Dear Midview Staff and Families,

It's almost time to return to campus so enjoy the last parts of summer before we kick off our return for the 21-22 school year. If you've been on campus you know that fall sports are in full gear, our band is tuning up, our maintenance/custodial staff are finalizing building cleanings and improvements, and administrators and secretaries have returned.

As you know from my many updates last year, we worked very hard on open and transparent communication. We are still very focused on making sure staff and parents have all the information they need to stay up to date and connected with district procedures and events. ***There is an entire section below that outlines all the ways to get information.***

After a couple more meetings with the health department, our reopening plan from June has been updated. ***Please review the link below to access the reopening plan*** and as always, feel free to reach out with any questions (**bwillingham@midviewk12.org** or 440-748-5307).
