

Aktivate Registration Instruction Video

- Please register your athlete for any/all sports they plan to try out for.
- Dallas ISD ID number and Government Name must be used in the system. Failure to do so can delay processing on forms etc. and make it impossible for our staff to find the athlete to add them to rosters. There will be a place on the registration for nicknames an Athlete prefers to use if they go by a different name.
- All parents/Guardians will now upload their Student-Athletes physical(s). We will no longer hand in paper physicals to athletic(s) Staff. Once the physical is uploaded it will send an approval request to Christian and I. We will either Approve or Deny the physical in the system.
