

Movie Notes for:

“Angry Red Planet”

1. Today I watched "The Angry Red Planet" from 1959.
2. Start off at the Pentagon.
3. This is definitely the Pentagon and not a movie set.
4. The X1 has been spotted, but we don't have radio contact.
5. The ship has priceless information collected from Mars.
6. We can radio control it.
7. What if someone is alive?
8. The radio control will submit the ship to 5 gs.
9. That could be dangerous!
10. Off to Nevada to get this rocket down.
11. We are getting it on the radar range...
12. Activate in 1 minute!
13. Switching...
14. Lots of old high tech equipment like things.
15. Countdown!
16. Fire!
17. Anything? Anything?
18. It is moving. So, there is fuel aboard!
19. Landing at 9:12pm!
20. Is the crew alive?
21. Will it burn up? What is up with the crew of four.
22. Lots of PhDs on that ship.
23. I want every light poured onto that field!
24. Down comes the flying coffin.
25. How's the radiation?
26. Don't approach unless ordered.
27. Landing at night in the dark...
28. That answers the fuel question.
29. Guys in suits, start your radiation checks.
30. It's only a model (or an oil painting)
31. Open the airlock.
32. The "girl" is still alive?
33. Everyone lets go in!
34. Bring in the stretcher!
35. Who is it?
36. He's dead?
37. Now at the hospital.
38. That growth? Don't worry about it?

39. The girl is our only hope.
40. We have little time, or the planet will be eaten by the blob.
41. What happened to him?
42. I can't remember. Right!
43. Start at the very beginning...
44. I was born in...
45. Not that far back.
46. We got radiation off the charts...
47. It's a meteor...
48. Just passed right by.
49. Mars has two moons...
50. Condition A.
51. You're on course and on schedule.
52. When I was a kid I had a dog.
53. Everyone loves the woman.
54. Love interest acknowledged.
55. Still condition A
56. Looks about half way.
57. We have a movie title!
58. We have a 50s movie -- sexism...
59. Foreshadowing comic book...
60. 29 days...
61. A little perfume behind the ears. Everyone noticed.
62. Computer tapes are being stored. Are they checked?
63. 47 days and they are at Mars.
64. It's good that the ship is huge.
65. Don't buckle up...
66. It is almost like they are on a set and not in a rocket.
67. Red camera effect ... on!
68. Microphones are hot!
69. With all the vegetation...
70. A little story about Native Americans
71. A tray of test tubes was dropped.
72. She's got her purse, out they go!
73. Something has got to move?
74. No breezes on Mars?
75. Could it be controlled?
76. We'll all go out.
77. We're all afraid of the unknown.
78. All fashion designers are women haters.
79. She spots a Martian in the window.
80. What about aqua-synthesis?
81. We don't know what we are fighting.
82. Use the drugs. We cannot wait.

83. We happen to have it right here.
84. And we're back in memories.
85. 3 eyed monster!
86. You don't believe it?
87. Everyone into the danger zone!
88. We have red and black movie now!
89. I am glad NASA put protocols in place...
90. Oxygen check.
91. Use the freeze gun on that plant.
92. The earthers fired first!
93. A photographer photographing.
94. Look at this plant-like thing.
95. Following the tendril leads to a ... grabbing monster.
96. She wraps herself up.
97. That is the slowest crew ever.
98. Freeze gun away!
99. It is a giant venus flytrap.
100. Neuromuscular structures...
101. Back to the ship.
102. Instamatic film!
103. I believe we're being watched.
104. Super intelligent community mind -- like ants.
105. The radio waves aren't going through.
106. We are taking the entire time no matter what.
107. Look it is sunrise -- it looks angry.
108. Now the machete, the Eathers were just asking for it.
109. It's only a painting.
110. I'll hack some off .. it is a giant spider bat!
111. Blind! It's blind!
112. 40 feet high!
113. Exploration must go on.
114. We have found a lake!
115. Probably nothing in there.
116. Don't go in, we should check it for radiation before swimming.
117. We'll take a boat across the lake tomorrow.
118. Back to this ship.
119. We have come to a decision.
120. We are leaving tonight, because of danger.
121. Strap in and we're blasting off.
122. Dramatic lighting -- er -- instrument lights.
123. That fast countdown resulted in ... nothing.
124. We're stuck.
125. We are in a force field.
126. The control.

127. It's the waiting that's the hardest part.
128. The gravitational pull is 100 times what it should be, but it only affects the ship.
129. We are crossing the lake.
130. Tom, what do you make of this?
131. Buildings that were made.
132. At least 1/2 mile tall.
133. Pay no attention to that sea monster.
134. Up from the depths ...
135. Paddle! Leave the boat!
136. It ate the boat! and is growing.
137. Down goes Brooklyn!
138. If the door was a safety, why fire while it was so close?
139. It has engulfed the ship.
140. It is a giant space amoeba.
141. It has engulfed us.
142. How do we get rid of it?
143. We will shock it.
144. What is the plan?
145. I will shock it using the outer hull.
146. We'll do it.
147. We'll know soon enough.
148. It's done it.
149. Just a little heart attack. Nothing to worry about.
150. We give you this warning. Listen and remember.
151. He's dead Iris.
152. Still on the ship I guess.
153. Tom's got slimed!
154. Emergency amputation seems to be in order...
155. I'm only a woman, I can't rewire it.
156. and we're back.
157. What was the warning?
158. Last tape... hmmm.
159. Now we know what we're fighting. We have a chance.
160. I'll get to it at the biological lab.
161. Again, no one thought of amputation...
162. Tom, you're in for a shock.
163. Broadway is waiting.
164. And now, the last tape.
165. We have watched you, and learned.
166. You have invaded our home.
167. Do not return to Mars. Go now!
168. You rang?
