

Email CV : alankrit.utkarsh@briefly.co.in

Skills

- NodeJs
- MongoDB
- React.js
- ExpressJs
- React Native

- MySQL
- API
- Javascript
- AWS
- CSS

As the Fullstack Developer you will have to absorb and perform the following

- **Full Stack-App Development** - Node js, Reactjs, React Native, Mongoddb, MySQL, Express, HTML, CSS, Angular
- Enhancement of MVP with a modular system design
- Very good understanding of data structures and algorithms
- Past project experience is mandatory.
- Problem solving skills – Being able to break problems into smaller bits and being able to estimate resources (time, money, efforts, etc.) for completion
- Ownership mindset – You shouldn't require monitoring and you should be able to leverage the freedom given to you to create high value to the company and yourself as a professional
- Develop technical aspects of the company's strategy to ensure alignment with its business goals
- Discover and implement new technologies that yield competitive advantage
- Help departments use technology profitably
- Supervise system infrastructure to ensure functionality and efficiency
- Build quality assurance and data protection processes
- Monitor KPIs and IT budgets to assess technological performance
- Use stakeholders' feedback to inform necessary improvements and adjustments to technology
- Communicate technology strategy to partners and investors

Non Technicalities, but MUSTs:

- Patience & Perseverance. (great things don't happen overnight)
- A long term mission rather than a short adventure.

- Passion for entrepreneurship. (founders are a different breed)
- Energetic with a go-getter attitude. (we only do impossible things)
- A lifelong evolver who implements diverse learnings
- Never give up attitude. (We simply can't)
- Ready to work full-time. (We go all-in)

Hiring Process

- 1 Technical Call + 1 Culture Call - Immediate Closure

About the Company - Briefly

Briefly, World's largest & smartest marketplace & matchmaker in the Field of 360 Marketing, Technology & Production

[Website & LinkedIn](#)

Preseed Funded by the Lenskart Management, Former Sr. VP of Energous Corporation & a few more)

At Briefly, we are reimagining the way companies search for marketing resources, agencies showcase their services, and how the two come together to find each other on a single platform. To put it in short: we are working towards facilitating the smoothest running relationships in the Marketing Industry and our mission is to reduce the effort & cost involved in finding the right marketing partner for companies & help agencies grow their clientele portfolio.

Soon to be a rare opportunity for technical experts to join a 0-1 stage startup backed by Industry Experts with an outstanding management team. Raw prototype has had amazing results, targeting an immediate \$100B+ Market, enabling tremendous value creation in a short time for a strong technologist.

Can you conceptualize and construct the platform from the ground up? Can you make our product stronger? Can you transform our user journey to be something path-breaking? Can you take our vision and bring it to life – bigger and better than what we could have imagined without your inputs?
