

**Application Form**  
**Earth Futures Undergraduate Frontier Fellows Program**  
**Summer 2024 and Academic Year 2024-2025**

Please fill out the following information in order to apply for an EFI Frontier Fellowship. Use additional blank pages for prompts one through eight, and number each answer accordingly.

**Student information:**

**Name and pronouns:**

**Email:**

**Cell phone:**

**College:**

**Major or intended major:**

**Present year of study (freshman, sophomore, etc.):**

**Expected graduation date:**

**Faculty advisor #1 information:**

**Name:**

**Email:**

**Cell phone:**

**UCSC department:**

**Faculty advisor #2 information:**

**Name:**

**Email:**

**Cell phone:**

**UCSC department:**

**Faculty advisor #3 information:** replicate for additional faculty

**Name:**

**Email:**

**Cell phone:**

**UCSC department:**

**Other project personnel, if any (e.g., graduate students, postdocs) and their names and emails:**

**Title:**

---

(Title should be 15 words or less)

**1) Project description (approx 300 words):** What will the project consist of? What are the goals? What will the student do? What are the deliverables?

**2) Project importance:** What is the impact? How will results be promulgated?

**3) Relevance to EFI:** Why should this project be supported by the Earth Futures Institute (please read our mission statement on the EFI website <https://earthfutures.sites.ucsc.edu>)?

**4) Originality:** Has this idea been thought of before, or is it new? How does it fit within the history of the field?

**5) Interdisciplinary nature:** How is the project consonant with EFI's strategy of viewing Earth's future through multiple disciplinary lenses?

**6) Feasibility:** Is it likely that the project, as envisioned, can be completed with the available time and resources? Are there foreseen obstacles, and how will you deal with them?

**7) Faculty commitment:** Are faculty with the required expertise available and committed to the success of the project? What are faculty roles?

**8) Additional required elements:** Are there any additional requirements (e.g., equipment, materials, databases, permissions, laboratory access, studio time for artists, other participants, etc.), and are all of them in hand?

**Signatures:** These certify that this proposal has been read and is supported by the student and all participating faculty. Electronic images of signatures are acceptable. Please place them in the spaces below.

**Student:**

Name, Signature:

**Faculty advisor #1:**
