place of comfort and security, has transformed into a battleground of fear and uncertainty.
- The horrors of war and a missile falling over their house, completely destroying it. They are forced to make the agonizing decision, to leave everything they owns behind and seek refuge elsewhere, in search for safety and a chance to make a living for themselves.
- I understand that times are challenging for everyone, and i am incredibly grateful for any support you can offer. If monetary assistance isn't feasible, i kindly ask that you share the campaign with your network, spreading awareness and increasing chances of reaching our goal.
- Please join me in this fight for a future devoid of fear and filled with hope. Together, we can make a difference and help this family embark on a path to safety and freedom.
- With gratitude,

[Help Bring Ahmed Masoud's to Safety!](#) (Gofundme)

- Hello world! This is Ahmed speaking in front of your courteous presence, and this is a Gazan "me" as an epic story.
- Once upon an October, a time when once turned to be forever, there was a very particular moment when I believed my life, our lives, would never be the same again. Little did I know that every single coming second would bear anything but joy and peace.
- Here, in Rafah, from our fifth displacement, we barely have the luxury to choose which of those five displacements was less cruel, nor could we dare to whisper this word : home.
- Five months ago, the narrative could have been so different. This graduation photograph below must tell a lot about that. The best about it is that it truly defines me in just three words: cheerful, ambitious, and a dreamer. Yet, war always has its way of stealing your light with a trice.
- Luckily, I still remember my name: Ahmed Masoud ([Instagram](#)) and 23 years of being a Gazan. A term which used to be a perfect synonym for siege, aggression, war, massacre, loss, pain, agony as well as death. The "death" that life here forces you look to in the eye.
- I can also recall my profession, a law graduate and a dedicated human rights activist who is fed up with all these ridiculous lectures about humanity and has a million terrifying thoughts spinning in his mind.

- As October approached, the catastrophic chapters of this story dramatically unfolded. It fills my heart with darkness every moment I open my phone gallery scrolling up to that promising life where I no longer belong. I used to work at Oxford, one of the leading English and training centers in Gaza, mixing commitment with pleasure to dream of a better future. Pursuing my education through a decent scholarship was always the ultimate goal I believed Oxford would secure. I started my "IELTS" preparation when the war knocked on my door with a massive "Hello"! Once Oxford was a target, my work as well as my dreams were shattered, leaving me without a heart and soul.
- Yet, I can't deny that I still consider myself lucky when I bear in mind my older brother's tragic loss. From the very beginning of the war, particularly on October 8th at 1:00 am, we were forced to leave, with empty hearts, our first displacement as Tarek's apartment was harshly annihilated. I can never forget his tears of bitter and deep grief especially when I lately figured out how much it meant to him. He told me that, regardless of his household goods, there was a special room left as a warehouse where he practically had lost his all investment as a newly respected merchant.
- This war didn't forget to show her ugly face to the rest of my family as the latest horrible news and photos arrived. After its military operation in Al-Remal, Israel has completely burned out two apartments: one is the family home, while the second belongs to another brother, Mohammed.
- The war has stolen much more than walls and doors, it has also deprived us of that sacred sense of being safe and peaceful. It left us with a pathetic feeling of loss and despair. During our exhaustive journeys between places that look like anything but home, we ended up with a poor tent where experiencing any simple daily life routine is a challenge. It takes hours to make bread and dozens of kilometers to find drinkable water. In simple words, life here is unbearable hell.
- This campaign is only meant to secure a temporary departure to Egypt to seek safety that since October the 7th and under all these relentless bombings, turned out to be a myth in Gaza.
- **Expenses cutdown:**
- Egypt fees: \$60000: Travel cost for each one of my 12 family members (as \$5000 for 1 person) to pay to the proper legal Egyptian authorities

- Ahmed (Me 23 yo)
- Ziad (father 57 yo)
- Hanady (mother 50 yo)
- Mohammed (brother 30 yo)
- Haya (Mohammed's wife 25 yo)
- Mila (Mohammed's daughter 1 yo)
- Tarek (brother 28 yo)
- Zahraa (Tarek's wife 22 yo)
- Ziad (Tarek's son 1 yo)
- Abd El-Wahhab (brother 21 yo)
- Shady (brother 19 yo)
- Omar (brother 14 yo)
- On behalf of my family, words can't describe our appreciation for your compassion as well as generosity in making it here already.
- For any questions please reach out through instagram or via the campaign!
- Our gratitude, Ahmed

[Help to evacuate Gaza and rebuilding our lives](#) (GoFundme)

- Hello, I'm lena from Gaza. I'm 23 years old. I'm married to wael nofal and we have a daughter. I have never asked for help from anyone, but the circumstances were stronger than us.
- Perhaps this is the only solution until we get out of this crisis. The occupation stole our beautiful life from us. Before October 7 war, we were me, my husband, and my daughter in Egypt. The war came suddenly and turned our lives upside down. in the next day of the war, my daughter and I decided to stay in Egypt, and my husband decided to leave to Gaza to inspect his work and meet his family. We expected a maximum period of a week, like other wars that had passed. We never knew that the war would It will continue to this day! Now my husband is stuck with his family in Gaza. Our home has been destroyed and my husband's workplace has been bombed. We have nothing left in Gaza. I don't know how we will start from scratch again. There are no words to describe this deep pain. Our house was not just a house, it was for an entire family, consisting of 5 floors. We worked very hard to build it. In one moment, the effort of years vanished and its memories faded. Everything became ashes! Your generosity will help us stand on our feet again. This is a picture of our house before and after.

- My husband and his family have been displaced several times and survived from died miraculously. Now he and 45 members of his family are on land (an open place) in Khan Yunis. They have built several tents in it made of nylon, but unfortunately they do not protect them from the extreme cold. This is a picture showing the place they are
- There are many children with them. They have been infected with epidemics such as smallpox, lice, mosquitoes, and diarrhea due to the lack of hygiene in the place. You can imagine all this large number in one small bathroom. Each person waits for the other until it is his turn to enter the bathroom. There is no shower for bathing. They suffer from high and crazy prices of necessities and foodstuffs, there is no electricity, no clean water, no gas for cooking, and no internet.
- Whoever gets sick cannot find medicine for him. Life in Gaza has become unbearable and very difficult without a husband. Everything is beyond my ability, even my husband and his family are able to leave Gaza through the Rafah crossing they have to pay \$10,000 per person. We will also need a lot of money to rebuild what was destroyed by the occupation. I hope you will help me by donating or publishing according to your ability.
- Do not underestimate your donation and generosity it helps save a person's life. I appreciate your time. In reading this, my compliments to you.
- * The coordination per person has been reduced by 5,000\$ now, through (ya hala) company in Egypt.
- **Note: The money I collect will enable my husband and the family to escape from the war to a safe place, and will help us rebuild our lives and our home again. Your generosity will mean a lot to us, and will make a big difference in our lives, offering us hope in the midst of the darkness and nightmare that we live every day!**

[Urgent help to evacuate my family out of Gaza](#) (GoFundme)

- Hi. My name is Rasheda Alfaiomy & I am making this desperate plea to the public to help me, help my family. Most of the world is aware that Gaza is facing extreme hardships right now. This GoFundMe page is to help my family evacuate Gaza and get the basic necessities they desperately need to survive. My husband and I have been providing for my family so far, but the financial burden has been overwhelming. I now have to rely on the kindness of strangers to help during these difficult times.

- I have 20 family members currently living in Gaza. All of them have been displaced several times after their homes were destroyed in an airstrike and they are currently homeless living in a small tent on the street in southern Gaza. The winter has brought new challenges to their living situation and the tent they were able to secure has not been able to keep up with the weather. The nights are frigid and my family often sleep on the cold wet floor caused by the leaking roof of their tent.
- My 77 year old father and my 70 year old mother are finding it difficult to cope with the living conditions. Their age and health issues add another level of challenges. Especially since they can't afford to buy medicine to treat their conditions. My elderly mother was found laying unconscious in the street several times due to her heart conditions, while searching for medicine, water or food. My 12 year old nephew, Taim, was hit by shrapnel from an explosive while searching for food and water. The shrapnel is lodged in his skull and he is in need of surgery, one he cannot obtain at the remaining overcrowded hospitals due to a shortage of supplies and staff. Taim is currently suffering from fainting episodes and frequent headaches from his injuries.
- My other nieces and nephews are not only physically sick due to the contaminated drinking water, they are also emotionally exhausted from the horrors they have witnessed. They can barely afford to eat a single meal a day and are slowly starving to death. The money I am currently able to send them is barely keeping them alive since the war has caused the cost of goods to become hyper inflated.
- **We will use your kind donations to send them funds for food, clothing, sheltering supplies, and medicine and evacuate them out of Gaza. In the event that this war ends soon, or they are lucky enough to be evacuated, any funds remaining from this page will go towards helping them rebuild a new life.**
- *Please give whatever you can and know that you will always be remembered in our prayers.*

[Help Ula escape Gaza](#) (GoFundme)

- We write this call for help with hearts full of concern for our friend and colleague **Ula ElHindi, a Palestinian feminist activist who has dedicated her life to fighting for peace** and women's rights in the Gaza Strip.
- Ula is a champion of change in Palestine, an activist who for 4 years has worked tirelessly to provide Palestinian youth with safe spaces in which to

discuss issues such as **women's rights** and **climate change**. In her work as a co-founder of **#MeTooGaza**, an initiative that aims to raise awareness about sexual harassment in the Palestinian context, she collected testimonies from survivors, providing them with much-needed support and holding social media awareness sessions. Moreover, in 2022 she was selected as a **U.S. Department of State Peace and Conflict Resolution Fellow**, and was invited to participate in the Fall Peace Week at George Mason University, where she spoke about feminism, her activist journey, and her work as a project coordinator supporting women and youth in her community.

- **Now it is Ula who needs help.** After being forced to evacuate her home in October 2023, she has been without safe shelter, sufficient food, medicine and clean water for months. Her situation is desperate, and with each passing day the danger to her life increases.
- This fundraiser has a clear goal: to **evacuate Ula from the Gaza Strip**, allowing her to reach a safer place where she can take care of herself and restart her work as a feminist activist. The cost alone to cross the Rafah border is about \$7000, an amount Ula cannot afford to pay at the moment.
- Every donation we receive, no matter how small, will make a difference in Ula's life. Her safety is our top priority, and with your support we want to offer her an escape route from the violence and destruction that plagues Gaza as soon as possible.
- Please consider making a donation and sharing this fundraiser with your friends and family. Thank you sincerely for your support and generosity.

[Help evacuate Safi's family from Gaza in warfare](#) (GoFundme)

- Hello, I'm Muhammad Safi, a Palestinian born and raised in Gaza. For four years, I've worked as a media coordinator, in parallel I graduated with dreams of pursuing a master's degree through international scholarships, since I can't afford universities fees or life expenses abroad.
- However, the October 7 war shattered those dreams, leaving me devastated as my goals crumbled amidst chaos and destruction.
- I endured five escalations and aggressions in Gaza. The recent conflict, starting on October 7, is the deadliest I've witnessed. The devastation of seeing lives lost, infrastructure destroyed, and my own home turned to ashes is overwhelming.
- Now, we find ourselves displaced, living in a tent in horrible conditions.
- My young siblings are deprived of education, healthcare, and any sense of security. Our parents are shattered, and the memories of our home, once a place of warmth, are now replaced with the harsh reality of displacement. When I went to check on our house, I found it burned from the inside, with

nothing left but ashes, making it inhabitable. The neighborhood is demolished, resembling a city of ghosts.

- Amidst this turmoil, I decided to evacuate my family from Gaza for a chance at a better life and future. Crossing the borders is a challenge, and I'm reaching out for your help to rebuild what was lost and start anew. Your support can make a profound difference in our journey toward a brighter tomorrow. We desperately need assistance to provide a semblance of security for my young siblings, who have been through unimaginable hardships. Your generosity can help us rebuild not just our home but also our shattered lives.
- Hi everyone, thank you for reading Muhammad's story. I have set up this fundraiser with Muhammad for his family who need to be evacuated as soon as possible. Muhammad has become a good friend of mine, and seeing his content from Gaza has been heartbreaking.
- Please join me in donating for Muhammad & his family, and please share this amongst your friends & family too. A big thank you in advance to everyone who's helped; I can't thank you enough.
- Muhammad's instagram is:
<https://www.instagram.com/muhammad.a.safi?igsh=MWFreXNraWptcTcyMw=>
≡
- Thank you so much for your help & support. Reach out to me or Muhammad if you have any questions 😊

[emergency : Help Support the Khalaf Family in Gaza \(GoFundme\)](#)

- Hello friends, family, community members and conscious people of the world,
- The purpose of this GoFundMe to enable Yazan Khalaf (IG: yazan_m_khalaf1) and Fadi Khalaf (IG: fadi_khalaf3) to collect aid for their 18 family members who remain in Gaza
- They are asking for the help of those of us around the world to provide financial support for their beloved family.
- My little sister lamar (14 years old) And 9 children (my nieces) , ranging in age from 2 to 14 years , They are all young, beautiful girls full of energy and innocence, asking if their innocent dreams of returning to school and normal life became impossible. Searching for food and clean water for our family in areas where the prices have gone out of control, makes the situation worse. We cook our food on firewood because gas has become a luxury that is not available.
- **Update from Yazan and Fadi as of 12 February 2024:**
- My younger sister, Lamar, is 14 years old, suffers from severe asthma, and my middle sister suffers from a serious disease (multiple sclerosis)has 3 children .

- Multiple sclerosis (MS) is a potentially disabling disease of the brain and spinal cord (central nervous system).
- Symptoms (Numbness or weakness- -Lack of coordination-inability to walk-Partial or complete loss of vision-Prolonged double vision-Blurry vision-Vertigo-Problems with sexual, bowel and bladder function)
- She always needs treatment and painkillers, but there is no kind of medicine like her in Gaza, and she needs constant follow-up, as the seizures are caused by cold, nervousness, malnutrition, stress and fear,• The situation, as you know, is very difficult. There is no food, drink, or warm cover .
- • My family lives in tents and depends on the simple aid that is distributed sometimes, and there is no other source for them
- • My family had their homes completely bombed and destroyed and They were completely burned, and the basic pillars of the building were destroyed (making them unfit for habitation).
- My nieces work to sell some cake to secure food.
- • If you can't donate, sharing the link is important, please help us with that
- • All life is cut off, and there is nothing left, and I am afraid of upcoming events, and I cannot imagine that my family is homeless, without food, clothes, or anything.
- **Our family in need of immediate HELP. Your support is crucial in ensuring their safety and providing a new shelter after the loss of our secure haven. Join please in offering the necessary help to start a new and regain stability during these challenging times. Your generosity can make a significant impact on their journey to recovery**

[Help Me to Help My Family Evacuate Gaza](#) (GoGetFunding)

- Hello Everyone,
- After exhausting every option out there, this seems to be the only one to help my family. I am Motasem Khayal, a departure from Gaza in 2016 in pursuit of a superior education and career launch. I reach out, seeking your assistance to extricate my family from the dire circumstances in Gaza.
- Since October 25th, our lives have undergone a drastic transformation. Our singular family abode is lost, beloved ones, including my father and numerous cousins, have departed, and many family members endure injuries and multiple displacements across the Gaza Strip. Amid the ongoing strife in Gaza, my family grapples with the search for secure shelter, clean water, medical aid, clothing, and sustenance. Witnessing this crisis remotely, unable to offer help or hear their voices, is profoundly distressing.
- Please help me collect the application fees and travel costs for five people.

- In order to facilitate my family's evacuation from Egypt and to Belgium , I'm setting up a GoGetFunding campaign to raise € 42,849. Here is the breakdown of the funds:
- • It is estimated that €5,000 will be sufficient to cover the basic needs of my family in Egypt, including their accommodation, food, and other essentials (This equals €1,000 per month).
- • A total of €26,500
- Has to be allocated to cover the expenses associated with obtaining permits to leave Gaza, as well as crossing fees at Rafah, at the Egypt-Gaza border. This amount breaks down to €5,300 per person, (5 people).
- • The cost of travel from Cairo to Belgium is €5,000
- . The cost for visa applications and all the costs related to reunion is a €5,000 . (€1,000 per person).
- . A total of € 1,349 will be used to cover GoGetFunding transaction fees (2.9% plus \$0.30 per donation).
- Any donation, no matter how small, will make a significant difference to the safety of my family. We'll use the money raised in a transparent and efficient way to make sure every dollar goes to keeping them safe.
- Thanks for your support, and I'm grateful for any help you can give during this difficult time.
- Help me reach my goal and provide safety for my family by sharing this campaign with your friends, family, and colleagues
- I would like to express my sincere gratitude for your kindness and support, as well as your willingness to stand with us in support, as together we can make a real difference and provide safety and security for my family.
- Thank you our compassionate friends and supporters.
- Gratefully, Motasem Khayal

[Safe Passage for Nadin](#) (GoFundme)

- **Help for Gaza: Nadine's Family Needs You.**
- **Situation in Gaza**
- Gaza has been facing brutal and bloody circumstances since October 7th, and families like Nadine's are having a really tough time. Dreams are being broken, and people are being really strong. The situation in Gaza is not just numbers; it's about real people going through hard times.

- Families had to leave their homes in different parts of Gaza to go to the south, but even there, it was scary because of the bombings. Getting basic things like water is hard and risky. The struggle is real, and they need your help more than ever.
- A smart and kind girl from the north of Gaza with big dreams. Even though she's young, she loves school and helping her community. When she was 10, she got a special title for supporting Palestinian rights from the International Commission to Support Palestinian Rights (ICSPR). Now, we're here to support Nadine and her dreams for a better future in Gaza.
- Nadine has a big family of eight, and she likes making funny videos with her younger brother, Jud. After their neighbour's house got bombed in 2021, she was on TV, sharing her dream of becoming a doctor. Sadly, her brother Ahmed was martyred in one of the strikes, and they still don't know where his body is.
- [Watch the video about Nadin 2021 and 2023](#)
- **The current situation**
- [video about Nadin describing the current situation](#)
- Nadine's family is going through a lot. Her father was treated badly by the occupying forces, and when he was released, he had no money. Now, they live in a tent in Rafah, dealing with cold nights, rain leaks, and not having enough supplies. Nadine, her family, and her sister's family have been struggling for 120 days now.
- **Organizer Note**
- Hello, I'm Mohammed, Nadin is my youngest sister, and I'm organizing this campaign to help Nadin and our family.
- Ahmed Khanji, whom you can see his name as a beneficiary, is a close and trusted friend of the family. Ahmed was added to the campaign so our campaign is compliant with the transfer funds policy on GoFundMe. Ahmed's involvement is essential for ensuring the secure transfer of your generous donations to Nadin's Family.
- **Call for action**
- They need your help to evacuate to a safer place. Your support, sharing the word and prayers can make a big difference in giving them a chance for a better life. Your donations will be used to help Nadine's family travel safely through Egypt. The money will also help them start a new life, away from bombings and the tough situations they've been facing.

Your help is important in giving them hope for a more stable and secure future.

- **How the funds will be used**

- Have Nadin and her family names added to allowed-to-exist lists. (Estimated **38K to 56K USD**)
- Exiting from Gaza is unlike other parts of the world. In most places, you just pack your bags, head to the airport or border, and you're good to go. But in Gaza, it's different. The only way to flee out of Gaza is through the Rafah crossing point with Egypt.
- However, it's not as simple as it sounds. To make it happen, we have to pay what's called "coordination fees" to get the names on the allowed-to-exit lists. As of February, these fees can be as high as **7000 USD** per person. The money will be paid to a travel agency in Egypt called Hala, and it's **the only way** to get Nadin and her family's names on the list so they can be allowed to travel.
- [Read this article on how much Gazan's have to pay](#) to flee the war.
- Travel expenses through Egypt.(Estimated **800-1000 USD**).
- Once the names are added to the allowed-to-exit lists, the family will need around **100 USD** per person to reach out safely to Cairo.
- Covering new life expenses with basic necessities after evacuation for 6-12 months. (Estimated **20K USD**)
- The reset amount of collected funds will be used to help the family cover life expenses for the next 6 to 12 months till they settle down. The funds will be transferred to the Nadin Family directly through available money transfer services in Egypt . (Moneygram, Western Union..etc).
- Join us in making a difference for Nadine and her family today.
- You can learn more and follow the latest at <https://www.instagram.com/nadinabdullatif>

[Help Sami from Gaza to reunite with his family](#) (GoFundme)

- Hello, we are raising fund to help Sami Salhab, his wife and his 4 kids to evacuate from Gaza. They are now in Rafah (south of Gaza) and to cross "Rafah" Gaza-Egypt Borders your need to have your name listed in the Crossing List (paid permit) and coordinators in Egypt who have the power to add my family's names to the list at the border are now asking for anywhere from \$7-8,000 per PERSON! They will not add the names until we can prove we have the money ready.

- Sami is a doctor that was hard working in Gaza till now, and during this 3 month of massacre he and his family lost everything, their house, their money everything. They live in a tent where everytime that it rains, water enters. The kids are suffering this cold weather and most of the time they sleep in the middle of mud. Money are not sufficient for guarantee food every day. Psychologically and physically this situation is unbearable for Sami and his family, they want to get out of this nightmare and suffer.
- Please help them, they need to have chance to live a normal life or even to try to. Donate everything you can, and please share with friends and family.

[Emergency: Help Evacuate My Family from Gaza \(GoFundme\)](#)

- My name is Mahmoud Algharabli and I am creating this campaign to raise funds to evacuate my family in Gaza.
- On December 24th, I arrived back to the USA from Egypt full of disappointment and dismay because I'm coming back alone and my mother is not with me. My mother Somaya Algharabli and my family are in Gaza and because I'm a US citizen I have been trying to get them out to Egypt. I arrived in Egypt optimistic because my mother had an immigration interview with the American Embassy in November; I didn't have any doubts that she would be able to leave Gaza. That wasn't the case. She wasn't approved to be added to the list of people leaving Gaza or any of my family members through the American authorities in the borders.
- Today, after trying everything here in the USA and in Egypt, I'm reaching out to you for your support and generosity. I need your help to have my family cross to Egypt. While I have been supporting them in Gaza, I'm not able to cover the amount of money needed to have them cross to Egypt.
- The coordinates and authorities on the borders are asking for at least 7000 dollars EACH PERSON to cross and in addition to the other spending money needed for transportation and other fees.
- My family and I are from Alturkman neighborhood in Alshujayia east of Gaza City. Once the aggression started on Gaza they evacuated and had to move at least three times. They are currently in Rafah, living in a tent on the street. They use public bathrooms in a hospital. Along with my mother, there is my brother, 2 sisters and their kids. They first evacuated to Alrimal neighborhood in Gaza city and about ten days later the building next door was bombed. They evacuated again to Deir Albalah where they shared a small home with other families. At some point, there was at least sixty people in one room, but they didn't mind. They said we're at least safe. About a month later, the families in the area woke up in the middle of the night to heavy bombardment surrounding them. My family left everything behind (which wasn't much). Thirty minutes

later the building they left was bombed (people who stayed behind reported). Finally, they arrived to Rafah but with no destination in mind. On an empty street corner, they built a tent from wood and plastic which cost them \$420. From before sunrise, my family begin their day with starting the fire to keep them warm and use it to cook whatever is available or whatever they find. My nieces and nephews have been sick and without medical attention. I need to feel they are safe and the only way for that is to have them cross to Egypt.

- Somaya Algharabli is a 58 years old math teacher. She has high blood pressure, arrhythmia, asthma and currently the flu. She is running out of medicine and she doesn't have access to any medical care.
- For the past year, my family here in the USA and I talked about what our life would look like when my mother comes to stay with us after we applied for immigration for her. We arranged for her own room. My wife has filled the room's closet with things for my mother like blankets, towels, and even hair clips "for when khalti (my mother in law) comes" she said. When we found out that the embassy sent an appointment for my mother, we felt these plans were finally going to happen. The USA authorities have failed us. For that, we're going a different route and we need your help with it.
- I have lost many family members during this war. I don't want to experience anymore loss. With your help, we will arrange for the money to be sent to my uncle in Egypt and he will take care of arranging for my mother, siblings (1 brother and 2 sisters) and their kids to be added to the list of people leaving Gaza.
- **Your contributions would help fund the following:**
- -\$51,000 for Permits and crossing fees: The bulk of the funds for this campaign will be used to cover the expenses associated with obtaining permits to leave Gaza and crossing fees required at the Egypt-Gaza border in Rafah. The amount breaks down to around \$7000 per adult and \$1000 per child. 6 adults and 9 kids
- -\$5000 immediate relief fund
- - Approximately \$1624 to cover transaction fees for GOFUNDME (2.9% + \$0.30 per transaction).
- Your donation, no matter how small, will make an impact. You will be contributing to getting my family to safety and getting one step closer to our reunion. The funds will be transparent and every dollar will go towards securing their evacuation.
- Please share this campaign widely to help us reach our goal and bring my family to safety. Your support means more than you can imagine. I am incredibly grateful for any assistance you can provide during this challenging time.

- Thank you for your compassion and generosity. Together, we can make change and help my family find the safety and security they need.

[Help my family rebuild home und evacuate Gaza \(GoFundme\)](#)

- My name is Khaled Alshabrawi, I'm from Palestine and live in Germany and I am humbly seeking your support in a fundraising effort aimed at rebuilding their home, buying the necessary food aid and evacuating my family from the escalating turmoil in Gaza. Our goal is to raise 25000€.
- The situation in Gaza is dire, with constant shelling and airstrikes putting civilians at risk. My family has already been displaced four times, and their homes have been largely destroyed. They are now living in fear for their lives.
- The only way for my family to escape Gaza is to pay the \$5,000 exit coordination fee per person. This is a huge amount of money for my family, who are already struggling to make ends meet.
- We are not sure if we will be able to collect the full amount. However, we will try our best to repair what we can of our homes so that we can at least sleep in them and buy the necessary food aid. At the same time, we will collect money to travel in order to leave Gaza as soon as possible.
- We will divide the donation campaign into several stages:
- Stage 1: Meeting basic needs and house renovation: (10000\$)
- Provide the family with a suitable shelter.
- Ensure access to food and water to meet their basic needs.
- Stage 2: Travel outside Gaza: (25000€)
- Assist the family in their journey outside of Gaza
- I will show you some of the effects of the destruction in my family's house and my sister's house.
- Every dollar you donate will make a difference and help my family reach safety.
-
- Here are some additional details about my family's situation:
- * They do not have access to regular food, water, or electricity.
- * They are constantly in fear for their lives due to the ongoing shelling and airstrikes.
- Your donation will help my family:
- Pay for the cost of rebuilding their home
- Pay for transportation costs to evacuate Gaza
- Access basic necessities such as food and water.
- Please donate today and help my family. Thank you.

Please Help Me Evacuate My Children To Safety (GoFundme)

- Hi, my name is Louise Buttler from the UK and I am creating this fundraiser on behalf of The Alzaq family, who are desperately in need of our help.
- Here is their story.
- "Hello, my name is Muhammad Osama Alzaq.
- Before the war, I was a Taxi Driver, delivering general household goods to families in Gaza.
- I am married and I have a family consisting of my wife Israa, 25 years old, myself, 29 years old and three children. My oldest daughter, Tala, is 4 years old, my middle daughter, Rahaf, is two and a half years old, and my little daughter, Hala, is just 8 months old.
- We used to live in northern Gaza in a warm house, but because of the war, we were displaced under bombardment to southern Gaza, in the Rafah area.
- We now live in tents and it is very cold here.
- We suffer from some diseases because of the cold, and living in tents and poor conditions. We are also suffering from malnutrition.
- My children need diapers, milk, and good food, warm clothes, and we cannot buy the food supplies we need due to very, very high prices.
- I do not have any work or any income during this war, which we have been suffering from for more than 5 months.
- We travel very long distances just to try to obtain water. This is always very dangerous for us, because of the bombardments and the killings.
- I hope that you will stand with us and help us in light of this criminal war.
- I cannot buy for my family because of the high prices, we are especially desperate for support with this.
- Life is very hard and unbearable everyday. We fear for our lives from the bombing and from cold and hunger.
- Everyday there is a new massacre, which is very distressing and traumatic, especially for my children, as they do not understand what is happening here.
- Please help us to leave Gaza and cross the Egyptian border.
- We are to raise €75000
- We need to raise funds for the five of us to cross and fees to do this are very high.
- €10000 per adult person and €5000 for children, just to pass through, which will amount to €35,000.
- The extra €45,000 will be to support us to be able to pay for food, shelter, either through starting to rebuild a new home, if a permanent ceasefire will come, if not it will be used for temporary accommodation after crossing the border, which will enable us to get on our feet and cover the cost of living essentials needed to survive, whilst we must stay here, as we may have to

remain here for many months. Although, the prices are so high to live here daily. A simple bag of flour alone costs 460 sheqals (£100.00/€128.57)

- Right now, I haven't been able to plan anything past keeping my family safe and us crossing the Egyptian border, where we will be safe from the bombs and the shootings.
- This is our first point of call.
- At the moment we are stuck here, between life and death.
- I beg you, as a father to three beautiful children, please help us.
- All donations big and small will be highly appreciated and will contribute one step closer towards our safety and freedom.
- I thank you very much for your compassion and empathy in advance.
- Your kindness will forever be remembered.
- God bless all of you who are trying to help us during these very difficult times"

[Escape From War Nightmare: Support Gazan Family](#) (GoFundme)

- Hello, my name is Mohammad Wishah (22). With a heavy heart, I'm reaching out from the heart of Gaza to plea for urgent assistance with our dire situation (my family and I). I share with you our story of suffering during over 160 days of war, fleeing several times, losing our house, being displaced, (losing our income, our education, our work), lack of water, food scarcity, constant threats to our safety and losing our lives.
- **It's a plea to help us evacuate to Egypt for safety and rebuild our lives.**
- **Your support gives us hope for a new beginning amidst the chaos and uncertainty of war.**
- We had a home and a family: my father Ashraf (47), my kind and caring mother Samiera (43), Mohammad "me" (22), my dear sister Menna (17), my two young brothers Ramez (14) and Abdullah (12), my cousin Asem (22), and our beautiful cat (2).
- I'm 22, an IT student, and a developer. For the past 4 years, I have been trying to challenge the harsh reality and life's obstacles in Al-Bureij refugee camp in the Gaza Strip. At the end of 2019, I started studying IT at the university and self-learning to improve my skills and, as small steps, to seek a better future for myself and my family. By the end of 2020, I got my first job at a local company, which was an outstanding achievement. I've worked hard and diligently while balancing the burden of my university study and life's difficulties. In May 2023, I got a promising opportunity, which was a big step for me. I was on the verge of more significant things I aspired for.

- **But everything changed ...**
- **The War turned everything upside down and our lives into a nightmare.**
- **[Urgent Appeal To All Vegans Around The World](#)**
- **October 7th and beyond**
- Bombings everywhere and in every direction, direct targeting and killing of civilians, children, and women, targeting homes, residential buildings, infrastructure and economic infrastructure, and destruction of all aspects of life in the Gaza Strip.
- **Our House and Neighborhood**
- Our neighborhood is stormed and destroyed. Dozens of houses near our house have been bombed from all sides until our house is badly damaged. Our area has no infrastructure, electricity poles or connections, landlines, internet, cell towers, water, or sewage, and all lands and roads have been bulldozed. Even the UNRWA clinic that serves the people of the camp was targeted. The camp is uninhabitable.
- **Over 160 days of war and displacement**
- Since October 7, we have been forced to leave our house 4 times, most recently on October 12, and have been displaced to my aunt's house in Rafah till today, where it currently houses 3 other displaced families.
- I remember when we all ran out in a panic after a sudden warning that a neighboring house was going to be bombed. I remember staying in the house until the last moment, gathering what I could, carrying my laptop bag on my back, a bag of clothes in one hand, and the bag in which I had put our cat in the other. I didn't know how to carry all my things, my souvenirs, my books, my clothes, every piece in my room meant something to me, I didn't know what to take and what to leave, hoping to return to it later. We ran down the street, not knowing what to do or where to go.
- My Mother (Samira, 43) has hyperthyroidism and needs necessary surgery.
- The local company I worked at was destroyed, along with the entire building where it is located, as well as 12 floors of other local companies, media agencies, and workplaces.
- In recent months, my family and I have lost our source of income.
- In the few months before the war, I saved part of my salary for many plans, such as buying a new laptop so that I could work without

hindrance. Unfortunately, due to displacement and war, our savings had been spent on securing our basic needs, such as water and food.

- My university, Al-Aqsa University, the Khan Yunis branch, which was the largest campus in the Gaza Strip, and the Gaza Branch were both destroyed; it's almost impossible to complete the educational process under such conditions.
- **Before October 7th**
- **A look at the ruins**
- My family and I were struggling under life's conditions in the Gaza Strip, going about our lives as much as we could.
- I used to spend most of my days immersed in the work. I've tried to develop my skills, keep up with the latest updates in my field, and build my career one step at a time.
- I have been vegan since 28 March 2020. These days mark the fourth anniversary of my going vegan.
- 4 years of veganism have changed my life and taught me empathy, even in the darkest moments.
- Before the war, I used to make many vegan foods with love and enjoy them.
- But Now, food itself is scarce. There is a Lack of resources and daily living needs!
- Even in the face of war, hunger, genocide and the silence of the world, I won't give up my veganism.
- I used to photograph the sky and sunsets with much passion.
- My mother, Samira (43 years old), is a chef, a member of the Palestinian Chefs Club, and a cooking instructor.
- Despite the difficulties of her hearing impairment, it didn't prevent her from practising her passion for cooking. She competed in competitions in the Gaza Strip and reached the finals. She has many followers on [her Instagram page](#), where she has been posting her recipes and sharing what she made with love. Despite all her obstacles, she established her business at home, where she received orders for baking pastry and preparing desserts. She dreamed of becoming an international professional chef and appearing on world cooking shows and channels.
- My sister Menna (17) is a high school student, and my brothers Ramez (14) and Abdullah (12) are middle school students, they dreamed of nothing more than a normal, safe life.

- My cousin Asem (22 years old), a multimedia student and UI/UX designer, was making his way into his field and freelancing. He had been trying to establish his start-up agency and was about to launch it in early October, days before the war.
- **The situation in Rafah:**
- It's a massively overcrowded area, with over 1.5 million people crammed into 50 km² and a very worn-out health and medical situation, as there is no hospital in Rafah to provide medical care.
- A fertile environment for spreading diseases and epidemics, a complete lack of medical services and medicines, contaminated drinking water, lack of water, and streets flooded with dirt and sewage.
- **Unfortunately, every day, we hear continuous threats that a military ground operation in Rafah is about to begin. Every day, we feel that the threat is getting closer and greater, especially with the increasing pace of war in Rafah in recent weeks; this makes us feel anxious and concerned about our survival and fate if these threats come true.**
- **A Desperate Plea for Help. Your Support and Donations can save our lives.**
- This Campaign is our last chance and last hope to survive this war. It will help us escape from the war in Gaza and evacuate to Egypt.
- We have patiently waited for the war to end and things to improve. But with no end in sight, we have made this difficult decision.
- 50,000 USD, the cost of coordinating the exit through the Rafah Crossing and Speeding up the process as soon as possible, is about 7,000 USD per person, and there are 7 of us and our cat.
- 4,200 USD to secure temporary housing for the family after arrival.
- 9,000 USD to provide basic needs for family members during their stay in Egypt: food, clothing, transportation, medical health care, and others.
- 8,000 USD to support Mohamed's university education.
- 4,000 USD to help Menna, Ramez, and Abdullah to complete their school education.
- 2,550 USD for GoFundMe website fees, as GoFundMe is taking (2.9% of the total funds raised by the campaign + \$0.30 for each contribution).
- So, the total is 77,750 USD, which is about 71,500 EURO.
- **No matter how small your contribution may be, it can make a difference in supporting us to survive. Your support of our campaign will provide a lifeline for our family to rebuild our lives, heal from our trauma, and begin a new in a safe and secure environment.**

- **Thank you from the bottom of our hearts for considering our request. Your kindness and generosity will leave an indelible mark on our lives.**
- With gratitude, **Mohammad Wishah**

[Help Ibrahim and his family escape war in Sudan](#) (GoFundme)

- Ibrahim Adil Osman Ibrahim is a 23 year old senior year student at Sudan University for Science and Technology. He and his family have been displaced twice. First from khartoum, then from Madani where they narrowly escaped RSF detention. Although their escape has lead them to safety in Port Sudan, it has also left them financially strained and hence reliant on the generosity of friends and family for basic needs. Ibrahim has the ability to work and provide for his family, but he's held back by the upfront cost of traveling and setting up overseas.
- Any small donation can make a huge difference in helping Ibrahim help his family.
- Amir Magzoub, close friend of Ibrahim, will be the beneficiary, helping to handle the money for Ibrahim.

[Help Karim and his family get to a safe place](#) (GoFundme)

- My name karim 28 years old ,from Gaza . I am the breadwinner for my family. We are just innocent civilians who lost everything due to war.
- We used to live in our safe house, but it was partially destroyed by the bombing next to our house in the hope that it would be repaired from my monthly savings, but now all our money has been spent to buy food and drink and buy other needs that help us live at expensive prices.I work in a company specialized in coffee, spices and nuts, but unfortunately my workplace was also destroyed.
- When the war is over, there is no money left to live here and no other means of living and working.
- Also My cat, Simba, grow up in my house. She got used to security, peace and tranquility. She was a symbol of strength with her grey fur. A source of life with her warm feeling. I could not provide food for her because of the war and despite that she did not lose her sense of mercy. She sometimes appeared in quiet moments to provide some warmth and comfort to children who lost their mothers, fathers and homes. This war has mercy on neither animals nor humans.

- All we need is help to leave here and start a new life in a safe place, where I need 5000\$ per person to pay to travel from the Gaza Strip to Egypt and other needs to buy, then I will transfer the travel to a safe place and settle down, my family and I were looking for work.
- I hope you will give what needs to be given to be in a safe place.
- Updated after traveling to Egypt
- My brother in Canada is evacuating us there and will require us after the travel costs:
- Direct financial support in Gaza : this part will go towards providing immediate assistance to my family in Gaza now, due to the high cost of living, which makes it difficult to obtain basic.
- Permit fees and transit fees: required transit expenses and fees at the Egypt-Gaza border in Rafah.
- Temporary residence in Egypt: will cover their basic needs of accommodation, food and other needs during the transitional period in Cairo the time of our stay will depend on the processing times of the Canadian embassy.
- Aviation fund: the funds will be used to purchase air tickets, cover a flight from Cairo to Edmonton.
- Settlement: the funds raised will help settle the family in Edmonton, covering basic expenses such as rent, food, clothes and furniture for the first 6 months.
- **Your donation will help rebuild our lives for the better in every donation that makes a difference.**

[Emergency Fund: Help Family Flee from Rafah](#) (GoFundme)

- My name is Bana, a Palestinian currently studying and residing in Ireland.
- A close friend of mine and her family are currently experiencing one of the worst humanitarian crises of this decade. My friend is a dentist and an artist whose beautiful paintings have been destroyed as a result of her house being bombed. She and her family exhausted all their options as they lost their home and live in an unsafe shelter lacking the basics of survival. They wanted to start anew by leaving Rafah to flee death. This is the least we can do to ensure her and her family's safety.
- It was a difficult decision for my friend to seek help for her and her family. She felt shy asking her friends for help despite living in a horrific situation. To

protect her safety, I will not disclose her full name but her initials only. No person's dignity should be compromised even when in desperate times.

- nine Gazans, including children and elderly, who are trapped in a UN school in Rafah, South of Gaza. They are seeking refuge from the current bombardment of Rafah amidst Israeli military aggression on Gaza.
- They urgently need \$4,000 for the remainder of their travel expenses and \$6000 to sustain themselves in Egypt. Your support can ensure their safety and stability. Donate and share!
- Update: RH and her family are now out of Rafah and into safety thanks to all the support and donations. Everyone who helped, saved my friend and her family.

[Help Kareem get his family from Gaza to safety](#) (GoFundme)

- Hello everyone, I am Kareem Abusamra from Palestine, Gaza. I am a photographer and I have lived in Istanbul for seven years. I am also a student with a Bachelor's degree in International Relations. I left Gaza because of the instability there and because of the repeated wars there. It is my right as a human being to live a decent life..
- During the years I spent, my family and I went through many wars, which destroyed the house in 2014 (pictured above), and now this war also destroyed my family's house in 2023, and life has become impossible in Gaza. Every few years, we need to start from scratch. How much do we have left in this life to start from scratch every few years?
- **I need your help to evacuate my family from Gaza**
- Hoping this finds you and your loved ones safe and healthy. I come to you with a most urgent and time-sensitive appeal. My family is in Gaza, I have been unable to see them for long years. They are displaced in Gaza and under the constant and imminent threat of death, injury, and illness, even during this so-called "pause". Their 3 collective homes have been bombed and are destroyed beyond repair. My family home and my two sisters' husband's homes. We have been under occupation for our entire lives, none of us have experienced anything like what is happening now.
- There is a chance right now to get the whole family out of Gaza and into Egypt by the way of the Rafah Crossing. It is very uncertain how long we will have this opportunity for, making it critical to raise the necessary funds as quickly as possible. The longer it takes - the more in danger they are all in. No one knows how much longer the bombardment of Gaza will last and what the continued cost to human life will be. For my family's future, your help is essential. I am deeply concerned about the entire family,

- **The funds you contribute will accomplish the following:** Cover the expensive costs of safe passage into Egypt. The vast majority of funds will be utilized for this.
- Set up the family with a temporary place to stay in Egypt, while it is determined what the best path forward for them is.
- Cover some of their initial living costs while in Egypt. We hope to provide enough for at least a couple of months. They need time and space to breathe after being in Gaza during this genocide.
- After all of the above is accomplished, additional funds will be utilized to help me through my current situation so that I can be of more support to my family. I have taken on the responsibility of their care during this very precarious and uncertain time and into the future.
- Like so many Palestinians, I am profoundly affected by the assault on Gaza. Since the beginning of the bombardment on Gaza last month, I have barely managed to sleep, work, focus, eat, or function at all. The constant worry for my family's safety has taken a significant toll on my well-being.
- Thank you for your openness to hearing about the situation of my family and I. Palestinian voices are often silenced, making it challenging to raise awareness about our situation and seek support. Safe, supportive, judgment-free community is vital for us. Thank you for your support and understanding during these trying times. Your solidarity means the world to me.
- Any and all contributions are deeply appreciated. Please, please share this campaign widely amongst your friends, communities, networks, and anyone that might be inspired to be of assistance. A family's future truly depends on it.
- Instagram : kareem_abu_samra
- **With care and gratitude, Kareem Abusamra**

[Help me Escape Gaza!](#) (GoFundme)

- Hello Everyone, My name is Rani, I am a 23 Year old University Student from Gaza. Prior to the war, I was preparing to graduate this year. Unfortunately the war has stolen my education, job, and home. I am asking if you can help me generate donations to leave Gaza so that I can complete my education and restore my hope to return to a normal life once again. Anything will help even as little as \$1 can go a long way! And if you are unable to donate please share my story. Any form of assistance is greatly appreciated ❤️

[Help majd's family evacuate from death in Gaza.](#) (GoFundme)

- (please note that the conversion rate is 1 USD = 10 NOK)

- Hello world, I'm Ahmed from Norway. I'm organizing this for my niece, Majd, who needs a courageous stance from you to save her family.
- "Hi world, my name is majd Hussein Saed, I'm 19 years old, I'm organizing this campaign for me and my family in cooperation with a close family friend, Ahmed, so that we can be evacuated from Gaza. Ahmed's mother fled to us in Gaza after her house was destroyed, and now that our house in Gaza has been destroyed, we have all fled to Rafah, which is in danger. The war has been ongoing for four months now, The recent bombings in Gaza have shattered our lives and everything, leaving my family and me homeless and without any possessions. We are living in tragic and difficult circumstances. Ahmed's aunt and sister died, and we lost family friends who were erased from the civil registry. I lost many close friends. Humanitarian conditions are deteriorating rapidly. I really need your help, world, to survive and afford the expensive travel costs! My grandparents are elderly and have chronic heart and pressure diseases; they are on the brink of death, and there is no available medicine here in Gaza. My grandfather had brain surgery before the war and needs medication. My younger siblings can't sleep; they suffer from panic and disturbance. We suffer from malnutrition, relying on one meal a day, with lack of food and contaminated water. We have miraculously survived death several times, and now we are on the brink of disease and famine. So, there isn't much time left to save our lives from the Gaza war. You are our only hope, brothers, the only hope for my family, which has lost all its savings and can't afford the extremely high travel costs. Should a human life have a specific monetary value? Certainly not, but in war, if we don't have the donation amount to survive, we will die!! Perhaps this is our final plea for survival to you."
- ly in a story she is telling Our beautiful family consists of 10 members: my grandfather shefa saed , my grandfather Abdullah Saed, mother laila Saed, my father Hussein Saed, my only brother mohammed is 18 yrs , and my sisters: Hala is 16 yrs , Rahaf is 13 yrs Yasmina is 9 yrs, and Rafif is 5yrs. Each of my siblings is a child who deserves a decent life, but this war has robbed them of their childhood."
- The donations you provide will help cover the cost of crossing the Rafah border (\$9,000-\$10,000 per person for 11 people), clothes and travel necessities, and living expenses including rent, utilities, and other costs

(\$20,000). The contract will cover 5 months of rent at \$1,500 per month, in addition to \$2,400 for insurance. Further expenses will cover furnishing the apartment and daily expenses.

- Once we arrive in Egypt, we will be able to receive your money and benefit from it. I ask your kind hearts to help us in this. Your donation will make a big difference. Thank you all again. I can no longer control myself as these days pass, seeing the danger of death threatening my family at any moment, as it did with the families of my friends. I don't want any of us to be the sole survivor. I want your help so that we can all survive as a family that has lost everything in the war, help us to paying the costly travel expenses, saving our lives is difficult for us in gaza we hope survive , I will be grateful for you help, share my link every where if you cannot donate.
- You are our only and last hope for survival. Your donation makes a significant difference in saving us and helping us cover the travel expenses.
- Thank you all from the deep of my heart, I wish to share you good news to save my family and enable us all to travel together, I will share you all on my Twitter account @majjodaa1_

[Help me to evacuate my family from Gaza](#) (Gofundme)

- **Hello, my name is Besan.**
 - I am from Gaza, currently in Germany since November 21th.
 - As much as it pains me to resort to fundraising, it is the only option left for me to save my family's life.
 - **I feel useless. I want them to stay alive.**
 - My family, consisting of my mother, father, sisters and brothers, have been forced to evacuate five times so far, moving to what was supposed to be safer places, but there is no safe place anymore. When the war started, they were evacuated hoping they could return once it ended and continue their lives as usual, without knowing it would last this long, After 5 months of this war, we learned that the house we built **just 8 months ago suffered severe damage**
- So please, if you decide to help, know that I will be immensely grateful and deeply thankful. Every amount, no matter how small or large, is valuable and greatly appreciated, and I will be grateful to you for the rest of my life.**

- Purpose of Fundraising Campaign **I am initiating this fundraising campaign to evacuate my family through the Rafah/Egypt crossing, which currently requires \$7000 per person.** This is our only chance to survive. I humbly seek your assistance now more than ever.

[Help Nael to survive and complete his studies.](#) (GoFundme)

- Hello My name is mohammed. As you know the situation in Gaza at this moment. Everything is destroyed. Help my friend Nael to complete his studies out of the Gaza strip .He is a student at AL-Azhar University in Gaza which is burned and destroyed by Israeli occupation . Nael is in his third year of dentistry. He is a very intelligent student and worth helping.
- Please help him to be evicted from Gaza to complete his studies and reach his dreams.
- Any money donated will be used to evacuate him to go out from Gaza strip and to help him to complete his studies. Any amount you are willing to contribute is so greatly appreciated and if you aren't able to contribute money at this time, a share with your friends and family would mean the world to us as well.
- Thank you immensely!

[Help Baraa and her injured family](#) (GoFundme)

- Baraa and her injured Mother and two of her younger sisters need immediate operation after the IDF bombed their house killing her father and her brother. They still in Gaza without any shelter or place to stay, while her mother and one of her sisters still in hospital waiting for an operation to be done, but no hope that they can operate on them.
- She need to take what left of her family out of Gaza to be treated to find a place for them to stay. They can't do that without raising money to pay the expenses at the border and transportations as well accommodation, the cost at the border for adult \$5000 , the little one \$2500.
- We really need help. Can you help us.

[Help Sana'a and her family evacuate from Gaza](#) (Gofundme)

- Dear friends,
- We are reaching out to you with a heartfelt plea for help. Our names are Sanaa and Sujood, and we find ourselves in an incredibly challenging and dangerous situation.

- Unfortunately, our previous attempt to receive donations was unsuccessful due to restrictions on transactions to Gaza. However, the urgency of our circumstances compels us to reach out again, this time with new procedures in place to ensure the secure delivery of your generous contributions. We are launching a new campaign because we cannot afford to wait for a long time for the restrictions on the bank account to be lifted it's already being two months now. We are unsure if we will be able to access the funds or if they will be returned to the donors. In any case, here in Gaza, we are fighting against time. Every day poses a threat to our safety, and we cannot afford to wait. If, after some time, we are able to retrieve the previous amount, we will use it to rebuild our lives and continue the education of my siblings.
- The situation in Gaza has become increasingly unbearable, and we have been left with no choice but to seek assistance from compassionate individuals like you. Your donations can make a significant difference in our lives and help us escape the dire circumstances we currently face.
- This is our story:
- I hope this message finds you in good health and spirits.
- My name is Sanaa Odeh, currently in Gaza, occupied Palestine. I am writing this as a plea for survival, for a future for my family and myself.
- Our lives are in immediate danger, with non stop explosions everyday and every night, tanks and guns all around us, and fear as a constant companion. It is a non-stop nightmare, every minute of every day, for 6 months. Everyday is a struggle for survival. Lack of food and clean water creating a crisis of death by starvation and dehydration.
- Despite the endless nightmare, we are a resilient and strong family. My beautiful parents gave everything to raise us as successful daughters and we are so proud of what we have achieved.
- I work as a graphic designer and my sisters: a nurse/educator, small business owner, a medical student, and a field coordinator. Despite being on the path to rich and promising futures, it can all be taken away in any moment. We have already lost several family members, including my uncles and their entire family. There is little hope that the situation will end soon, all of us waiting for our turn next.
- We are looking to seek asylum in Belgium. This campaign will help support us in covering the costs to do so, specifically in covering the evacuation costs per person. Your donation will provide us with the chance to escape the endless horror we've been facing for the last 6 months and give us a chance to return to a safe, normal life again, where we can once again contribute positively to society.
- I understand that this is a challenging time for everyone right now, but please do not underestimate what even £5 can contribute to especially when it all

adds up. It really does make a huge difference. No matter how small the contribution it can still change our entire lives.

-
- Thank you for taking the time to read our story, your support means the world to us. Whether it is simply sharing our campaign or donating, it makes all the difference in the world to us. Your act of kindness can bring light to our darkest days and help us build a better future.
- Thank you once again for all your support and kindness
- With heartfelt gratitude, Sanaa and Sujood

[Help Sara get treatment leave Gaza with her family](#) (GoFundme)

- I'm Sarah and the war is my story
- I'm 23 years old, I have congenital defects in my bones and joints, I had open heart surgery before the war, I was suffering a lot because my movement is limited, but after the war life became very difficult and I couldn't bear it. Everything is difficult to move and sleep. My dream before the war was to go for treatment and see Dr. Hani Abdel Gawad. My father used to pay for my treatment, but everything was destroyed because of the war, my dream was destroyed because of the war, everything that would have made me better was destroyed, please help me.
- My childhood was difficult because I underwent more than 10 orthopedic surgeries and open heart surgery. My pain during the war increases. I cannot live my normal life. Please help me
- When the war started on October 8, the occupation contacted us and the residents of our neighborhood. We who live in the al-Maqusi neighborhood were asked to evacuate immediately, so we fled without thinking. Minutes later, a genocide took place in our neighborhood. We miraculously survived, but our neighborhood was destroyed, and we no longer have a house, it was partially destroyed, and these are pictures of the neighborhood I grew up in, it's a pile of stones.
- The current situation is very difficult, I was displaced with my family three times, once to my uncle, once to my brother's friend, and the last time to Rafah City in a 4×4 room for rent, 8 people sleep in that room, when I sleep I think about whether we will wake up, die, or become pieces and no one will know us. I'm very scared and I don't want to lose any of my family members.
- Despite all this, I'm trying to save my parents from the war in Gaza, that's why I'm currently running a fundraising campaign to raise money

to help them get out of Gaza as soon as possible, I'm trying to save my mom and dad, my older brother and younger sister, my older brother had a newborn baby named Rami and now he is struggling to find milk for him due to the lack of materials in Rafah City, it's up to me to do everything I can to get them out of there and try to move them to the nearest safe haven and this will only happen with your help. I want to leave Gaza City and go to Egypt, knowing that the cost of going to Egypt per person ranges from 5,000 to 7,000 dollars, and my family consists of a large number of 8 people

- We are 8 members every person of us had his life and dreams, each of us dreamed of being safe and stable. Now we don't feel safe and we don't find it anywhere in the Gaza Strip. My father and mother dreamed of seeing us successful, living happily and safely and fulfilling all our dreams
- My older brother got married and has a son whom he wants to protect even with his soul.
- My middle brother recently graduated in September, days before the war, he dreamed and longed to find a job.
- My little sister, in her first year at university, she only went to university for two weeks and her dreams of becoming an accountant were completely destroyed.
- As for me, I had already started my journey of finding myself, so I started a new job and started developing myself in the field of voiceover (cartoon dubbing) specifically.
- All our dreams are on hold, we don't know whether we will be able to complete them or we will continue to suffer from the horrors of war here.
- We were exhausted waiting for the war to end, our house was completely destroyed and burned down.
- We lost all our belongings and personal papers, even our clothes, there was nothing left of the house except rubble.
- We want your help to get out of Gaza please
- We can no longer provide medicine for my mom and dad because they suffer from chronic diseases such as hypertension and diabetes and dad is a heart patient and I, too, my small body can no longer tolerate extreme cold and no longer sleep on the floor due to my condition

- All we dream of is living safely. I hope you can help me and donate even a small amount because it will make a difference. Only your help will protect me and my family. Thank you all from the bottom of my heart for donating and reading my story. I hope to live a beautiful and normal life like everyone else. Thank you.
- My family and I still need your help, if you can't donate, please help me share the link.

[Help me and my brothers flee Gaza](#) (GoFundme)

- Hello my friends
- I'm Said Tanani from Gaza, I'm reaching out to you with a heavy heart and a plea for help getting me and my brothers out of Gaza, Me and my brothers, left our home under the continuous bombardment and artillery strikes, on foot, without carrying with us our personal supplies, our stuff, or even our money, heading from Gaza to Rafah. we lived the most difficult days of our lives in a shelter with scarce resources, sleeping on the ground. Without covers, without drinking a healthy water, without the importance life nessecary.
- By now, many of you may be aware of the dire and heartbreaking situation unfolding in Gaza. It pains me deeply to share that me and my brothers are currently trapped in Gaza amidst relentless bombings, desperately seeking refuge and safety.
- We are currently seeking help to evacuate from Gaza to Egypt looking for a safe and healthy place. But Unfortunately, the costs are exorbitant and change dramatically and unexpectedly by the day, as Israel's grip on the south of Gaza intensifies in the coming days and weeks, the costs will continue to rise as the demand increases and the number of agents operating the evacuation routes drops.
- As of late March the evacuation fee ranges between \$8,000 and \$10,000 per person, before processing and transport fees, and we will pay the higher end of the range since me ,Abadi and Mohammed.
- Any amount raised beyond the total will be used to supplement me & my brothers lives as refugees in Egypt.
- Your donation, no matter how small, will make an impact. You will be contributing to getting my brothers to safety. The funds will be used transparently and every dollar will go towards securing our evacuation.
- Please share this campaign widely to help us reach our goal and bring my brothers to safety. Your support means more than you can imagine and I am

incredibly grateful for any assistance you can provide during this challenging time.

- Thank you for your compassion and generosity.
- Together, we can make change and help my brothers find the safety and security they need.
- With heartfelt gratitude
- Said Tanani.

[Urgent Relief:Evacuate the Qazzaz Family from Gaza](#) (GoFundme)

- Dear beloved friends,
- My name is Nelma, and along with my friend Lina, we are spearheading a fundraising campaign on GoFundMe to evacuate the Qazzaz family. This initiative arises from the unavailability of GoFundMe services in Gaza.
- Hani Al-Qazzaz now lives in extremely perilous conditions, endangering his and his family's lives. They urgently need assistance to evacuate to Egypt and escape the relentless bombing in Gaza.
- Hani, our friend, is a 48-year-old lawyer and human rights advocate who was stable in his job, providing for his small family. We are determined to preserve their lives as innocent civilians who have endured six months of fear, cold, displacement, and loss of home and livelihood. Now, they are enduring severe health issues, especially after their house was bombed, as depicted in the pictures, and they are living in a tent on the street.
- This family's only urgent option is evacuation to Egypt to protect their lives and recover before starting anew.
- The health conditions of the Qazzaz family are dire:
- The grandparents (Hani's parents) suffer from chronic illnesses (high blood pressure, diabetes, heart diseases) and urgently need medical assistance. The children require psychological support and trauma relief. This is Naem, Hani's father who lost his home and health as well.
- We emphasize the necessity of this humanitarian campaign for our friend because Palestinians residing in Gaza cannot seek refuge outside Gaza unless they possess second citizenship or valid visa to another country, or the last option, coordination for refuge in Egypt, which requires exorbitant costs that we can only obtain through this fundraising campaign.
- We urgently need to raise funds to save the lives of Hani and his family. We ask that you donate what you can and share their story on social media to help the Qazzaz family survive and rebuild their lives.
- With your help, Hani and his family will evacuate to Egypt, where his parents will receive the medical care they need. Your contribution, no matter the amount, will make a difference for the Qazzaz family.

- Rest assured, your generous donations will be securely transferred to our European bank account, in accordance with the necessary protocols. Acting on behalf of Hani and his family, we will diligently manage these funds. They will be allocated specifically to cover the essential Egyptian coordination expenses and others (they are all mentioned in the breakdown of expenses), ensuring a safe evacuation of Hani's family from Gaza. Your support is pivotal in making this critical endeavor a reality.
- **Breakdown of the expenses:**
 - 4 x \$5,000 adults (above 16) = 20,000\$
 - 2 x \$2,500 (under 16) = 5000\$
 - (Housing+ food+ clothing+ psychological treatment for children) x 6 months= 14,300\$
 - Medical treatment for the grandmother= 2,700\$
 - Total = 42,000\$.
- GoFundMe charges transaction fee of 2.9% plus \$0.30 per donation _ we are grateful to those who add this to their donation.
- Thank you for your trust and support in this crucial endeavor.

[Helping a Family Get Out Of Gaza \(GoFundme\)](#)

- Hello, I hope you all are doing well!
- My name is Mohamed Monir Ahmad Mahmoud, I'm a hemophilia patient from Gaza. I decided to start this campaign with all the hope that you could support me in evacuating Gaza to do surgery for me and my daughter and start a fresh life with my 5 kids out of the ongoing genocide in Gaza.
- I'm 37 years old and I have been suffering due to the lack of Factor IX in Gaza for years, but since the recent escalation started in Gaza, I didn't have any access to medication or medical care due to the huge number of wounded at the hospital and the destruction of the hospitals that I used to get medicine from (TIKKA Hospital and AlRantisisi Hospital). Besides, I was forced to leave my apartment in Khan Younis due to the bombardment and the Israeli evacuating orders and now I live in a tent in Rafah Streets.
- I was supposed to go out at the end of 2023 to have surgery on my knees but since 7 October, I had no chance due to the procedures on Rafah crossing, the gate of Gazans to the world. Now, my knees and elbows are bleeding with no access to any type of care and if things stand as they are in Gaza, I won't be able to walk or make any effort because of the bleeding (currently I am barely able to set up a small fire in front of the tent to prepare food for my kids).
- The big issue is not me to be honest, it is my elder daughter Sana'a (11 years old), who needs to have surgery on her thigh. She had to do it as soon as

possible because it affects the way she walks. The issue with Sana'a didn't start recently as she was born with it. She went to Jordan, Egypt, and Jerusalem to do surgeries, but it wasn't possible because she needed an advanced medical center that could do surgeries for people who carry the hemophilia gene which she inherited from me.

- I had 4 other kids; 1 girl called Eman 10 years old, and 3 boys; Monir 7 years old, Jameel 5 Years old and Odai 2 years old.
- What I ask is 60,000, for travel costs because each one would need to pay 5,000-8,000\$ to be allowed to leave Gaza through Rafah crossing and we need around 3000\$ more in Egypt for our stay and to obtain visas. We will be heading to Brazil where my brother Diaa lives and there is a huge chance to do the surgeries and access health care as the health care for Hemophilia patients in Brazil is one of the most advanced in the world.
- When we go there, my brother will take care of our stay and our expenses. He also took care of the passports, but since the evacuating costs from Gaza are very high for the whole family, we need your support.
- Thank You in Advance.

[Help evacuate Hamada and Lamis from Gaza](#) (GoGetfunding)

- Hello, this is Hamada (32) & Lamis (25) , a newlywed couple from Gaza, that were married two months before the war.
- We worked in social media marketing, I (Hamada) was also a food blogger covering the food scene in Gaza with various experiences for 7 years.
- We sought to build a beautiful house to live in with an equipped studio to film videos and manage their business.
- On October 7, war broke out in Gaza, and we were displaced three times from Gaza to the south of the Strip. Our house was completely destroyed, our studio was shattered, and we lost all of their furniture, photography equipment that they worked so hard to get.
- Add to that, the majority of Gaza's restaurants, which were our source of livelihood, were also destroyed, and their reconstruction may take years.
- Lamis is currently pregnant and is expected to give birth in four months. Given the ongoing conflict, the childbirth process poses a significant risk to her life due to the absence of anesthesia, limited medical equipment, and the lack of available hospital facilities.

- I and Lamis dream of our child entering the world and living a normal life with us, experiencing a childhood like any other child worldwide.
- I'm also trying to take care after my parents and sisters.
- My father Nizar (63) Mother Majda (58) and my 2 sisters Saba (24) and Haya (20).. all of them are currently taking refuge in the south of Gaza after losing the family home.
- but leaving isn't a cheap solution. The coordination of the exit from the Rafah crossing to Egypt cost around \$6000 per person, in addition to the initial costs until we can settle down and live, and the taxes extracted by this site and paypal
- We created this campaign to help them leave Gaza to search for opportunities to live and work
- Every single dollar raised will contribute to enabling us to start a new, secure life, where they can raise their child in safety and peace.

[Extending Lifeline & evacuating my Family in Gaza](#) (GoFundme)

- 'Once you choose hope,
- anything's possible" ...
- My name is Mohmmmed Alshaer , and my family is stuck in Gaza Strip.
- My family is under bombardment, under danger, they have no food, no drink..
- Please join me in extending a lifeline to my siblings- Iman Alshaer ,, as well as And her children, aged 5-10 years: Nour, Fadi, Ahmed, Layan,Dana , Meera and her husband Riyad.
- (not in moor picture for lack of a better one),
- who are currently trapped in the Gaza Strip amidst the ongoing attacks. We lost our home and became homeless.
- Having been displaced months ago, they now seek refuge in Rafah, located in the southern region of the Gaza Strip.
- As the situation intensifies, the only hope for their safety lies in securing authorization from the Egyptian government, a process that comes with a staggering cost of \$5000 per person.
- With your support, we aim to raise enough funds to grant my family members the chance to escape the horrors of war and find safety in Egypt.

- Your generosity and support will make all the difference in providing my family members with the opportunity to escape the ongoing conflict and find safety.
- Thank you for standing with us in this critical moment of need

[HELP Ezzideen & his Family to EVACUATE Gaza \(GoFundme\)](#)

- **Dear Friends,** I'm Boshra Daoud, and I come to you today with an urgent plea from the depths of my heart. The situation in Gaza has become dire, and my dear friend **Ezzideen Shehab and his family urgently need our help.**
- Ezzideen isn't just a friend; we've shared laughter, dreams, and countless memories together. However, the fear of losing him now haunts me every single day.
- Ezzideen, a brilliant young doctor, returned to Gaza just one week before the war to celebrate his graduation with his family, only to be met with unimaginable tragedy. The loss of 72 family members in the conflict has shattered their lives beyond repair.
- Now, Ezzideen, his parents, siblings, and young brother Mazen are trapped in North Gaza, facing hardships that no family should ever endure. The scarcity of food and soaring prices have made life unbearable for them.
- Their only hope for safety lies in evacuating to Egypt, but they can't do it alone. Each family member's evacuation costs \$5000, and for young Mazen, it's \$2500. We need to raise a total of \$27,500 to get them out of harm's way.
- Additionally, we need \$5000 for their living expenses for the next six months in Egypt and additional funds for passport costs.
- But it's not just about escaping the horrors of war. Ezzideen and his family dream of a peaceful life away from the constant threat of violence. They want to complete their education, pursue their dreams, and build a better future. Ezzideen's parents have worked tirelessly to provide their children with a good education, hoping to see them achieve their goals.
- I'm reaching out to you, dear friends, because I cannot bear the thought of losing Ezzideen. Your support, no matter how small, can make a world of difference to him and his family. Let's unite in compassion and generosity to give them the chance they so desperately need to escape the horrors of Gaza and fulfill their dreams.
- Thank you from the bottom of my heart for your kindness and generosity.
- With heartfelt gratitude, Boshra Daoud

[Help evacuate our family and complete our studying \(GoFundme\)](#)

- We are two siblings from Gaza, two dreamers medical students, suppose to be doctors in the near future unless there's no enough money to pay the university fees, which is 3000 USD\$ per year for the one.
- And that is the reality, my family has lost there only income, my dad had has construction factory, but it is crushed right now by the Israeli army.
- My dad cannot pay us the university fees anymore. But we insist to complete our learning to the end, to be that hero doctors for our beloved Gaza. We are the last hope for our family.
- We study in Egypt at Zagazig University, We are 1st year medical students, 4 years still to go.
- 12,000 USD\$ for the 4 years per one,
- 24,000 USD\$ for both of us.
- And we must pay the fees before the end of the year, otherwise we will pay fine.
- Also, Sadly, since there's no life in Gaza anymore, no schools, no universities, no hospitals, no medications, even no streets to walk in, no clear air, We decided to evacuate our family to be able for them to continue their lives as humans, to get their simplest rights Since there's no jobs, no income, no at least 1\$, They are living on assistance. You are the hope for them, your 1\$ donation is one step toward the life from death.
- We are 6 members family, 3 adults and 3 under 18 2500 USD\$ per child under 18
- 5000 USD\$ per adult
- 22,500 USD\$ for all
- GoFundMe website takes 3% tip
- Bank account also takes tip
- 82,000 CA\$ =59,500 USD\$
- 13,000 CA\$ is tip for GoFundMe
- 1 CA\$= 0.7USD\$
- Sorry for the mathematics, but it is for honesty
- WE APPRECIATE YOUR 1\$ DONATION

[Help My Two Daughters Escape from GAZA WAR](#) (GoFundme)

- Hello everyone..
- **I am Hadeel Mikki from Gaza, Palestine and this is my husband Waseem Mikki, my daughters Mira and Nadia, My mother Tahani Mikki, and my two brothers.**
- Here is our story - Ever since the morning of the 7th of October, none of our lives have been the same. Everything in our lives has been disrupted. The first night since the beginning of the war, our home got partially destroyed because of a very close Israeli strike.
- **Despite the damage, we stayed home for another two weeks until suddenly and without preparation, we were told to evacuate our homes and we'd be in danger.** From this moment our endless journey of suffering and pain began.
- **Throughout this journey, we later Knew that our home of three floors where my family and my uncle-in-law family live. My uncle family of 5 members did not leave our home and it has got bombed directly and completely destroyed and all of them were martyred.**
- **My father-in-law his heart could not bear all this pain and all this grief; so he got sick.** He found himself living the darkest of realities and through the scarcity of medicine and **lack of medical resources in the hospitals, he passed away.**
- **My husband, Waseem, was very sad, and my daughters missed their grandfather, who used to play with them and bring them toys.**
- **The situation was very difficult for my children, and my eldest daughter, Mira, kept crying and wanted to go and see her grandfather, and she did not realize that he had gone and would never return.**
- **So we moved in with my husband, children, and I, full of great sadness, with my mother and two brothers, who are the only survivors of my family;** They are all that I have left, and I hope that we will all escape with our lives outside of war and destruction, and that my children will survive. We do not want to lose them.
- Our future has become unknown, our present is unbearable, unlivable by human standards. We're stuck in a harsh reality each moment. We live in a constant state of sounds of explosions, bullets raining down on us, artillery shells, and warplanes dropping destructive missiles on us every day.

- In addition to our ongoing suffering to this day: lack of resources, humanitarian aid, medicine, and food. We can barely find food for my girls, as they eat one meal during the day and spend the rest of the day crying.
- This is my daughters enjoying a life before 7th October.
- But now my princess Mira stay alone all the time remember her previous life, her school, her friends, our beautiful life, and all places we were visited with Mira and Nadia as a beautiful family and still cry I need my school, I need my friends, I need my toys.
- **This is the cry of a mother and father. We hope that our children will be given the opportunity to live in peace and security and have access to food and a safe life like the rest of the children of the world everywhere.**
- Maybe this fundraising effort is like a beacon in the darkness, our sole source of hope that we hold onto tightly. I urge the world to listen to my plea and the sorrowful cries of my Gaza kin. We desperately require the helping hand that can dry our tears and lead us to safety.
- Your contribution is more than just money; it's a chance to reconstruct life and illuminate a brighter future. Join us in shaping a tale of hope, as we rely on your support to begin afresh.
- **The purpose of the fundraising campaign**
- The objective of this fundraising drive is to secure the passage of my family, comprising my husband, two daughters, mother, two brothers, and myself, through the Rafah Crossing to Egypt. Presently, this journey necessitates £5000 per person. This campaign stands as our sole opportunity for survival, and I earnestly implore your aid during this pivotal juncture. Rest assured, I will furnish you with a detailed breakdown of the expenses, vowing transparency, and lucidity throughout.
- **Breakdown of Expenses**
- • **Rafah/Egypt crossing: €5000** per person (a total of **€25,000** for five adult family members)
- **€2,500** per child (a total of **€5,000** for two children family members)
- • **Minimum living costs: €5000**
- **Thank you for your kindness and support.**
- **Hadeel Mikki**

[Amira's Story: Between Hope and Resilience - A Call for Soli](#)
(GoFundme)

- When sorrow and difficulties strike hard, hope becomes the lone star in the dark sky. This is the story of Amira, a 23-year-old girl who found herself bearing the burden of her family after her father's death three years ago due to the coronavirus.
