A note from the camp

Bed bugs have become increasingly prevalent in and around Raleigh-Durham, so we are extremely proactive in our attention to this matter. Please share with your group participants/parents the following packing/travel tips:

1. Prior to packing for the retreat, all bedding and pillows should be washed and dried for 20 minutes on high and checked.
2. If you're bringing a sleeping bag, please inspect prior to departure for the retreat.
3. We encourage everyone to bring a trash bag with them to store all of their clothing (dirty or not), and bedding for their trip back home. When at home, wash clothes immediately. If you are unable to do that you can leave the bag, shoes, and luggage in the hot sun for a few hours, or put everything in a hot dryer until you are able to launder them.
