

Call for Abstracts

WINTER SATELLITE WORKSHOP ❄️

19-21. January 2027

Messukeskus Siipi, Helsinki, Finland

Winter Satellite Workshop invites scientists, engineers, policy makers and students worldwide to submit abstracts for oral and poster presentations at the upcoming **9th Winter Satellite Workshop** conference, organized by Aalto University, Centre of Excellence in Space Resilience, Spaceconomy consortium, Finnish Remote Sensing Club, Finnish COSPAR and many other collaborators.

The Annual Winter Satellite Workshop will bring together thousands of researchers, engineers, policy makers, entrepreneurs and students all over Europe. Participation in the conference is **free of charge**.

Contributions are welcome in all areas of space research, including space science, astronomy, space technology, exploration, and applications. All abstracts are submitted via <https://spaceworkshop.fi> webpage and evaluated by the Program Committee.

The Conference features extensive **Space Business EXPO**, meetings, round tables, workshops and pitch competitions, student events and many other activities.

Abstract submission deadline: 15.10.2026

Notification of acceptance: 1.11.2026

Program publication: 1.12.2026

Conference: 19 - 21.1.2027

Collaboration day: 22.1.2027

Join us to shape the future of space!
